

MEMORANDUM

To: Steve Riley, Town Manager
From: Susan Simmons, Director of Finance
Date: September 14, 2015
RE: **FY 2015 Financial Statements – Preliminary/Unaudited**

General Overview

Please note that these are preliminary year-end statements. The attached statements represent entries posted through September 10th to fiscal year 2015. The Town’s accrual policy is 60 days and the financial statement audit will occur in October and November of this year. Therefore, several balances are anticipated to change in the final and audited statements as we post annual year-end adjustments such as the allowance for doubtful EMS accounts. Town revenue reflects a positive trend. Revenues associated with tourism and real estate related revenues have increased over the previous fiscal year.

Real estate related revenues, especially construction permits and real estate transfer fees, are 2% greater than last fiscal year. This positive trend is reflected in the 3% increase in real estate transfer fees. Construction permits are flat from the prior year, which actually reflect strong activity in both the current and comparative prior year.

	<u>RETF</u>			<u>Construction Permits</u>			<u>Total</u>		
	Received	\$ Change	% Change	Received	\$ Change	% Change	Received	\$ Change	% Change
FY 2014	2,468,881			1,377,939			3,846,820		
FY 2015	2,534,932	66,051	3%	1,380,846	2,907	0%	3,915,778	68,958	2%

While tourism-driven revenues report 9-10% increases over the prior year, it is also important to note that the dollar level of these revenues have rebounded to surpass all historical fiscal year heights. Currently, revenues from these sources are 9% higher than final amounts for the previous fiscal year.

	<u>Local ATAX/ Beach Preservation Fees</u>			<u>Hospitality Tax</u>			<u>Total</u>		
	Received	\$ Change	% Change	Received	\$ Change	% Change	Received	\$ Change	% Change
FY 2014	8,396,348			5,633,430			14,029,778		
FY 2015	9,205,018	808,670	10%	6,155,004	521,574	9%	15,360,022	1,330,244	9%

Increased tourism and the Town’s concentrated efforts for the home and villa ATAX project are the primary drivers in the 10% increase in Local Accommodations Tax/Beach Preservation Fee revenue.

General Fund Summary

Through June, the General Fund has received \$36.8 million or 101% of budgeted revenues and transfers in. The Town has received most of its property taxes at the end of June and is at 100% of projected revenues. Business license revenues including those received during the 60 day accrual period brought the actual amount to \$8.4 million, well over budgeted revenues. While final adjustments may be necessary, the final amount should still exceed budget. At June 30, 2015 preliminary yearend, total revenues and transfers in received to-date are \$2,973,886 more than June 30 of last fiscal year.

Expenditures-to-date are \$35.4 million or 93% of budgeted expenditures. Prudent spending by all departments, vacancies, and started/planned projects not finished by yearend account for the 93% expended amount. Some departments will request rollover of funds to fiscal year 2016 to complete their projects. Current fiscal year expenditures are \$2,193,768 more than last fiscal year.

Most variances in the General Fund are as anticipated. A few have been explained in the budget to actual statement or on the revenue analysis charts. The net change in the General Fund is presented at \$1,454,174. General Fund actual versus prior year revenue and expenditures are presented as a Dashboard display on the Town’s external website.

Debt Service Fund

The Debt Service Fund has receipted \$17.6 million in revenues and transfers in and paid \$18.7 million in debt service costs. Debt service costs exceeded revenues and transfers in by \$1,019,955. In fiscal year 2013, the Town issued general obligation bonds at a premium. These prior year funds are being used to cover the current year’s debt service.

Capital Projects Fund

Summary balances for the Capital Project Fund are as follows:

	FY 2015
	Actual
Revenues	\$ 2,342,723
Transfers In	5,486,756
Capital Outlays	(10,324,106)
Transfers Out	(1,024,150)
Net Change in Fund Balance	<u>\$ (3,518,777)</u>

The decrease in fund balance was budgeted and reflects the use of prior year revenues and bond proceeds issued in prior years for current year projects.

Major projects/expenditures that occurred during the fiscal year are as follows:

- Shelter Cove Community Park \$1,991,845
- Rowing & Sailing Center \$ 952,300

- U.S. 278 Pathways from Fresh Market Shoppes to Shelter Cove \$ 950,324
- Mathews Drive/Chaplin Area Connectivity \$873,070
- Marshland Road Roundabout \$757,893
- Office Park Road/USCB project \$1,838,539
- Island-wide Beach Renourishment \$575,358
- Fire Station #6 Replacement \$325,198

A - The State of South Carolina continues to collect and remit one-time accommodations tax settlements from online travel agencies as well as correct prior periods for businesses who remitted their funds but miscoded them to other tax jurisdictions. Town staff continues to work with SCDOR to ensure the Town receives its correct amounts.

B - Addressed previously in this cover letter

C - All FY 2014 actual amounts are final while FY 2015 amounts have additional accruals to be posted.

D - Increases and decreases occur due to general fluctuations in the weather from year to year.

Stormwater Utility Fund

The attached statements related to the Business Type Activity – Stormwater are presented on the modified accrual basis of accounting. This basis reflects the very close result between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town’s *Comprehensive Annual Financial Report*.

Key:

RC - Addressed in Revenue Charts

CL - Addressed in Cover Letter

- A - Year-end allowance for doubtful accounts to reduce revenues is not yet posted which will make this comparable to prior year.
- B - Increase over prior year is due to more IT system and security camera operating and maintenance costs. A significant part of the unused current year budget will be rolled to fiscal year 2016 for projects encumbered and planned but not complete at yearend.
- C - Town's recycling franchise terminated during fiscal year 2014.
- D - Increase over prior year due to purchase of equipment upgrade in Council Chambers and a new vehicle.
- E - Variance due to vacancies.
- F - Decrease over prior year due to LMO Rewrite consulting services provided in FY14. Some of unused current budget will be rolled to fiscal year 2016 for ongoing projects such as Circle to Circle Committee.
- G - Increase is a result of a large shift in roadway maintainance expenditure from the Capital projects Fund to the General Fund in FY15. A significant part of the unused current year budget will be rolled to fiscal year 2016 for projects encumbered and planned but not complete at yearend.
- H - Increase is a result of a large quarterly payment from the prior fiscal year (including the fine) from a rental management company.
- I - Decrease due to Town's coordinator with Palmetto Electric Franchise being vacant for part of this fiscal year.
- J - not used
- K - Fire Rescue breathing apparatus equipment accounts for the entire increase over the prior year.

The negative revenue in December of 2012 is attributable to suspended invoice billing associated with the implementation of new EMS Billing software. For several months beginning in February of 2013, revenues will be higher as staff catches up billing in the new software.

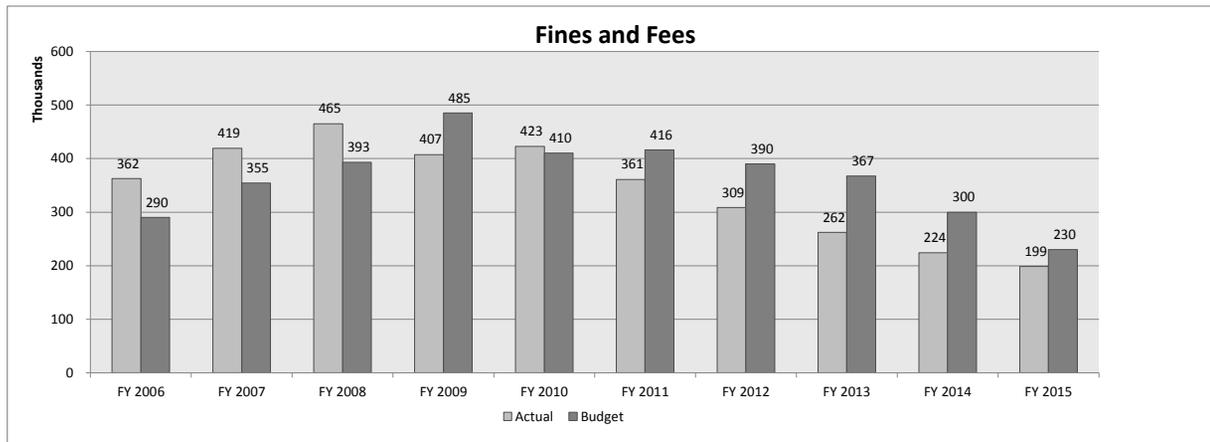

The negative revenues in June of 2013 and 2014 are attributable to an increase in the estimated uncollectible EMS revenue. The increase is associated with the implementation of the new billing software and the phase-out of the old software, i.e. the "clean up" of the old records is responsible for the majority of this increase.

The decreases in June in the latter years represent the annual entry for allowances for doubtful accounts receivable. Staff has cleaned up and sent all outstanding balances in the old system to the SCDOR Debt Setoff program. Therefore in fiscal year 2014, we increased the allowance to cover most of these balances as well as created an allowance account in the new billing system.

The decreases in the first quarter of FY15 over FY14 represent a more normalized collection cycle. In FY14, the Town was catching up collections due to the implementation of new billing software.
