RE: FY 2016 Financial Statements – Through August (2nd period)

General Overview

The attached financial statements represent the activity for the second month of the fiscal year. As anticipated, there is very little activity on the revenue side as the majority of revenue collected in July and August is attributable to fiscal year 2015. The expenditures are in line with expectations through two months of the fiscal year, with a significant portion being personnel costs which are incurred evenly throughout the year.

Real estate-related revenues, namely construction permits and real estate transfer fees are 59% greater than last fiscal year. While these revenues appear to be in a pattern of continuing increases, there are also period increase anomalies in both categories. First, the real estate transfer fees reported a very strong August, likely driven by a good summer of real estate activity. The current percentage increase of 22% will likely average back out to a 5-10% increase over the entire year. Secondly, construction permits are 151% higher than the prior year, related to permits issued for large projects at Adventure Inn and Bayshore Retirement.

	<u>RET</u>			<u>Construction Permits</u>			<u>Total</u>		
	Received	\$ Change	% Change	Received	\$ Change	% Change	Received	\$ Change	% Change
FY 2015	420,813			167,435			588,248		
FY 2016	513,597	92,784	22%	420,870	253,435	151%	934,467	346,219	59%

Currently, tourism-driven revenues report a 7% increase over the prior year, led by a very strong 12% increase in hospitality tax. The hospitality industry in Hilton Head continues to outpace other parts of the economy through the fall.

The Town collects most Local ATAX/Beach Preservation Fees on a quarterly basis but encourages businesses that desire or need the structure of remitting on a monthly basis to do so. Through August, no quarterly required remittances have occurred; therefore, it is not appropriate to draw conclusions from the 1% increase regarding a longer-term trend. Town staff anticipates a modest (3-5%) increase through the end of the calendar year for accommodations taxes.

General Fund Summary

Through August, the Town's General Fund revenues and transfers in total \$1.1 million or 3% of budgeted revenues and transfers in. This level is anticipated as the Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in May and June for license renewals. Through August, total revenues and transfers in received to-date are \$292,871 more than the same period last fiscal year.

With 17% of the year lapsed at the end of August, expenditures-to-date are \$4.4 million or 11% of budgeted expenditures. Current fiscal year expenditures are \$256,283 less than last fiscal year. Most variances in the General Fund are as anticipated. A few have been explained in the budget to actual statement or on the revenue analysis charts.

The net change in the General Fund is presented at \$(3,286,989), which is anticipated because as noted above, the Town receives the majority of its revenues in January for property taxes and May/June for business licenses. General Fund actual versus prior year revenue and expenditures are presented as a Dashboard display on the Town's external website.

Debt Service Fund

The majority of the expenditures recorded through August in the Debt Service Fund are related to the required prepayment of the full year's bond payments funded by the Beach Preservation Fees. These payments included both principal and interest.

Capital Projects Fund

Summary balances for the Capital Project Fund are as follows:

	Actual
Revenues	\$ 1,064,495
Transfers In	1,258,506
Capital Outlays	(986,187)
Transfers Out	-
Net Change in Fund Balance	<u><u>\$ 1,336,814</u></u>

The \$1.3 million increase in fund balance is mostly a result of the \$1.0 million sale of land at Pineland Station. The **net** proceeds will be transferred to the Hilton Head Economic Development Corporation to establish an economic development incentive fund.

Major projects/expenditures that have occurred fiscal year-to-date follow:

- Gumtree Road Area Sewer \$166,918
- Office Park Road/USCB project \$688,031

Other Revenues

The chart below reflects the Town's other governmental funds and the revenues received this fiscal year in comparison to the same time last fiscal year. Material variances, when applicable, are also explained.

Stormwater Utility Fund

The attached statements related to the Business Type Activity – Stormwater are presented on the modified accrual basis of accounting. This basis reflects the very close result between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's *Comprehensive Annual Financial Report*.

As with the governmental funds, this fund has minimal revenue and expense activity in the first two months, with personnel costs being a significant portion.

Dashboards

The General Fund dashboards found on the Town's website present a full year for fiscal years 2014 and preliminary/ unaudited 2015 and year-to-date for fiscal year 2016.

The negative revenue in December of 2012 is attributable to suspended invoice billing associated with the implementation of new EMS Billing software. For several months beginning in February of 2013, revenues will be higher as staff catches up billing in the new software.

The negative revenues in June of 2013 and 2014 are attributable to an increase in the estimated uncollectible EMS revenue. The increase is associated with the implementation of the new billing software and the phase-out of the old software, i.e. the "clean up" of the old records is responsible for the majority of this increase.

The decreases in June in the latter years represent the annual entry for allowances for doubtful accounts receivable. Staff has cleaned up and sent all outstanding balances in the old system to the SCDOR Debt Setoff program. Therefore in fiscal year 2014, we increased the allowance to cover most of these balances as well as created an allowance account in the new billing system.

The decreases in the first quarter of FY15 over FY14 represent a more normalized collection cycle. In FY14, the Town was catching up collections due to the implementation of new billing software.

In March of 2012, a cumulative receivable from Beaufort County for \$ 325,789 was written off. This related to a settlement reached with the County regarding the method used to calculate these revenues.

In June & July of 2015, Beaufort County reclaimed several overpaid tax increment financing taxes causing a net decrease in revenues for the month.
