7. Appearance by Citizens

Jocelyn Staiger thanked the Committee for all their work on behalf of the community. Ms. Staiger suggested collecting data from vacationers – is there way for hotels and vacation companies to steer guests to take the survey in their lobby? Mr. Gant replied the Committee has tried with e-mail through the HOA in condo complexes and timeshares with little response.

Mr. George Paletta thanked the Committee for all their work. Mr. Paletta said that 95% of the community forum attendees have not attended a Circle to Circle meeting and therefore they do not know about the costs and impact to the area. Mr. Paletta stated this area is a seasonal hot spot and residential development will increase traffic and parking problems. Make the north-end beaches beautiful and we can eliminate some traffic problems.

Ms. Heather Rath thanked the Committee for their work. Ms. Rath suggested using an e-blast to receive input from the younger generation regarding the north-end beaches, parking structures and transportation.
