#### **Transmittal Letter**

For The Fiscal Year Ended June 30, 2022 The Town of Hilton Head Island, South Carolina

December 15, 2022

The Honorable Mayor, Members of the Town Council, and Citizens of the Town of Hilton Head Island, South Carolina:

The Annual Comprehensive Financial Report of the Town of Hilton Head Island, South Carolina, (the Town) for the fiscal year ended June 30, 2022, is submitted in accordance with South Carolina Code Ann., Section 5-7-240 that requires an annual audit of the books of account and financial records of the Town. Management assumes full responsibility for the completeness and reliability of all information presented in this report, based upon a comprehensive framework of internal control that it established for this purpose. Because the cost of internal controls should not outweigh their anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

In relation to the Town of Hilton Head Island's financial statements being presented fairly and in accordance with generally accepted accounting principles, Greene Finney Cauley, LLC, has issued an unmodified ("clean") opinion for the year ended June 30, 2022. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

#### Town of Hilton Head Island Profile

The Town of Hilton Head Island, incorporated in 1983, is a barrier island on the Atlantic coast of South Carolina. The Island is located about 30 miles from Savannah, Georgia, and about 90 miles from Charleston, South Carolina. Approximately 54 square miles in area, the Island is about 12 miles long and 5 miles wide. A four-lane bridge over the Intercoastal Waterway connects the Island with the mainland. The Town has jurisdiction over the entire Island except for Mariner's Cove, Blue Heron Point, and Windmill Harbor. The Town is empowered to levy a property tax on both real and personal property located within its boundaries.

The Town of Hilton Head Island operates under the council-manager form of government. Policy-making and legislative authority are vested in a governing council (Council) consisting of a mayor and six (6) other members. The Council appoints the government's manager, who in turn appoints the heads of the various departments. The mayor and each member of council shall be elected for a term of office of four (4) years.

The annual budget serves as the foundation for the Town of Hilton Head Island's financial planning and control. The Town Council formally adopts the budget and legally allocates, or appropriates, available monies for the Town's various funds. Therefore, these funds have appropriated budgets, and budget to actual information is presented. At the first Council meeting in May, the Town Manager submits to the Town Council

a proposed budget for the fiscal year commencing the following July 1. Town Council budget workshops are held for each budgeted fund to discuss proposed expenditures and the means of financing them. A public hearing is held prior to the budget's final adoption in order to obtain taxpayer comments. In June, the budget is legally enacted through passage of an ordinance. The ordinance sets the limit for expenditures during the fiscal year.

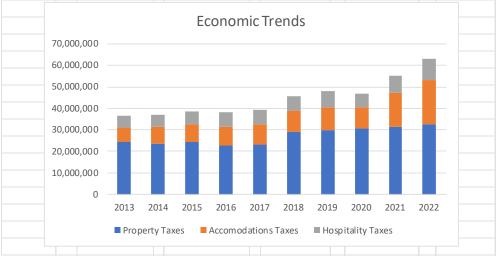

The expenditure appropriations in the adopted budget are by department. The maximum legal expenditure permitted for the fiscal year is the total budget as adopted. Departmental appropriations may be amended during the year in accordance with the budget amendment policies included in the current budget document.

#### Local Economy

Tourism is the largest industry in the Island's economy. There are approximately 3.0 million visitors annually. It hosts a major sports event in the Heritage golf tournament. The Island has established world-class accommodations. The peak summer population is approximately 150,000.

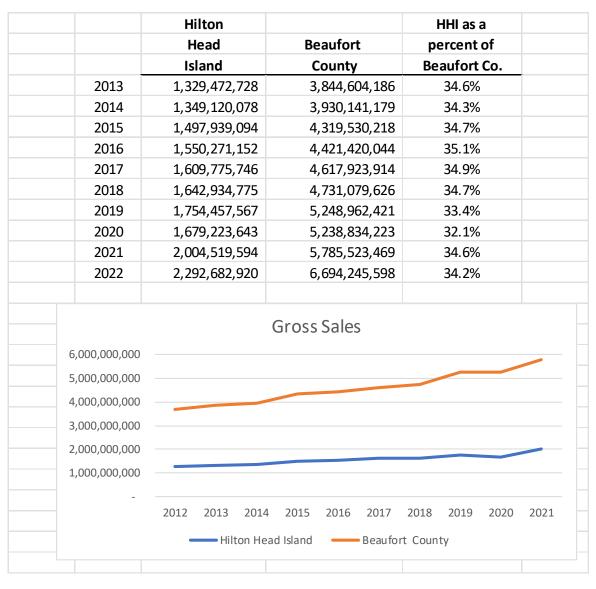

The Town has emerged successfully from the effects and response to Hurricane Matthew. The Town has also successfully managed through the COVID-19 pandemic. Accommodations taxes – which are based on room rentals and Hospitality taxes – which are based on sales of prepared food and beverages both again had record collections for 2022. Another measure of the strength is property tax collections – which are based on property values and millage rates – also had record collections without an increase in millage rate for 2022. Hilton Head Island has seen a significant rebound from the initial COVID-19 slowdown to stronger than ever. Hilton Head is growing and our neighbors are growing as well – which is good for all of us in our regional economy.

|      | Property   | Accomodations | Hospitality |            | Percentage |
|------|------------|---------------|-------------|------------|------------|
|      | Taxes      | Taxes         | Taxes       | Total      | Change     |

| 2015 | 24,158,786 | 8,361,794     | 6,155,004   | 38,675,584 | 4.6%       |
| 2016 | 22,576,837 | 8,940,834     | 6,506,306   | 38,023,977 | -1.7%      |
| 2017 | 23,111,039 | 9,561,791     | 6,661,873   | 39,334,703 | 3.4%       |
| 2018 | 29,094,854 | 9,863,909     | 6,867,787   | 45,826,550 | 16.5%      |
| 2019 | 29,824,023 | 10,620,098    | 7,545,767   | 47,989,888 | 4.7%       |
| 2020 | 30,508,737 | 10,032,022    | 6,284,461   | 46,825,220 | -2.4%      |
| 2021 | 31,512,116 | 15,745,380    | 8,051,256   | 55,308,752 | 18.1%      |
| 2022 | 32,690,057 | 20,595,819    | 9,907,025   | 63,192,901 | 14.3%      |
|      |            |               |             |            |            |

#### Local Economy (continued)

The local economy also noted record sales for both Hilton Head Island and Beaufort County in 2022 as another indicator of the growth and economic health of the region.

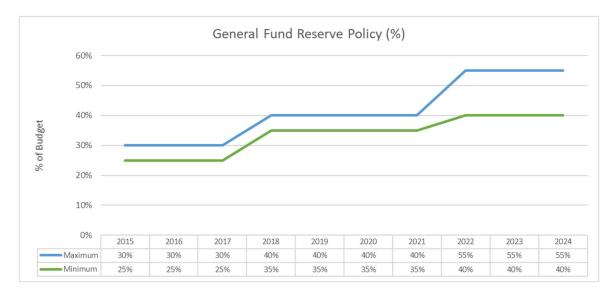

#### Long Term Financial Planning

The Town of Hilton Head Island's three-year financial plan is based upon sound financial reserves and conservative revenue forecasts and limiting future expenditures for the foreseeable future. As the Town approaches build out, mainland development, and the national economy will be ongoing challenges for the Town as it strives to maintain its continued commitment to providing the highest quality essential services to the citizens of this community. The Finance Department plays a pivotal role in maintaining and recommending enhancements to the financial plan elements to ensure the continued fiscal stability of the Town. Achieving and maintaining fiscal stability requires many elements all working in concert with one another. The following identifies key elements of our financial plan.

#### Adopted Financial Policies

Financial policies establish the framework for the Town's overall fiscal planning and management. They set forth guidelines against which current budgetary performance can be measured and proposals for future programs can be evaluated. These policies set the tone for all fiscal decisions made by staff and Town Council. The Town currently has financial policies governing operations, capital planning, debt management, reserves and financial reporting. Regular reviews and enhancement of these policies are done in conjunction with the financial plan development and are adopted annually by Town Council. To coincide with the adoption of the fiscal 2023 budget, the Town updated its General Fund reserve policies:

#### Financial Resource Planning

The Town's strategic financial planning begins with determining the Town's fiscal capacity based upon long-term financial forecasts of recurring available revenues. Conservative financial forecasts coupled with financial trend analysis techniques and careful reserve analysis help preserve the fiscal wellbeing of the Town of Hilton Head Island. Strategic financial capacity planning is a critical element to reach long-term financial stability goals and to determine special financial needs for critical objectives of the Town Council.

#### Multi-Year Operating Budget Planning

Multi-year budget planning encompasses long-range operating expenditure plans, which are linked to community expectations and broad goals of the Town Council. The multi-year approach provides a better opportunity for staff to change its financial paradigm from what do we need this year to how do we accomplish our level of service objectives over time, given our financial capacity. While the Town is required to adopt an annual budget to meet State statutory requirements, the Town builds a three-year financial plan to help anticipate future impacts and ensure achievement of Town objectives. For Fiscal 2023, the Town continued its longer-term look to ensure economic sustainability. This is another step forward in the Town's planning process. Town Council and Town Management continue to monitor the budget monthly with its Finance and Administrative Committee, and expects to present any proposed adjustments, if necessary to Town Council to continue to manage through the pandemic and economic uncertainty successfully.

#### Capital Improvement Project Planning

The Town's Capital Improvement Program is based on the Town's comprehensive plan "Our Town." The purpose was to get the community involved in the long-term vision and prioritization for the Town's future. The Capital Improvement Plan is based off this important work. The impact of projects on operating costs are planned and considered in developing future operating budget plans. Funding sources are conservatively estimated that support the capital construction using elastic revenues. To the extent debt financing is used, capital project plans are sized to conform to existing debt management policies. The

Capital Improvements Projects are based on the Strategic Plan – which stems from the community and is developed as policy by Town Council with input from Town Management and staff as a blueprint for policy emphasis moving forward.

#### Debt Management

All debt issued by the Town is for the purpose of financing capital infrastructure or long-lived costly assets. Each debt issuance is evaluated in respect to debt service as a percentage of operating expenditures, tax and revenue bases for the repayment of debt, the overall debt burden on the community, statutory limitations and factors affecting tax-exempt interest costs. In all cases, a long-term analysis is made considering the financial (debt) capacity that best fits the Town's ability to pay for capital projects. The size of the capital improvement program based on debt capacity in conjunction with conservatively estimated revenues (pay-as-you-go projects) helps stabilize per capita debt and lower annual debt service costs to the Town over the long-term.

The Town's credit ratings on its General Obligation outstanding bonds were again this year affirmed at Aaa, AA+, and AA+, from the three major credit ratings agencies, Moody's Investor Service, Standard and Poor's Rating Group, and Fitch Ratings, respectively. These ratings reinforce confidence in our ability and efforts to maintain a fiscally sound operation through uncertain economic times.

Fiscal 2022 was the fourth year in a row the Town's debt has declined. The last new money issue was the 2019 General Obligation bonds issued to renovate the Fire Station in Sea Pines. This careful debt management helps to prepare the Town for its future.

#### **Major Initiatives**

The Town has an aggressive Capital Improvement Plan in the works. The Town has several parks, roads, beach, pathways, facilities and other projects as part of the CIP. The Town details the projects and the progress on its website at <u>www.hiltonheadislandssc.gov</u> The Town is embarking on a ten-year implementation from the update to the comprehensive planning process to map out its future for the next phase of the Town's future.

#### Hurricanes Matthew, Irma, Florence and Irma

The Town's forethought and planning proved to be an especially important factor to respond to a major event in Fiscal 2017: Hurricane Matthew and smaller subsequent events in Fiscal 2018, 2019 and 2020. Fiscal 2022 has so far spared the Island from weather-related disasters. Fiscal 2023 saw the Town prepare for Hurricane Ian, and subsequently avoid any major damages. The Town was named part of a federal disaster area due to the storms and responded accordingly. The Town has made great strides in recovery – and emerged even stronger than ever. The Town continues to work closely with FEMA and State officials to ensure maximum allowable reimbursements. The planning and preparation by the Town has proved invaluable during this experience. You can read more in detail on Hurricanes in the Notes to the Financial Statements.

#### COVID-19 pandemic

The Town was not immune to the effects of the COVID-19 pandemic over the course of the last nearly two years. The Town has met the challenge head-on and is managing very successfully through the pandemic. Since the start of the pandemic, the Town reduced debt, increased fund balances and recently recorded record revenues. The threat is not over, but the Town is well-positioned to successfully manage to the day the pandemic is declared over. The Town received \$2.6 million in American Relief Program (ARPA) funds as the second of two installments from the federal government. These funds are set aside in the grants fund, and Town Council has considered and voted on how to deploy these funds to best help the community at this time.

#### Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Hilton Head Island for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2021. This was the thirty third consecutive year that the government has received the prestigious award. In order to be awarded a Certificate of Achievement, the government has to publish an easily readable and efficiently organized ACFR that satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Town also received the GFOA Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2021. It was the seventeenth year the Town has received this award. The budget document serves as the Town's primary fiscal policy document.

The preparation of this report could not be accomplished without the efficient and dedicated service of the entire staff of the Finance Department. I would also like to thank the leadership team of the Town, and its dedicated employees for their efforts to maintain the high quality of services our citizens expect while being prudent stewards of the Town's finances as the economy rebounds from the storms and the pandemic. I would also wish to thank the Town Manager, Marc Orlando and Town Council members for their continued fiscal responsibility and leadership managing through the COVID-19 and helping to forge a future with economic vitality.

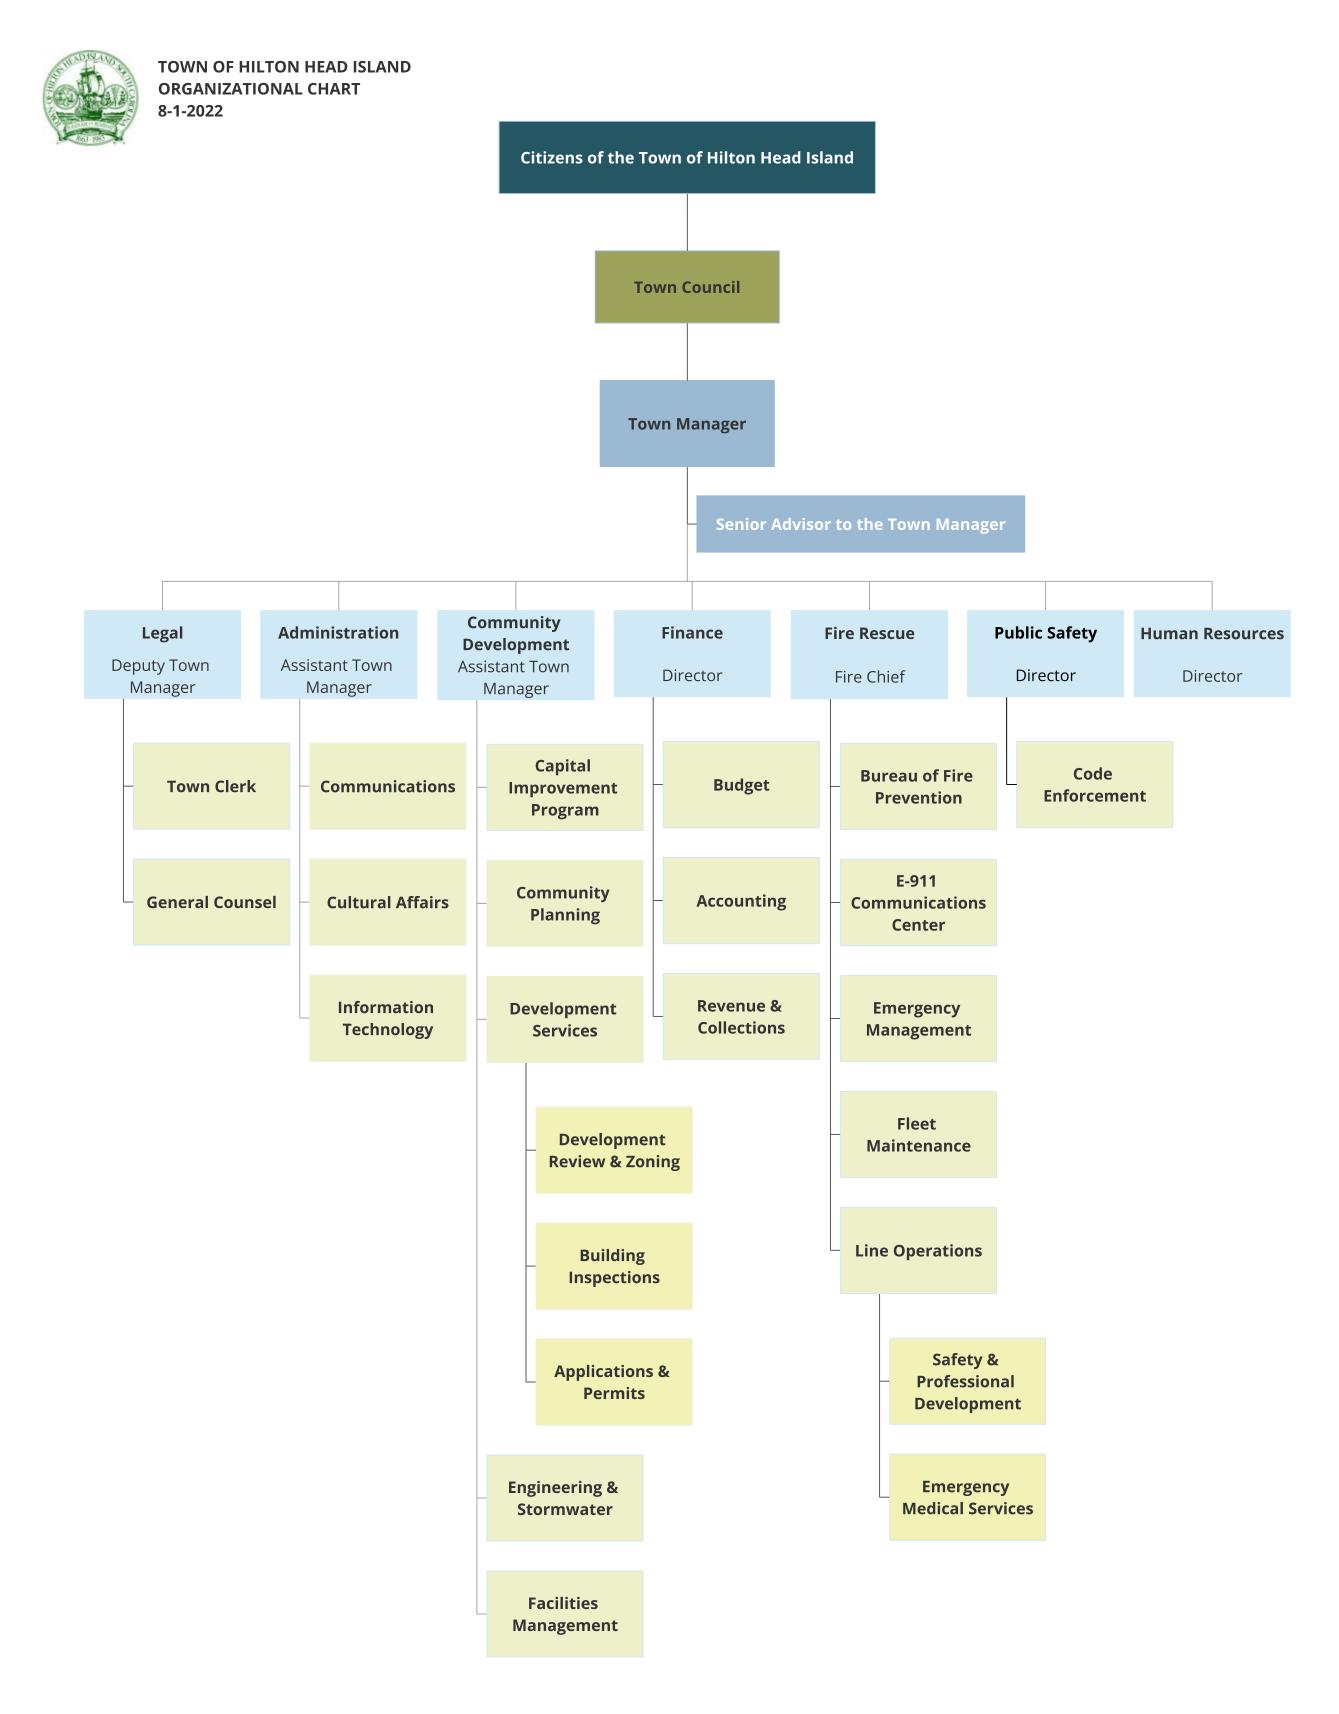

We believe that this report clearly illustrates the strong financial posture of the Town of Hilton Head Island and we wish to take this opportunity to thank you and the citizens of Hilton Head Island for the vital role you have historically played in enabling the Town to maintain this high degree of fiscal responsibility.

Respectfully submitted,

John M. Troyer

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of Town Council Town of Hilton Head Island, South Carolina

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Hilton Head Island, South Carolina (the "Town"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* ("*Government Auditing Standards*"), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule and the pension plan schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The supplementary information, as listed in the table of contents, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting such information directly to the underlying accounting statements or to the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures and federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2022, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

As management of the Town of Hilton Head Island ("Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022 ("2022") as compared to fiscal year ended June 30, 2021 ("2021" or "FY 2021"). The intent of this discussion and analysis is to look at the Town's financial performance as a whole. We would encourage readers to not only consider the information presented here but also the information provided in the letter of transmittal, financial statements and notes to the financial statements to enhance their understanding of the Town's overall improved financial position.

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by approximately \$338,124,000 (net position), including \$327,583,000 in net position for governmental activities and \$10,541,000 in net position for business-type activities. Unrestricted net position was approximately \$16,887,000, including unrestricted net position of approximately \$13,350,000 and \$3,537,000 for governmental and business-type activities, respectively.
- The Town's total net position increased by approximately \$46,555,000 and \$502,000 for its governmental and businesstype activities, respectively, for a total increase in net position of approximately \$47,057,000 compared to the prior year net position.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of approximately \$179,079,000, an increase of approximately \$33,416,000 over the prior year fund balance.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was approximately \$2,321,000 or 5% of total General Fund expenditures for the year ended June 30, 2022. Total fund balance for the General Fund, which includes committed, assigned, and unassigned fund balance, was approximately \$29,063,000 or 67% of total General Fund expenditures for the year ended June 30, 2022.
- The overall decrease in the Town's capital assets for the period ending June 30, 2022, was approximately \$3,640,000 (1%), including a decrease of \$2,681,000 for its governmental activities and a decrease of \$959,000 and business-type activities, respectively. Capital asset additions for governmental activities of approximately \$3,965,000 were exceeded by depreciation expense of \$6,233,000 and net disposals of \$413,000. Capital asset additions for business-type activities of \$46,000 were exceeded by depreciation expense of \$1,005,000.
- The Town's total long-term obligations, not including the net pension liability, decreased by approximately \$17,339,000 during the current fiscal year, including decreases of \$16,134,000 and \$1,205,000 for governmental and business-type activities, respectively. The Town issued no new debt for governmental activities, and made principal and refunding payments of \$16,330,000. The Town issued no new debt for business-type activities, and made principal and refunding payments of \$1,205,000. The Town recognized approximately \$785,000 in amortization of premiums.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This annual report consists of three parts – *Introductory Section, Financial Section* (which includes management's discussion and analysis, the financial statements, required supplementary information, and supplementary information), and *Statistical Section*.

#### **Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Town's financial statements. The Town's financial statements comprise three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the financial statements, this report contains supplementary information that will enhance the reader's understanding of the financial condition of the Town.

The *government-wide financial statements* are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business. The *fund financial statements* are designed for a more detailed look at the Town's finances.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### **OVERVIEW OF FINANCIAL STATEMENTS (CONTINUED)**

#### **Financial Statements (Continued)**

#### Government-Wide Financial Statements

The *statement of net position* presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the differences between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Government-wide financial statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The Town's governmental activities include general government, management services, community services, public safety, culture and recreation, Visitors and Convention Bureau, and administration. Taxes (including business licenses), building permits, impact assessments, other charges for services, and state and federal grant funds finance most of these activities. The Town's business-type activities relate to the operations of the stormwater program. The government-wide financial statements can be found as listed in the table of contents.

#### Fund Financial Statements

The fund financial statements provide a more detailed look at the Town's most significant activities. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like all other governmental entities in South Carolina, uses fund accounting to ensure and reflect compliance with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

**Governmental Funds** – *Governmental funds* are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can be readily converted into cash flow (in and out), and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using the *modified accrual basis of accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between *governmental activities* (reported in the statement of net position and the statement of activities) and *governmental funds* is described in a reconciliation that is a part of the fund financial statements.

The Town maintains numerous individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Tax Increment Financing Fund, Accommodations Tax Fund, Real Estate Transfer Fees Fund, Beach Preservation Fees Fund, Hospitality Fees Fund, Debt Service Fund, Capital Projects Fund, Natural Disasters Fund, and Federal Grants Fund – as they are considered major funds. Information from the other governmental funds is combined into aggregated presentations. Individual fund data for each of these non-major governmental funds is provided in the form of combining schedules elsewhere in this report. The governmental fund financial statements can be found as listed in the table of contents.

**Proprietary Funds** – The Town maintains one proprietary fund. *Enterprise funds* are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Town has one enterprise fund to account for its stormwater operations. The proprietary fund financial statements can be found as listed in the table of contents.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### **OVERVIEW OF FINANCIAL STATEMENTS (CONTINUED)**

#### **Financial Statements (Continued)**

#### Fund Financial Statements (Continued)

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found as listed in the table of contents.

**Other Information** – In addition to the financial statements and accompanying notes, this report includes certain required supplementary information. Regarding the Town's major funds, the Town adopts an annual budget for its General Fund, as required by South Carolina Constitution, Article 10, Section 7, as well as adopting budgets for the Debt Service Fund, Capital Projects Fund, and Stormwater Fund. A required budgetary comparison schedule for the General Fund has been provided to demonstrate compliance with the budget. Budgetary comparison schedules are not required to be presented for Debt Service, Capital Projects, or enterprise funds. Required pension schedules have been included which provide relevant information regarding the Town's participation in the South Carolina Police Officers Retirement System ("PORS"). Required supplementary information can be found as listed in the table of contents.

Supplementary information, including combining information for the non-major governmental funds, the budgetary comparison schedules for the other major and non-major budgeted funds, and the uniform schedule of fines, assessments and surcharges (per Act 96), is presented immediately following the required supplementary information. These schedules can be found as listed in the table of contents.

| Restricted                           | 142,439,709                    | 110,004,264    | -                               | -             | 142,439,709   | 110,004,264    |
| Unrestricted                         | 13,350,215                     | 10,094,542     | 3,536,776                       | 3,191,779     | 16,886,991    | 13,286,321     |
| Total Net Position                   | \$ 327,583,036                 | 281,027,578    | 10,540,740                      | 10,038,823    | 338,123,776   | \$ 291,066,401 |

The Town's current and other assets at June 30, 2022 increased by approximately \$37,609,000 (23%) from the prior year, consisting of an increase of \$37,743,000 (24%) in its governmental activities offsetting a decrease of \$134,000 (4%) in its business-type activities. The increase in governmental activities was primarily due to the Town receiving record revenues which were unspent at year end. The decrease in business-type activities was primarily related to a decrease in internal balances during the current year.

The Town's capital assets at June 30, 2022 (net of accumulated depreciation), decreased by approximately \$3,640,000 (1%), including a decrease of approximately \$2,681,000 (1%) and a decrease of approximately \$959,000 (7%) for governmental and business-type activities, respectively. As noted previously, capital asset additions for governmental activities of approximately \$3,965,000 were exceeded by depreciation expense of approximately \$6,233,000 and net disposals of approximately \$413,000. Capital asset additions for governmental activities of approximately \$413,000. Capital asset additions for governmental activities of approximately \$4,000 were exceeded by depreciation expense of approximately \$1,005,000. Capital asset additions for governmental activities consisted of approximately \$3,165,000 in construction in progress additions - including infrastructure and the recreation center expansion - \$77,000 in buildings, \$167,000 in furniture, fixtures and equipment additions, \$398,000 in vehicles, and \$158,000 in improvements other than buildings for park development. Capital asset additions for business-type activities included approximately \$46,000 related to infrastructure.

The Town completed approximately \$167,000 in on-going capital projects which were reclassified from construction in progress as follows: \$167,000 transferred to infrastructure.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)**

Deferred outflows of resources (resources that will be used in a future period) decreased by approximately \$186,000 (3%), including a decrease of \$97,000 (2%) for governmental activities and a decrease of \$89,000 (25%) decrease in business-type activities. The decrease in governmental activities is primarily due to a decrease of \$194,000 in deferred charges on bonds offset by an increase of \$97,000 in deferred pension charges as a result of actuarial assumption changes or experience improvements for the PORS. The decrease in business-type activities is due to amortization of outstanding deferred charges on refunding in the current year.

Long-term liabilities decreased by approximately \$17,339,000 (13%), including decreases of \$16,134,000 (12%) and \$1,205,000 (17%) for governmental and business-type activities, respectively. As noted previously, the Town issued no new debt for governmental activities and made principal and refunding payments of \$16,330,000. The Town recognized \$785,000 in amortization of premiums. The Town issued no new debt for business-type activities and made \$1,205,000 in principal payments.

The net pension liability decreased by approximately \$3,148,000 (17%), which was all related to governmental activities, due to the PORS' total net pension liability decreasing. The State funding of the pension program has had challenges that have been addressed by increasing the required contribution amounts and improving investment earnings. As the State funding of the pension program is improved, the Town will experience a decreases in its net pension liability. This liability is not controlled by the Town.

Other liabilities increased by approximately \$4,088,000 (32%), including an increase of \$4,568,000 (37%) in governmental activities and a decrease of \$480,000,000 (83%) in business-type activities. The increase in governmental activities is primarily due to deferred revenue from funds received through the American Recovery Act and an increase in due to other governments.

Deferred inflows of resources increased by approximately \$3,124,000 (378%), which was all related to governmental activities, due to a \$3,127,000 increase in deferred pension credits as a result of a change in the Town's change in proportionate share for its participation in the PORS.

The Town's total net position increased by approximately \$46,555,000 and \$502,000 for its governmental and business-type activities, respectively, for a total increase in net position of \$47,057,000 compared to the prior year net position.

Assets and deferred outflows exceeded liabilities and deferred inflows of resources (net position) by \$338,124,000, including \$327,583,000 in net position for governmental activities and \$10,541,000 in net position for business-type activities. The largest portion of the Town's net position, or \$178,796,000 (53%), which includes \$171,793,000 (52%) and \$7,004,000 (66%) for governmental and business-type activities, respectively, reflects its investment in capital assets (i.e., land, buildings, furniture and equipment, infrastructure, etc.) less any related outstanding debt used to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot generally be used to liquidate these liabilities.

An additional portion of the Town's net position of approximately \$142,440,000 (43%), which was all related to governmental activities, represents resources that are subject to external restrictions on how they may be used. This portion of the net position is restricted primarily for special revenue programs which are restricted by the revenue source (i.e. tax increment financing revenues, accommodation taxes, real estate transfer fees, beach preservation fees, hospitality taxes, etc.). The remaining balance is unrestricted net position of \$16,887,000 (4%), including \$13,350,000 (3%) and \$3,537,000 (34%) for governmental and business-type activities, respectively.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

| Net Position- Beginning of Year         | 281,027,578   | 242,200,253             | 10,038,823  | 9,879,555                       | 291,066,401 | 252,079,808   |  |
| Net Position - End of Year              | \$327,583,036 | 281,027,578             | 10,540,740  | 10,038,823                      | 338,123,776 | \$291,066,401 |  |

Revenues and other financing sources exceeded expenses and other financing uses by approximately \$47,057,000 for the year ended June 30, 2022, including \$46,555,000 and \$502,000 in governmental and business-type activities, respectively. Total revenues increased from the prior year by \$12,835,000 (12%), including increases of approximately \$12,796,000 (13%) in governmental activities and increases of approximately \$39,000 (1%) in business-type activities. The increase in governmental activities revenues is primarily due to an increase in property taxes and other taxes. The Town is in better shape than ever to meet the future challenges.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Total expenses increased from the prior year by approximately \$4,764,000 (7%), composed of an increase of approximately \$7,102,000 (12%) in governmental activities offset by a decrease of \$2,338,000 (49%) in business-type activities. The increase in governmental activities is primarily due to an increase of \$6,637,000 in general government expenditures, an increase of \$1,141,000 in management services, \$2,362,000 in public safety, \$2,307,000 in culture and recreation, and \$1,016,000 in visitor and convention bureau, offset by decreases of \$6,094,000 in community services and \$265,000 in interest and other charges. The decrease in business-type activities is primarily due to a reduction in stormwater repairs and maintenance.

#### FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted previously, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of FY 2022, the Town's governmental funds reported combined ending fund balance of approximately \$179,079,000, which represents an increase of \$33,416,000 in comparison with the prior year. Approximately 1% of this total amount \$2,321,000 constitutes General Fund unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is assigned, committed, or restricted as shown below:

| Classification/Fund              | Purpose                                  | Amount |             |
|----------------------------------|--|--------|-------------|

| Total Fund Balance               |  | \$     | 179,079,216 |

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

#### **Governmental Funds (Continued)**

The General Fund is the operating fund of the Town. At the end of FY 2022, the total fund balance was approximately \$29,063,000, including committed fund balance of approximately \$26,742,000 for disaster recovery. As a measure of the General Fund's liquidity, it may be useful to compare total unassigned fund balance to total General Fund expenditures. At the end of the current fiscal year, unassigned fund balance for the General Fund was approximately \$2,321,000 or 5% of total General Fund expenditures for the year ended June 30, 2022. Total fund balance, which includes committed, assigned, and unassigned fund balance was approximately \$29,063,000 or 67% of total General Fund expenditures for the year ended June 30, 2022. Some of the highlights for the increase in fund balance for the General Fund are as follows:

- General Fund revenues of \$44,023,000 increased by approximately \$5,713,000 (15%) over the prior year primarily due to the following:
  - \$3,981,000 increase in business license and franchise fee revenues, primarily due to the timing of the receipt of the fourth quarterly disbursements and due to an increase in activity as restrictions in place for a portion of the prior year were not in effect during the current year.
  - \$1,465,000 increase in accommodations taxes due to a full year without COVID restrictions in place allowing an increase in travel.
- General Fund expenditures of \$44,093,000 increased by approximately \$2,132,000 (5%) over the prior year primarily due to the following:
  - \$1,335,000 increase in community services primarily related to facilities management operating costs.
  - \$1,301,000 increase in management services for additional expenses related to salaries and operating costs.

Fund balance for the Tax Increment Financing District Fund ("TIF") increased by approximately \$250,000 as a result of revenues of approximately \$5,812,000 exceeding transfers out of approximately \$5,562,000. TIF fund revenues increased approximately \$441,000 (8%) partially due to an increase of approximately \$431,000 in real and personal property taxes and a \$10,000 increase in investment earnings. Transfers out decreased approximately \$1,966,000 due to a decrease in transfers to the Debt Service fund needed to meet debt service requirements.

Fund balance for the Accommodations Tax Fund increased approximately \$3,372,000 as a result of revenues of \$13,582,000 exceeding expenditures and other financing uses of approximately \$10,210,000. Accommodations Tax Fund revenues increased by approximately \$3,393,000 (33%) primarily due to increased tourism activity in the current year. Expenditures and other financing uses experienced an increase of \$3,604,000 (73%) and a decrease of \$11,000 (1%), respectively.

Fund balance for the Real Estate Transfer Fee Fund increased approximately \$5,746,000 as a result of revenues of approximately \$7,004,000 exceeding expenditures and other financing uses of approximately \$1,258,000. Real Estate Transfer Fees Fund revenues decreased approximately \$139,000 (2%) related to a slight decrease in property sales on the island from a record year in 2021. Expenditures remained relatively flat compared to the prior year and other financing uses decreased \$2,654,000 (69%) related to the Town using a smaller portion of the current year increase in revenues to fund capital projects than in the prior year.

Fund balance for the Beach Preservation Fee Fund increased approximately \$8,965,000 as a result of revenues of approximately \$14,053,000 exceeding expenditures and other financing uses of approximately \$5,089,000. Revenues increased approximately \$2,907,000 (26%) due to a \$2,929,000 increase in beach preservation fees due to increased tourism activity in the current year. Expenditures and other financing uses were consistent with the prior year.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

#### FOR THE YEAR ENDED JUNE 30, 2022

#### FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

#### **Governmental Funds (Continued)**

Fund balance for the Hospitality Fee Fund increased \$7,580,000 due to revenues of \$9,907,000 exceeding expenditures and other financing uses of \$2,327,000. Hospitality Fee Fund revenues increased \$1,839,000 (23%) primarily due to increased tourism activity in the current year. Expenditures decreased \$281,000 (100%). Other financing uses decreased \$3,208,000 (58%) due to a decrease in transfers to the General Fund.

Fund balance for the Debt Service Fund increased \$144,000 due to revenues and other financing sources of \$19,475,000 exceeding expenditures of \$19,331,000. Debt Service Fund revenues increased by \$152,000 (3%) compared to the prior year. Other Financing Sources decreased \$917,000 (6%) based on changes in the debt service requirements resulting in no transfer out or payments to escrow agent in FY2022. Expenditures decreased \$871,000 (4%) due to scheduled changes in principal and interest payments.

Fund balance for the Capital Projects Fund increased \$1,022,000 due to revenues and other financing sources of \$8,576,000 exceeding expenditures of \$7,554,000. Capital Projects Fund revenues decreased \$289,000 (25%) primarily due to a decrease in impact fees of \$359,000 (53%). Net other financing sources decreased \$628,000 (8%) related to changes in current and future capital needs. Expenditures decreased \$6,508,000 (46%) due a decrease in community services capital outlay.

Fund balance for the Natural Disasters Fund increased \$2,379,000 due to revenues of \$5,915,000 exceeding expenditures and other financing uses of \$3,536,000. Natural Disasters Fund revenue increased \$155,000 (3%) primarily due to an increase of \$148,000 related to real and property taxes. The collection of real and personal property taxes is due to the Town implementing 5.0 mills for disaster recovery in 2018. FY 2022 completes the fifth of five years for the 5 mills for disaster recovery. Expenditures decreased \$653,000 (100%) due to a decrease in debris removal and other recovery expenditures in the current year. Other financing uses of \$3,536,000 were due to transfers to the Debt Service Fund to fund debt service requirements on the \$18 million disaster recovery bonds. These bonds will be fully paid in fiscal year 2023.

The Federal Grants Fund reported no fund balance due to revenues of \$804,000 offsetting expenditures and other financing uses of \$804,000. Federal Grants Fund revenue increased \$804,000 (100%) due to the Town using this fund to record ARPA funds received starting in FY 2022.

#### **Enterprise Fund**

The information discussed previously related to business-type activities relates solely to the Stormwater Fund. See the previous discussion for detailed information regarding changes in the Stormwater Fund.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

# FOR THE YEAR ENDED JUNE 30, 2022

# FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

## **General Fund Budgetary Highlights**

During the fiscal year, the Town prepared one General Fund budget amendment. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once more exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in expenditures that become necessary to maintain services. The amendment to the General Fund budget in the current year were to provide funding for projects that were planned for the previous fiscal year but were delayed due to several factors such as difficulties in finding available materials, increased scope of projects, construction scheduling, and lack of bidders. The total increase from the original to the revised General Fund budget was \$219,956.

# CAPITAL ASSET AND DEBT ADMINISTRATION

## **Capital Assets**

The Town's capital assets for its governmental and business-type activities as of June 30, 2022, amounted to approximately \$278,057,000 and \$12,437,000, respectively, (net of accumulated depreciation). These capital assets include land, construction in progress, buildings, improvements, furniture, fixtures, and equipment, vehicles, and infrastructure.

The capital assets (net of accumulated depreciation) as of June 30, 2022, and 2021 were as follows:

The overall decrease in the Town's capital assets for the period ending June 30, 2022, was approximately \$3,640,000 (1%), including a decrease of \$2,681,000 for its governmental activities and a decrease of \$959,000 in business-type activities, respectively. Capital asset additions for governmental activities of \$3,965,000 were exceeded by depreciation expense of \$6,233,000 and net disposals of \$413,000. Capital asset additions for business-type activities of \$46,000 were exceeded by depreciation expense of \$1,005,000.

Additional information on the Town's capital assets can be found in Notes I and III of the notes to the financial statements.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

## FOR THE YEAR ENDED JUNE 30, 2022

# CAPITAL ASSET AND DEBT ADMINISTRATION (CONTINUED)

# Debt

As of June 30, 2022, the Town's governmental and business-type activities had total outstanding long-term debt of \$104,250,000 and \$5,700,000, respectively. Of the Town's total, \$59,290,000 was general obligation debt, which is backed by the full faith and credit of the Town. The Town's total long-term obligations as of June 30, 2022, and 2021 were as follows:

|                                   | Government     | al Activities | Business-Ty   | pe Activities | Total         |                |

The Town also has a net pension liability that is discussed in Note IV.B in the notes to the financial statements.

The overall decrease in the Town's debt for the current fiscal year was \$16,750,000 (13%). Major events during the current fiscal year included the following:

• The Town made principal payments of \$16,750,000.

Additional information regarding the Town's long-term obligations can be found in Note III in the notes to the financial statements.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES FOR THE TOWN

The Town implemented a number of financial responses in the wake of Hurricane Matthew. The Town issued a \$20 million Bond Anticipation Note to help finance the recovery efforts pending federal and state reimbursements. This note has been repaid. The Town also issued \$18 million in taxable Disaster Reserve bonds to restore reserves used for Hurricane Matthew to prepare for the next storm. These bonds were financed with property taxes of 5 mills for 5 years ending in fiscal year 2023. Fiscal 2022 finishes the last of the planned five years with 5 mills assessed for disaster recovery. For the fiscal year 2023 the millage rate reduced from 28.10 to 23.10. The Town has certainly benefitted from the foresight of its officials in building reserves and preparing for events like Matthew. Town Council has shown leadership in making the necessary and appropriate responses to keep the Town hurricane ready operationally and financially. The budget for fiscal year 2023 that was passed by Town Council totaled \$119,501,114. More information on the budget can be found on the Town's website at www.hiltonheadislandsc.gov.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

## FOR THE YEAR ENDED JUNE 30, 2022

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES FOR THE TOWN (CONTINUED)

## **Real Estate Revenues**

Real Estate related revenues, including construction permits and real estate transfer fees, were 3% lower than last year's amounts. FY 2021 was a strong year that exceeded expectations in both transfer fees and construction permits, and the activity remained consistently strong through FY 2022. These are indicative of a strong local real estate market.

## **Budgets and tax rates for Fiscal 2023**

Town Council adopted a \$119,501,114 budget for FY 2023. This budget is more than the \$96,838,322 adopted for FY 2022 but included carryforward funding and an aggressive Capital Improvements Plan. The primary reason for the increase is that the Town had adopted aggressive Capital Improvements Plans in FY 2015 and FY 2016. With the hurricanes, a number of projects were delayed for limitations of both operational resources and financial resources. As the Town moved past responses to the hurricanes, the capital projects moved forward. The Town limited new projects while the projects in the pipeline were completed. Currently, the Town is working on a \$45 million CIP based on the new Comprehensive Plan and Strategic Plan. The Town had focused its efforts at completing these projects well, before undertaking significant new projects in FY22. The Town also completed a new comprehensive plan that current and future construction in progress will be based on.

Town Council built the budget based on the same tax rate for FY 2023 as FY 2022. Town Council increased its reserve policy to better prepare the Town for the next storm. The General Fund budget is balanced for FY 2023. The millage rate was assessed at 28.10 mills for FY2022 and 23.10 for FY2023. The budget for FY 2022 marked the fifth year of the 5 mills for 5 years to repay the Disaster Reserve restoration bonds and bolster reserves after Hurricane Matthew. The Town's commitment to financial stability and responsibility is clearly evident in its post-hurricane expenses.

The Town and the entire world faced the COVID-19 pandemic. The Town temporarily deferred raises, capital spending, implementation of a salary study and other measures to ensure fiscal balance. After a temporary set-back early in the pandemic, the Island became busier than ever as people discovered what a great place to remote work and social distance. The Town set numerous revenue and fund balance records for FY2021 and FY2022 in spite of the pandemic. The high levels of revenue collections are indicators of a robust economy, and the Town has smartly raised its fund balance policies to prepare for the future.

# RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

# JUNE 30, 2022

| TOTAL FUND BALANCES - GOVERNMENTAL FUNDS  | \$ 179,079,216               |
|---|------------------------------|
| Amounts reported for the governmental activities in the Statement of Net Position are different because of the following:   |                              |
| Revenues which will be collected in the future but are not available soon enough to pay for the current period's expenditures are considered unavailable revenue in the funds.  | 246,195                      |
| Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets was \$341,167,409 and the accumulated depreciation was \$63,110,282.  | 278,057,127                  |
| The Town's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State retirement plan are not recorded in the governmental funds but are recorded in the Statement of Net Position. | (15,433,745)                 |
| Interest is recorded as an expenditure when due and payable in the governmental funds. Interest is recorded in the government-wide statements when it is incurred. This amount represents the amount of interest incurred but not yet due and payable at year-end.                      | (1,044,614)                  |
| Bond deferred charges on refunding are recorded as expenditures in the year they are incurred in the governmental funds, but are amortized over the lives of the bonds in the government-wide statements. This amount represents net bond deferred charges on refunding at year-end.    | 1,711,155                    |
| Bond deferred gains on refunding are recorded as revenues in the year they are incurred in the governmental funds, but are amortized over the lives of the bonds in the government-wide statements. This amount represents net bond deferred gains on refunding at year-end.            | (46,975)                     |
| Long-term liabilities, including bonds payable, are not due or payable in the current period and therefore<br>are not reported as liabilities in the funds. Long-term liabilities at year-end consisted of the following:<br>Long-Term Debt and Premiums<br>Compensated Absences        | (109,554,939)<br>(5,430,384) |
| TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES  | \$ 327,583,036               |

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

# YEAR ENDED JUNE 30, 2022

| TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS   | \$<br>33,415,757 |
|--|------------------|
| Amounts reported for the governmental activities in the Statement of Activities are different because of the following:  |                  |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.   | (374,796)        |
| Changes in the Town's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State retirement plans for the current year are not reported in the governmental funds but are reported in the Statement of Activities.   | 117,455          |
| Repayment of principal are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the Statement of Net Position.   | 15,545,000       |
| Bond deferred gains and losses are expenditures in the year they are incurred in governmental funds, but are amortized over the lives of the bonds in the Statement of Activities. This amount represents the amortization of deferred charges for the year.   | (190,184)        |
| Premiums on issuance of debt must be deferred and amortized over the life of the respective debt in the Statement<br>of Activities. However, proceeds from premiums are reported as an other financing source in the year they are<br>received in the governmental funds. This represents the amount which current year premiums were exceeded<br>by amortization of premiums in the current year.   | 785,233          |
| Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and payable and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due and payable. This represents the change in accrued interest during the current year. | 134,340          |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.  | (196,113)        |
| Governmental funds report only proceeds received from the sale of capital assets without any consideration for<br>the net book value of the assets that were sold. The Statement of Activities reports gains or losses based on<br>the proceeds and the net book value of the assets sold.   | (413,333)        |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets that are considered capital asset additions is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital asset additions of \$3,965,048 were exceeded by depreciation expense of \$6,232,949 in the current period.  | (2,267,901)      |

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

The Town of Hilton Head Island (the "Town") was organized under a charter originally granted by the State of South Carolina in 1983. The Town of Hilton Head Island operates under the Council-Manager form of government in accordance with Home Rule Act Number 283. Town Council ("Council") is composed of a Mayor and six council members elected from single member wards. All legislative powers of the Town are vested in Council. Each member of Council, including the Mayor, has one vote in each matter. Under the Town's form of government, the Council hires a Manager who acts as the chief executive officer.

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# A. The Reporting Entity

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

As required by GAAP, the financial statements must present the Town's financial information with any of its component units. The primary criterion for determining inclusion or exclusion of a legally separate entity (component unit) is financial accountability, which is presumed to exist if the Town both appoints a voting majority of the entity's governing body, and either 1) the Town is able to impose its will on the entity or, 2) there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the Town. If either or both of the foregoing conditions are not met, the entity could still be considered a component unit if it is fiscally dependent on the Town and there is a potential that the entity could either provide specific financial benefits to, or to impose specific financial benefits to.

In order to be considered fiscally independent, an entity must have the authority to do all of the following: (a) determine its budget without the Town having the authority to approve or modify that budget; (b) levy taxes or set rates or charges without approval by the Town; and (c) issue bonded debt without approval by the Town. An entity has a financial benefit or burden relationship with the Town if, for example, any one of the following conditions exists: (a) the Town is legally entitled to or can otherwise access the entity's resources, (b) the Town is legally obligated or has otherwise assumed the obligation to finance the deficits or, or provide financial support to, the entity, or (c) the Town is obligated in some manner for the debt of the entity. Finally, an entity could be a component unit even if it met all the conditions described above for being fiscally independent if excluding it would cause the Town's financial statements to be misleading.

Blended component units, although legally separate entities, are in substance, part of the government's operations and data from these units are combined with data of the primary government in the fund financial statements. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the Town. Based on the criteria above, the Town has one blended component unit and no discretely presented component units.

The Town of Hilton Head Island Public Facilities Corporation (the "Corporation"), a blended component unit, is a not-for-profit 501(c)(3) organization created to facilitate the issuance of debt for acquisition of the Town's administration facilities. The Town appoints the Corporation's board members and the Corporation provides services entirely to the Town. Because the Corporation is so closely related to the Town, it is, in effect, the same as the primary government. The Corporation's financial information is reported in the Debt Service Fund and Capital Projects Fund of the Town. Separate financial statements for the Corporation are not issued.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## A. The Reporting Entity (Continued)

The Town has limited relationships with the following entities:

**Hilton Head Island Recreation Association, Inc.** - Hilton Head Island Recreation Association, Inc. is a not-forprofit organization that provides recreation facilities, sports leagues, day-care services and training classes to the residents of Hilton Head Island, South Carolina. The Town provides bookkeeping services to the Association at no charge. The Town has no day-to-day supervisory responsibilities and the Association maintains separate corporate powers, and, as such, the financial information for the Association has not been made a part of these financial statements. The Town contributed approximately \$1,483,000 to the Association for the year ended June 30, 2022. The Association issues separate audited and/or reviewed financial statements.

**Coastal Discovery Museum** – The Coastal Discovery Museum is a not-for-profit, community based, educational institution dedicated to fostering greater knowledge and appreciation of the cultural heritage and natural history of South Carolina's Low Country. The Town provides bookkeeping services to the Museum at no charge. The Town has no day-to-day supervisory responsibilities and the Museum maintains separate corporate powers, and as such, the financial information of the Museum has not been made a part of these financial statements. The Town contributed approximately \$846,000 to the Museum for the year ended June 30, 2022. The Museum issues separate audited financial statements.

## B. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the Town. For the most part, the effect of interfund activity (except for interfund services provided and used between functions) has been removed from these financial statements.

*Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support. The Town business-type activities consist of the stormwater operations.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Town.

The **government-wide financial statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the Town gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statements are prepared using a different measurement focus from the manner in which governmental fund financial statements are prepared (see further detail below). Governmental fund financial statements therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Governmental **fund financial statements** are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes, intergovernmental revenues, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be measurable and susceptible to accrual and so have been recognized as revenues of the current fiscal period. For this purpose, the Town generally considers its revenues to be available if they are collected within 30 days of the end of the current fiscal period with the exception of certain reimbursement expenditure grants for which a twelve-month availability period is generally used.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payments are due and payable.

Capital asset acquisitions are reported as capital outlay expenditures in governmental funds. Proceeds of long-term debt are reported as other financing sources.

Fund financial statements report detailed information about the Town. The focus of governmental fund financial statements is on major funds rather than by fund type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as they are needed.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The Town uses the following fund categories:

*Governmental fund types* are those through which most governmental functions of the Town are financed. The Town's expendable financial resources and related assets and liabilities are accounted for through governmental funds. The Town's governmental fund types and funds are as follows:

The *General Fund, a major fund* and a budgeted fund, is the general operating fund of the Town and accounts for all revenues and expenditures of the Town except those required to be accounted for in other funds. All general tax revenues and other receipts that (a) are not allocated by law or contractual agreement to other funds or (b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

*Special revenue funds* are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town has the following special revenue funds:

i. The Tax Increment Financing ("TIF") District Fund, a major fund and an unbudgeted fund is used to account for and report the proceeds from incremental taxes charged to individuals that are restricted for expenditures related to economic development within the TIF districts.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

- ii. **The Beach Preservation Fee Fund, a major fund** and an unbudgeted fund is used to account for and report the proceeds from the beach preservation fees that are restricted for expenditures related to nourishment and restoration of the Town's beaches.
- iii. **The Real Estate Transfer Fee Fund, a major fund** and an unbudgeted fund is used to account for and report the proceeds from the fee equal to one quarter of one percent (0.0025%) of the purchase price upon the transfer of any real property situated within the corporate limits of the Town that is restricted for expenditures related to environmental conservation.
- iv. The Accommodations Tax Fund, a major fund and an unbudgeted fund is used to account for and report the proceeds from the state-imposed two percent (2%) tax levied on rentals of transient accommodations within the corporate limit that are restricted for expenditures related to tourism promotion.
- v. The Hospitality Fees Fund, a major fund and an unbudgeted fund is used to account for and report the proceeds from the two percent (2%) tax levied on the sale of prepared meals and beverages sold in establishments or sales of prepared meals and beverages sold in establishments licensed for on-premise consumption of alcoholic beverages, beer or wine that are restricted for expenditures that enhance the health, safety, and general welfare of the Town.
- vi. **The Natural Disasters Fund, a major fund** and an unbudgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures related to the Town's response to a natural disaster or declared emergency.
- vii. **The Federal Grants Fund, a major fund** and an unbudgeted fund, is used to account for and report the proceeds related to the American Rescue Plan Act federal funds received by the Town.
- viii. The Town also reports the Palmetto Electric Franchise Fees Fund, the Operating Grants Fund, the Home Grant Fund, the Road Usage Fee Fund, and the Firemen's Fund as unbudgeted non-major special revenue funds.

**Debt service funds** are used to account for the accumulation of resources and payments of long-term bond principal and interest from government resources. The Debt Service Fund, a major fund and a budgeted fund, is used to account for and report the accumulation of financial resources that are restricted for the payment of all long-term debt principal, interest and related costs for the Town.

*Capital projects funds* are used to account for and report financial resources that are restricted, committed, or assigned for (a) the acquisition, construction, or renovation of major capital facilities, (b) ongoing major improvement projects which usually span more than one year, and (c) major equipment or other capital asset acquisitions which are not financed by another fund. The Capital Projects Fund, a major fund and a budgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures of capital outlay related to equipment, site acquisitions, construction renovation of capital facilities, and other capital assets for the Town except for those financed in the Enterprise Fund.

**Proprietary Fund Types** are accounted for based on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Proprietary funds are made up of two classes: enterprise funds and internal service funds. The Town has one enterprise fund and has no internal service funds.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of enterprise funds are primarily charges for services and fees. Operating expenses for enterprise funds include the expense for providing goods and services, administrative expenses, maintenance, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating items. Proprietary fund types include the following fund:

The Stormwater Fund, a major enterprise fund and a budgeted fund is used to account for and report the costs associated with the management, construction, maintenance, protections, control, regulation, use, and enhancement of stormwater systems and programs within the Town limits in concert with Beaufort County and other water resource management programs. Costs are recovered through user charges in a manner similar to private business enterprises.

## C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity

## 1. Cash, Cash Equivalents, and Investments

The Town considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and investments in the South Carolina Pooled Investment Fund ("Pool") to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) that are not purchased from the pool are reported as investments.

The Town's investment policy is designed to operate within existing statutes (which are identical for all funds, fund types and component units within the State of South Carolina). The statutes of the State of South Carolina authorize the Town to invest in the following:

- (a) Obligations of the United States and its agencies, the principal and interest of which is fully guaranteed by the United States.
- (b) Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

## 1. Cash, Cash Equivalents, and Investments (Continued)

- (c) (i) General obligations of the State of South Carolina or any of its political units; or (ii) revenue obligations of the State of South Carolina or its political units, if at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (a) and (b) above held by a third party as escrow agent or custodian, of a fair value not less than the amount of the certificates of deposit so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.
- (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made (i) is limited to obligations described in items (a), (b), (c), and (f) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method.

The Town's cash and investment objectives are safety, liquidity and yield. The Town reports its cash and investments at fair value which is normally determined by quoted market prices. The Town currently or in the past year has primarily used the following investments in its operating activities:

- South Carolina Local Government Investment Pool ("SCLGIP") investments are invested with the South Carolina State Treasurer's Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The SCLGIP is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31 "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72 "Fair Value Measurement and Application", investments are carried at fair value determined annually based upon (a) quoted market prices for identical or similar investments or (b) observable inputs other than quoted market prices. The total fair value of the SCLGIP is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1.00. Funds may be deposited by Pool participants at any time and may be withdrawn upon 24 hours' notice. Financial statements for the Pool may be obtained by writing the Office of State Treasurer, Local Government Investment Pool, P.O. Box 11778, Columbia, SC 29211-1960.
- Government mutual funds are generally open-ended funds that invest in short term debt securities (including obligations of the United States and related agencies) that generally have a weighted average maturity of less than one year and do not invest more than 5% in any one issuer, except for government securities and repurchase agreements.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

# 2. Receivables and Payables

During the course of its operations, the Town has numerous transactions occurring between funds. These transactions include expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers in (out). To the extent that certain transactions between funds had not been paid or received as of year-end, balances of interfund receivables or payables have been recorded.

Property taxes receivable represent current real and personal property as well as delinquent real and personal property taxes for the past ten years, less an allowance for amounts estimated to be uncollectible. All net property taxes receivable at year end, except those collected within 30 days, are recorded as unavailable revenue (a component of deferred inflows of resources) and thus not recognized as revenue until collected in the governmental funds.

Property taxes are assessed and collected by Beaufort County under a joint billing and collection agreement. Real property and all personal property taxes other than vehicle property taxes attach as an enforceable lien on property as of January 1<sup>st</sup>. Taxes are levied and billed in October on all property other than vehicles and are payable without penalty until January 15<sup>th</sup> of the following year. Penalties are assessed on unpaid taxes on the following dates: January 16<sup>th</sup> – 3%, February 1<sup>st</sup> – an additional 7%, and March 16<sup>th</sup> – an additional 5%. On March 16<sup>th</sup>, the property tax bills are transferred to the delinquent tax collection office of Beaufort County and the properties are subject to sale. Vehicle property taxes attach a lien and are levied throughout the year depending on when the vehicles' license tags expire. Other personal property taxes are levied in October and are payable by December 31.

The Town records receivables related to federal, state, and local grants when the reimbursable expenditure is incurred, less an allowance for amounts estimated to be uncollectible (if any). All trade, property taxes, grants, and other receivables are shown net of an allowance for uncollectibles.

# 3. Inventories and Prepaid Items

Inventories and prepaid items, if any, in the governmental funds are accounted for using the purchase method (expensed when paid).

## 4. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the governmentwide financial statements. Capital assets used in the operations of governmental funds and not specifically related to activities reported in proprietary funds have been reported as assets in the governmental activities column of the government-wide financial statement. Capital assets are defined by the Town as assets including, but not limited to, land, buildings, machinery and equipment with an initial individual cost of \$5,000 or more and an estimated useful life in excess of one year. The only exception to the \$5,000 threshold is software acquisition. Software and other associated intangibles with an initial individual cost of \$50,000 or more and an estimated useful life in excess of two years are capitalized.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

# 4. Capital Assets (Continued)

Capital assets are recorded at historical cost or estimated historical cost if not purchased or constructed. Donated capital assets are recorded at estimated acquisition value (as estimated by the Town) at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated on the straight-line method using the following estimated useful lives:

|                                    | Estimated<br>Useful Life in |
|------------------------------------|-----------------------------|
| Category                           | Years                       |
| Building                           | 25-30 years                 |
| Infrastructure                     | 25 years                    |
| Vehicles                           | 8-15 years                  |
| Furniture, fixtures, and equipment | 5-20 years                  |
| Roads                              | 25-30 years                 |
| Waterway                           | 30 years                    |
| Dams                               | 30-50 years                 |
| Software                           | 10 years                    |

## 5. Compensated Absences

The Town has a policy to accrue compensated absences for employees when the obligation relating to the employee's rights to receive compensation is attributable to the employee's services already rendered, when the rights vest and accumulate and when the payment is payable. Vacation pay meets the above criteria for accrual, whereas sick pay does not. Sick pay does not vest until an employee is eligible to retire. In accordance with GASB Statement No. 16, "*Accounting for Compensated Absences*", no liability is recorded for nonvesting accumulative rights to receive sick pay benefits. The entire compensated absence liability and expense is reported on the government-wide financial statements. Governmental funds will only recognize a liability for compensated absences if they are significant and have matured, for example, as a result of employee resignations or retirements.

Upon retirement, the value of sick leave accruals is contributed to a retirement health savings plan.

The General Fund is used to liquidate the liability for compensated absences.

## 6. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method (as it approximates the effective interest method) if material. Debt is reported net of applicable bond premiums and discounts. Issuance costs are expensed in the period incurred.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current financial resources. However, claims and judgments, debt, compensated absences, contractually required pension contributions, special termination benefits and other similar long-term liabilities that will eventually be paid from governmental funds are not reported as a liability in the fund financial statements until due and payable.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

## 6. Accrued Liabilities and Long-Term Obligations (Continued)

In the governmental fund financial statements, bond premiums, discounts and bond issuance costs are recognized immediately. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

# 7. Deferred Outflows and Inflows of Resources

As defined by GASB Concept Statement No. 4 "*Elements of Financial Statements*", deferred outflows of resources and deferred inflows of resources represent the consumption of net assets by the government that are applicable to a future reporting period and an acquisition of net assets by the government that are applicable to a future reporting period, respectively.

In addition to assets, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has two types of deferred outflows of resources: (1) The Town reports *deferred charges on bond refundings* in its Statement of Net Position. *Deferred charges on bond refundings*, which are the differences between the reacquisition prices and the net carrying amounts of the defeased debt, are deferred and amortized over the shorter of the life of the refunding or refunded bonds. Amortization of *deferred charges on bond refundings* is included in interest expense in the Statement of Activities. (2) The Town also reports *deferred pension charges* in its Statement of Net Position in connection with its participation in the South Carolina Police Officers Retirement System. These *deferred pension charges* are either (a) recognized in the subsequent period as a reduction of the net pension liability (which includes pension contributions made after the measurement date) or (b) amortized in a systematic and rational method as pension expense in future periods in accordance with GAAP.

In addition to liabilities, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town currently has three types of deferred inflows of resources: (1) The Town reports *unavailable revenue* only in the governmental funds balance sheet. These items are deferred and recognized as an inflow of resources (revenue) in the period the amounts become available. (2) The Town reports *deferred gains on bond refundings* in its Statement of Net Position. *Deferred gains on bond refundings*, which are the differences between the reacquisition prices and the net carrying amounts of the defeased debt, are deferred and amortized over the shorter of the life of the refunding or refunded bonds. Amortization of *deferred gains on bond refundings* in its Statement of Activities. (3) The Town also reports *deferred pension credits* in its Statement of Net Position in connection with its participation in the South Carolina Police Officers Retirement System. These *deferred pension credits* are amortized in a systematic and rational method and recognized as a reduction of pension expense in future periods in accordance with GAAP.

## 8. Fund Balance

In accordance with GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions" ("GASB #54"), the Town classifies its governmental fund balances as follows:

**Nonspendable** – includes amounts that inherently cannot be spent either because they are not in spendable form (i.e. prepaids, inventories, etc.) or because of legal or contractual requirements (i.e. principal on an endowment, etc.).

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

## 8. Fund Balance (Continued)

**Restricted** – includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

**Committed** – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action made by the highest level of decision making authority (Town Council) before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed amounts for the Town consist of amounts passed and approved by resolution by Town Council ("Council").

**Assigned** – includes amounts that are intended to be used for specific purposes that are neither considered restricted nor committed and that such assignments are made before the report issuance date. The Town reserves the right to assign fund balance by a simple majority vote of Council.

**Unassigned** – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts of restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The Town generally uses restricted amounts first when both restricted and unrestricted (committed, assigned, and unassigned) fund balance is available unless there are legal documents, contracts, or agreements that prohibit doing such. Additionally, the Town generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. See Note III.D for more information on fund balance.

## 9. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the Statement of Net Position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments. See Note III.E for more information on net position.

## 10. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures are recorded to reflect the use of the applicable spending appropriations, is used by the General Fund during the year to control expenditures. Encumbrances do not constitute expenditures or liabilities. For budget purposes encumbrances any unused expenditure appropriations lapse at year end.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

## 11. Pensions

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting (see Note IV.B and the required supplementary information immediately following the notes to the financial statements for more information), regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting. The Town recognizes a net pension liability for each qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified pension plan, or the Town's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the Town's fiscal year-end.

Changes in the net pension liability during the period are recorded as pension expense, or as deferred outflows or inflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows or inflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

## 12. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of these balances as of the date of the financial statements. In addition, they affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and assumptions.

# 13. Fair Value

The fair value measurement and disclosure framework provides for a three-tier fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Town can access at the measurement date.
- Level 2 Inputs to the valuation methodology, other than quoted prices included in Level 1, that are observable for an asset or liability either directly or indirectly and include:
  - Quoted prices for similar assets and liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted market prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

## 13. Fair Value (Continued)

Level 3 – Inputs to the valuation methodology that are unobservable for an asset or liability and include:

• Fair value is often based on developed models in which there are few, if any, observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable values or reflective of future fair values. The Town believes that the valuation methods used are appropriate and consistent with GAAP. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes from the prior year in the methodologies used to measure fair value.

## 14. Comparative Data

Comparative data (i.e. presentation of prior year totals by fund type) has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

# II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

## A. Budgetary Information

Annual appropriated budgets are adopted for the General Fund, Debt Service Fund, Capital Projects Fund and the Stormwater Fund. The Town uses the following procedures in establishing budgetary data reflected in these financial statements:

- 1. The Town Manager submits to Town Council a proposed operating budget for the General Fund, Capital Projects Fund, Debt Service Fund and Stormwater Fund for the year which includes proposed expenditures and the means of financing them.
- 2. Public hearings are held for taxpayers' comments for the General Fund, Capital Projects Fund, Debt Service Fund and Stormwater Fund budgets.
- 3. The budgets are legally enacted and adopted by Town Council.
- 4. Budgetary transfers between departments and projects may be authorized by the Town Manager for up to \$100,000: however, large transfers and any revisions that alter the total expenditures of any fund must be approved by Town Council.

The expenditures may not legally exceed appropriations at the fund level except for additional funds received as grants or donations. Appropriations except capital projects lapse at year-end.

## NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

## **III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES**

## A. Deposits and Investments

#### **Deposits**

<u>Custodial Credit Risk for Deposits</u>: Custodial credit risk for deposits is the risk that, in the event of a bank failure, the Town's deposits might not be recovered. The Town does not have a formal deposit policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2022, none of the Town's bank balances of approximately \$3,055,000 (with a carrying value of approximately \$2,596,000) were exposed to custodial credit risk.

#### Investments

As of June 30, 2022, the Town had the following investments and maturities:

| Investment Type                     | Fair Value<br>Level <sup>(1)</sup> | Credit Rating^ | Fair Value        | Investment<br>Maturity<br>in Years |
|-------------------------------------|------------------------------------|----------------|-------------------|------------------------------------|
| SC Local Government Investment Pool | N/A <sup>(2)</sup>                 | NR, NR         | \$<br>120,719,096 | < 1 year                           |

| Governmental Securities             | Level 1                            | NA, NA         | 13,501            | < 1 year                           |
| United States Treasury              | Level 1                            | *              | 45,724,929        | < 1 year                           |
| United States Treasury              | Level 1                            | *              | 10,745,781        | 1-3 years                          |
| Total                               |                                    |                | \$<br>178,830,051 |                                    |

<sup>(1)</sup> See Note I.C.13 for the details of the Town's fair value hierarchy

<sup>(2)</sup> Investments that have a net asset value are not subject to the fair value hierarchy.

\* Credit ratings are not required for obligations of the US government.

^ If available, credit ratings are for Standard & Poor's and Moody's Investors Services.

NA - Not Available

NR - Not Rated

**Interest Rate Risk:** Interest rate risk is limiting investment maturities to help manage exposure to fair value losses from increasing interest rates. The Town's policy is to minimize interest rate risk by (1) structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations; thereby, avoiding the need to sell securities on the open market prior to maturity and (2) investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

<u>Custodial Credit Risk for Investments:</u> Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have an investment policy for custodial credit risk but follows the investment statutes of the state of South Carolina. As of June 30, 2022, none of the Town's investments were exposed to custodial credit risk.

<u>Credit Risk for Investments</u>: Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Town's investment policy minimizes credit risk by limiting investments to the types of securities in compliance with the provisions of South Carolina statutes as discussed previously.

<u>Concentration of Credit Risk for Investments</u>: The Town places no limit on the amount the Town may invest in any one issuer. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from concentration of credit risk disclosures.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED JUNE 30, 2022

# **III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)**

## A. Deposits and Investments (Continued)

#### **Investments (Continued)**

Certain cash, cash equivalents and investments of the Town are legally restricted for specified purposes. The major types of restrictions at June 30, 2022 were (a) those imposed by the revenue source (i.e. hospitality tax, accommodation taxes, impact assessment fees, etc.) and (b) unspent bond proceeds.

## **Reconciliation to the Financial Statements**

The following table reconciles the amounts reported as deposits and investments in the notes to the financial statements to cash and cash equivalents reported in the financial statements:

| Financial Statem          | ents           |
|---------------------------|----------------|
| Statement of Net Position |                |
| Cash and Cash Equivalents | \$ 181,425,602 |
| Total                     | \$ 181,425,602 |
|                           |                |
| Notes                     |                |
| Deposits and Cash on Hand | \$ 2,595,551   |
| Investments               | 178,830,051    |
| Total                     | \$ 181,425,602 |

## B. Receivables and Unavailable and Unearned Revenues

## **Property Taxes**

The Town's fiscal year 2022 real and business personal property taxes (which were for tax year 2021) were levied on September 30, 2021 and were due beginning on this date based on the assessed valuation as of January 1, 2021. Property taxes are considered late on January 16, 2022. Motor vehicle property tax is levied and collected on a portion of taxable vehicles monthly. Assessed values are established by the Beaufort County Tax Assessor and the South Carolina Tax Commission. The Town's current operating, debt service, and natural disasters millage rates were 17.20 mills, 5.90 mills, and 5.00 mills, respectively. Town property taxes are billed and collected by Beaufort County under a joint billing and collection agreement.

## Unavailable and Unearned Revenues

Governmental funds report as a component of deferred inflows of resources (a) revenues that are not considered to be available to liquidate liabilities (unavailable revenue) and (b) revenues that have been received but are intended to finance future periods (deferred revenue). Governmental funds also defer revenue recognition and report liabilities in connection with resources that have been received but not yet earned (unearned revenue).

| Total Fund Balance               |  | \$<br>179,079,216 |  |  |

In relation to fund balance committed for Disaster Recovery, the Town Council has established:

- Committed for Operating Expenditures The Town will establish and maintain an operating balance based on a range with a minimum of 40% up to a maximum of 55% of the Town's adopted fiscal year operating budget. The operating balance may be utilized for emergency purposes in post-disaster occurrences; to offset an early fiscal year tax revenue income stream deficiency; and to avoid emergency Town borrowing or use of tax anticipation notes. The Director of Finance is authorized to transfer the amount of undesignated fund balance above the 40% maximum into the debt service fund to maintain an account for the reduction of Town debt. This account shall be called debt defeasance. An annual report shall be given each year in conjunction with the budget. The Town had the maximum 55% committed in fund balance of approximately \$26,742,000 at June 30, 2022.
- **Committed for Advertising Expenditures** The Town will set aside 2% of the 2% local hospitality tax and 5% of the 1% local accommodations tax revenues collected annually into an advertising account. These funds are committed for disaster management communications oriented programs. The fund will be used to provide post disaster advertising, a communications link to emergency agencies, and media programs to provide public notice. Funds may be distributed upon authorization by the Town Manager. The total amount of funds for this purpose will not exceed \$1,000,000, which is included in the Natural Disasters Fund. Annual interest earned on funds will also be deposited into the account.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)**

### **D.** Fund Balances (Continued)

**Committed for Beach Renourishment** – The Town will hold in an interest bearing account a portion of the amounts on deposit in the Town of Hilton Head Island Beach Preservation Fee Account. The amount to be held in this account shall not exceed \$12 million. At June 30, 2022 the balance was approximately \$5,080,000.

### E. Net Position

The Town has reported unrestricted net position of approximately \$16,887,000, which includes approximately \$15,896,000 related to the Town's its proportionate share of the net pension liability. The Town does not anticipate funding this liability and will continue to contribute to the pension plan at State required contribution rates.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)**

### F. Accommodations Tax Fund

Accommodations Tax Fund is a Special Revenue Fund used to record Accommodations Tax receipts and grants approved by Town Council payable out of appropriations. Thirty percent (approximately \$4,061,000) and five percent (approximately \$677,000) of Accommodations Taxes after deducting a \$25,000 transfer to the General Fund are required to be transferred to the Hilton Head Island Chamber of Commerce Visitor and Convention Bureau and the General Fund, respectively. The remaining amounts are allocated to various projects approved by Town Council and these projects must be tourism-related. Town Council has adopted a policy whereby the appropriations for an individual grant will lapse if the project is not underway by December 31 of the year following appropriation. The grant can be extended, by the Town Manager, for one additional calendar year.

Due to the COVID-19 disruption, Town Council approved a one-year extension for all 2020 Accommodation Tax grants, enabling the grant recipients the ability to use the 2020 funding through December 31, 2021, if needed.

Town Council has approved amounts for calendar year 2022 as follows:

| Grantee                                   | Appropriations |
|---|----------------|
| Art League of Hilton Head                 | \$ 95,000      |
| Arts Center of Coastal Carolina           | 405,000        |
| David M. Carmines Memorial Foundation     | 19,600         |
| Gullah Museum of Hilton Head Island       | 125,000        |
| Harbour Town Merchants Assoc.             | 23,000         |
| Hilton Head Choral Society                | 50,000         |
| Hilton Head Concours d'Elegance           | 307,000        |
| Hilton Head Dance Theater                 | 19,000         |

Capital asset depreciation expense for business-type activities was charged to functions/programs as follows:

|               | Depreciation |  |  |  |  |
|---------------|--------------|--|--|--|--|
| Stormwater \$ | 1,004,547    |  |  |  |  |
| Total \$      | 1,004,547    |  |  |  |  |

Improvements by the Town to roads and other infrastructure owned by the federal, state, or local governments are not capitalized but are expensed as incurred as community services expenditures.

### H. Long-Term Obligations

The Town issues bonds to provide funds for the acquisition and construction of major capital facilities as well as the purchase of land. General Obligation Bonds ("GOB") are direct obligations and pledge the full faith and credit of the Town. Tax Increment Financing Bonds ("TIFB") are considered a special obligation of the Town payable solely from ad valorem taxes generated by improvements to real property within the redevelopment project area. The full faith, credit, and taxing powers of the Town are not pledged for the payment of the TIFB nor the interest thereon. Special Obligation Bonds ("SOB") are considered a special obligation of the Town payable from a specified revenue source, such as hospitality tax, beach preservation fees, stormwater fees, etc. The full faith, credit and taxing powers of the Town are not pledged for the payment of the Town are not pledged for the payment of the SOB nor the interest thereon.

### **III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)**

### H. Long-Term Obligations (Continued)

Details on the Town's outstanding debt issues as of June 30, 2022 are as follows:

### **General Obligation Bonds**

### \$5,005,000 General Obligation Bonds Dated September 9, 2009

On September 9, 2009, the Town issued \$5,005,000 in general obligation bonds with an average interest rate of 2.72% to advance refund \$4,900,000 general obligation bonds dated November 16, 1999 with an average interest rate of 5.56%. The net proceeds of \$5,248,484 including a premium of \$34,061 (after payment of \$139,061 in issuance costs) and funds on hand were used to purchase United States government securities. These general obligation bonds were refunded to reduce total debt service payments over the life of the bonds and to obtain an economic gain. A schedule of the amount due for this issue follows:

|                |               | Governmental Activities |        |           |    |           |  |
|----------------|---------------|-------------------------|--------|-----------|----|-----------|--|
| For the Year   | Interest Rate |                         |        |           |    |           |  |
| Ending June 30 | by Year (%)   | Interest                |        | Principal |    | Total     |  |

TIF revenues are transferred to the Debt Service Fund in amounts sufficient to repay these special obligation bonds.

### \$16,520,000 Special Obligation Bonds (Hospitality) Dated October 29, 2019

On October 29, 2019, the Town issued \$16,520,000 in special obligation refunding bonds (hospitality) with a net interest rate of 2.84% to advance refund the remaining portion of the Town's outstanding Series 2011A and Series 2011B Special Obligation Bonds. The net proceeds of \$16,006,603 (net of issuance costs of \$513,397), along with \$1,635,176 released from the Series 2011 Bond debt service reserve funds, were used to purchase United States government securities placed in an irrevocable trust for in-substance defeasance. These special obligation bonds were refunded to reduce total debt service over the life of the bonds by \$2,524,469 and to obtain a net present value economic gain of \$433,665. A schedule of the amount due for this refunding is as follows:

Payments on these special revenue bonds will be funded with Stormwater revenues.

### Legal Debt Limit

Article Ten (X), Section Fourteen (14) of the South Carolina Constitution of 1895 as amended provides that a City or Town shall incur General Obligation Debt over the eight percent (8%) limit when approved by a majority vote of qualified electors of the political subdivision voting in a referendum authorized by law. There shall be no conditions or restrictions limiting the incurring of such indebtedness except:

- a. Those restrictions and limitations imposed in the authorization to incur such indebtedness;
- b. The provisions of Article Ten (X) Section 14; and
- c. Such general obligation debt shall be issued within five years of the date of such referendum and shall mature within forty (40) years from the time such indebtedness shall be incurred.

In addition, Hilton Head Island's Town Council imposes an 80% cap on the debt limit or a minimum of \$20,000,000. Below is the calculation of the legal debt limit as of June 30, 2022:

| Assessed Value   | \$           | 1,024,464,810 |
|--|--------------|---------------|
| Debt Limit - Eight Percent (8%) of                         |              |               |
| Assessed Value, without voter's                            |              |               |
| approval   |              | 81,957,185    |
| Council Imposed 80% Cap or Minimum of \$20,000,000         |              | 61,957,185    |
| Amount of Debt Applicable to Debt Limit:                   |              |               |
| General Obligation Bonds 2009A (Refunding of Series 1999A) | (1,385,000)  |               |
| General Obligation Bonds 2013A (Partial)                   | (157,778)    |               |
| General Obligation Bonds 2017A                             | (26,670,000) |               |
| General Obligation Bonds 2017B                             | (3,465,000)  |               |
| General Obligation Bonds 2019                              | (4,520,000)  |               |
| General Obligation Bonds 2020B (Refunding)                 | (3,402,439)  |               |

### Defeased Debt

The Town has defeased various bond issues by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. The liability of the defeased bonds has been removed from the Town's long-term debt and the trust account assets are not included in these statements. At June 30, 2022, outstanding in-substance defeased debt was \$5,585,000 and is scheduled for payment on March 1, 2023.

### Debt from Direct Placement / Borrowing

The Town's outstanding Series 2017 Tax Increment Financing Bonds, Series 2018 Stormwater Revenue Bonds, and Series 2021 Stormwater Revenue Bonds are direct placements / direct borrowings. Direct placements / borrowings generally contain provisions that in an event of default, outstanding amounts can become immediately due if the Town is unable to make payment, and they may contain collateral provisions.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION**

### A. Contingencies

Arbitrage - State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal government. To retain the bond's tax exempt status, local governments must meet the regulations as adopted by the U.S. Treasury Department. The proceeds from the bond issue must not be invested, for more than a temporary period, in obligations producing a materially higher yield than the bond issue. To maintain tax exempt status, the yield earned at the materially higher rate over the bond cost must be remitted to the U.S. Treasury every five years. Exceptions to the regulations include the requirement that the local government expend all the bond proceeds within designated periods which could be up to three years. Based on preliminary calculations by the Town's Management, the Town is not earning materially higher yields and it expects to expend all funds within the designated time.

Risk Management and Litigation - The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in the State of South Carolina insurance fund and also purchases commercial insurance as its primary defense against losses arising from the above. The fund provides beneficial insurance rates with regular insurance coverage. The fund is not considered a risk pool. The amount of settlements has not exceeded insurance coverage over the past three fiscal years.

The Town has also designated a portion of its fund balance to defray the extraordinary costs it anticipates it would incur during a natural disaster. These anticipated costs are for employee overtime, disaster aid and the like. All risk management activities are accounted for in the general fund.

Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. No amount for claims has been accrued at June 30, 2022.

Lawsuits - The Town has been named in several lawsuits concerning zoning, enforcement of Town ordinances and for performance. None of these suits claim any damages.

The Town has been named in several lawsuits concerning other matters asserting monetary damages. The cases are in preliminary stages and the possible outcome or damages are unknown at this time. The Town carries liability insurance, and these lawsuits, with the exception of the lawsuit discussed below, should be covered. Management does not believe that any of these will have a material effect on the financial statements.

Beaufort County Sheriff's Fees – The Town has accrued \$2,000,000 per year for sheriff's services provided by Beaufort County for the fiscal year ended June 30, 2022. In prior fiscal years, the Town paid over \$3,000,000 per year to Beaufort County for sheriff's services.

After completing a study of the services provided by the sheriff's office, the Town determined that the sheriff's services provided by Beaufort County were consistent with the sheriff services provided to other areas of Beaufort County. Therefore, the Town's position was the sheriff services provided should be covered by the property taxes paid by Town property owners to the County, and no additional fees should be paid by the Town to Beaufort County.

Negotiations between the Town and Beaufort County failed in July 2020, where the Town proposed to pay \$2,000,000 per year for sheriff's services and for the Town to take on some additional financial responsibilities from the County.

The Town has estimated that \$4,000,000 is the appropriate liability for sheriff's services provided by Beaufort County for the fiscal year ended June 30, 2022 and has properly accrued a liability equal to that amount. This liability is included in Due to Other Governments on the financial statements.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans

### Great-West Life and Annuity Retirement Plan

The Town established a defined contribution 401(a) money purchase plan on February 15, 1984, effective for the fiscal year beginning July 1, 1984, for all full-time employees. That Plan was effective through December 31, 1996, at which time the funds were rolled over to a 401(k) plan effective January 1, 1997. The plan is administered by and the funds are held by the Great-West Life & Annuity Company, a retirement plan administrator. All full-time and part-time employees are covered by the plan except those covered by the South Carolina Police Officers Retirement System ("PORS") plan and are fully vested after five years of service. The plan calls for employer contributions to include a 5% automatic contribution, 100% match of the employee's first 4% contribution and 50% match of the next 4% contributed. All plan amendments must be approved by the Town Manager or his designee.

For the years ended June 30, 2022, 2021, and 2020, employer contributions were based on a total payroll of approximately \$9,673,000, \$9,762,000, and \$9,548,000, respectively. The amount contributed by the employer for the year ended June 30, 2022 was approximately \$994,000 or 10.3% of covered payroll. During the years ended June 30, 2021 and 2020, approximately \$1,006,000 and \$974,000 were contributed to the plan by the employer, respectively. Employee contributions to the plan were approximately \$857,000 or 8.9% of covered payroll for year ended June 30, 2022.

### State Retirement Plan

The Town participates in the State of South Carolina's retirement plans. The South Carolina Public Employee Benefit Authority ("PEBA"), created on July 1, 2012, is the state agency responsible for the administration and management of the various retirement systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("Systems") five defined benefit plans. PEBA has an 11-member Board of Directors ("PEBA Board"), appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The PEBA issues an Annual Comprehensive Financial Report containing financial statements and required supplementary information for the System' Pension Trust Funds. The Annual Comprehensive Financial Report is publicly available through the PEBA's website at <u>www.peba.sc.gov</u>, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. The PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the Annual Comprehensive Financial Report of the state.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Plan Description

The South Carolina Police Officers Retirement System ("PORS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firefighters. PORS also covers peace officers, coroners, probate judges, and magistrates.

### Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under the system is presented below.

• PORS – To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in the PORS. Magistrates are required to participate in the PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

### Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of benefit terms for the system is presented below.

• PORS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Plan Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability ("UAAL") over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the one percent increase in the PORS employer contributions are not sufficient to meet the funding periods set in state statute, the PEBA Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the PEBA Board is prohibited from decreasing the PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the PEBA Board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1, and annually thereafter as necessary, the PEBA Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent.

As noted earlier, both employees and the Town are required to contribute to the Plans at rates established and as amended by the PEBA. The Town's contributions are actuarially determined but are communicated to and paid by the Town as a percentage of the employees' annual eligible compensation. Required employer and employee contribution rates are as follows:

|                                | PORS Rates |
|--------------------------------|------------|
|                                | 2022       |
| Employer Contribution Rate:^   |            |
| Retirement                     | 18.84%     |
| Incidental Death Benefit       | 0.20%      |
| Accidental Death Contributions | 0.20%      |
|                                | 19.24%     |
| Employee Contribution Rate^    | 9.75%      |
|                                |            |

^ Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Plan Contributions (Continued)

The actual and required contributions to the PORS were approximately \$1,825,000 for the year ended June 30, 2022 and include the nonemployer contributions noted below.

### Nonemployer Contributions

In an effort to help offset a portion of the burden of the increased contribution requirement for employers, the State General Assembly ("State") funded 1 percent of the PORS contribution increases for the year ended June 30, 2022. The State's budget appropriated these funds directly to the PEBA for the Police Officers Retirement System Trust Fund. The amount of funds appropriated by the State (nonemployer contributing entity) for the year ended June 30, 2022 were approximately \$81,000 for the PORS. These contributions (on-behalf benefits) from the State were recognized as intergovernmental revenues and pension expenditures in the Town's governmental fund financial statements.

### Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019.

The June 30, 2021 total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by the consulting actuary, Gabriel, Roeder, Smith and Company, and are based on an actuarial valuation performed as of July 1, 2020. The TPL was rolled-forward from the valuation date to the Plans' fiscal year end, June 30, 2021, using generally accepted actuarial principles. There was no legislation enacted during the 2021 legislative session that had a material change in the benefit provisions for any of the systems. In FY 2021, the PEBA Board adopted updated demographic assumptions. Also, the General Assembly permitted the investment return assumption at July 1, 2021 to decrease from 7.25% to 7.00%, as provided by Section 9-16-335 in South Carolina State Code.

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2021 (measurement date) for the PORS.

PORS

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Actuarial Assumptions and Methods (Continued)

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table ("2020 PRSC"), were developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

| Former Job Class   | Males                                 | Females                                 |
|--|---------------------------------------|---|
| Educators  | 2020 PRSC Males<br>multiplied by 95%  | 2020 PRSC Females<br>multiplied by 94%  |
| General Employees and Members<br>of the General Assembly | 2020 PRSC Males<br>multiplied by 97%  | 2020 PRSC Females<br>multiplied by 107% |
| Public Safety and Firefighters                           | 2020 PRSC Males<br>multiplied by 127% | 2020 PRSC Females<br>multiplied by 107% |

### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2021 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the following table. For actuarial purposes, the 7.00 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

| Allocation/Exposure                | Policy Target | Expected Arithmetic Real<br>Rate of Return | Long-Term Expected<br>Portfolio Real Rate of<br>Return |
|------------------------------------|---------------|--|--|
| Public Equity                      | 46.0%         | 6.87%                                      | 3.16%  |
| Bonds                              | 26.0%         | 0.27%                                      | 0.07%  |
| Private Equity                     | 9.0%          | 9.68%                                      | 0.87%  |
| Private Debt                       | 7.0%          | 5.47%                                      | 0.39%  |
| Real Assets                        | 12.0%         |  |  |

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The NPL is calculated separately for each System and represents that particular System's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of the June 30, 2021 measurement date, for the PORS, are presented in the following table:

|        |                         |               |                                |    |  | Plan Fiduciary Net<br>Position as a Percentage |   |
|--------|-------------------------|---------------|--------------------------------|----|--|--|---|
| System | Total Pension Liability |               | Plan Fiduciary Net<br>Position | 1  | oyers' Net Pension<br>iability (Asset) | of the Total Pension<br>Liability              | _ |
| PORS   | \$                      | 8,684,586,488 | 6,111,672,064                  | \$ | 2,572,914,424                          | 70.4%  | ) |

The TPL is calculated by the Systems' actuary, and each Plans' fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB No. 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the Plans' funding requirements.

At June 30, 2022, the Town reported a liability of approximately \$15,896,000 for its proportionate share of the NPL for the PORS. The NPL were measured as of June 30, 2021, and the TPL for the Plans used to calculate the NPL were determined based on the most recent actuarial valuation report of July 1, 2020 that was projected forward to the measurement date. The Town's proportion of the NPL were based on a projection of the Town's long-term share of contributions to the Plans relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At the June 30, 2021 measurement date, the Town's PORS proportion was 0.61783 percent, which was an increase of 0.04356 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Town recognized pension expense of approximately \$1,714,000 PORS. At June 30, 2022, the Town reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

| Description  | 0  | Deferred<br>outflows of<br>Resources | 2  | erred Inflows<br>Resources |
|--|----|--------------------------------------|----|----------------------------|
| PORS   |    |                                      |    |                            |
| Differences Between Expected and Actual Experience                               | \$ | 540,777                              | \$ | 49,507                     |
| Change in Assumptions  |    | 1,133,796                            |    | -                          |
| Net Difference Between Projected and Actual Earnings on Pension Plan Investments |    | -                                    |    | 3,563,868                  |
| Changes in Proportion and Differences Between the Employer's                     |    |                                      |    |                            |
| Contributions and Proportionate Share of Contributions                           |    | 947,208                              |    | 289,615                    |
| Employer Contributions Subsequent to the Measurement Date                        |    | 1,743,714                            |    | -                          |
| Total PORS   | \$ | 4,365,495                            | \$ | 3,902,990                  |

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### **B.** Retirement Plans (Continued)

### State Retirement Plan (Continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Approximately \$1,744,000 that was reported as deferred outflows of resources related to the Town's contributions subsequent to the measurement date to the PORS, will be recognized as a reduction of the NPL in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to the PORS will increase (decrease) pension expense as follows:

| Year Ended<br>June 30,       | PORS  |
|------------------------------|---|
| 2023<br>2024<br>2025<br>2026 | \$<br>(99,722)<br>58,735<br>(18,789)<br>(1,221,433) |
| Total                        | \$<br>(1,281,209)                                   |

### Discount Rate

The discount rate used to measure the TPL was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in the PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

### Sensitivity Analysis

The following table presents the sensitivity of the Town's proportionate share of the NPL of the Plans to changes in the discount rate, calculated using the discount rate of 7.00 percent, as well as what it would be if it were calculated using a discount rate that is 1% point lower (6.00 percent) or 1% point higher (8.00 percent) than the current rate:

| System   |    | % Decrease | Current Discount Rate | 1% Increase |            |  |
|--|----|------------|-----------------------|-------------|------------|--|
|  |    | (6.00%)    | (7.00%)               | (8.00%)     |            |  |
| Town's proportionate share<br>of the net pension liability of the PORS | \$ | 23,063,426 | 15,896,250            | \$          | 10,025,237 |  |

### Plan's Fiduciary Net Position

Detailed information regarding the fiduciary net position of the Plans administered by the PEBA is available in the separately issued Annual Comprehensive Financial Report containing financial statements and required supplementary information for the PORS. The Annual Comprehensive Financial Report is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### C. Health Plans

In January 2001, the Town instituted a medical expense reimbursement plan whereby the Town contributes a set amount each year per employee. The employees submit reimbursement requests for qualified expenses to Human Resources. Amounts not used during the calendar year are carried over to the next year, subject to a \$5,000 cap. The Town's liability under this plan totaled approximately \$355,000 at June 30, 2022, and is included as a liability in the General Fund in accrued payroll, benefits, and other liabilities. During the fiscal year ended June 30, 2022, the Town reimbursed approximately \$182,000 in claims under this plan.

In January 2005, the Town also instituted a preventive dental care reimbursement plan whereby employees covered by the State Dental Plan are eligible for reimbursement of out-of-pocket expenses associated with preventive dental care up to an established limit each year. The reimbursement is available to the employee and their dependents provided they are covered under the State Dental Plan. Unused funds are forfeited at the end of the year. For the period ended June 30, 2022 the limit was \$150 per covered individual, and the Town's liability under this plan totaled approximately \$74,000 at June 30, 2022, and is included in the General Fund in accounts payable. During the fiscal year ended June 30, 2022, the Town reimbursed \$9,300 in claims under this plan.

### **D.** Contract Commitments

### **Commitments**

At June 30, 2022, the Town had remaining construction commitments of approximately \$11,042,000 related to ongoing capital activities, including infrastructure improvements, software upgrades, park construction and improvements, and roadway and pathway construction and improvements.

### E. Deferred Compensation Plan

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all government employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely the property and rights of the employee.

The plan is administered by and the funds are held by Great-West, a retirement plan administrator.

Investments are managed by the plan's trustee under a range of investment options. The choice of the investment option(s) is made by the participants.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### F. Postemployment Benefits Other than Pensions

### Plan Description

In February 2002, the Town instituted a defined contribution plan, the Town of Hilton Head Island Retirement Health Savings Plan ("Plan"), whereby the Town contributes funds to each eligible employee's Health Reimbursement Account ("HRA"). The Town has established a Retirement Plan Advisory Committee consisting of members of the Town's Executive Steering Committee and Senior Staff, which have the authority to establish and amend the benefit terms and contribution rates of the Plan. The Plan is administered through a qualified trust managed by Educators Benefit Consultants, LLC.

### Plan Benefits

The Town contributes 100% of forfeited sick leave (hours in excess of the maximum allowed to be accrued as of the end of the calendar year) on an annual basis while actively employed by the Town and 100% of any remaining MedFlex (Town sponsored HRA) balance no later than 60 days after retirement or after the date that the employee is deemed totally or permanently disabled (as defined by PORS or the Town's long-term disability insurance carrier). The Town also contributes 100% of the employee's accumulated sick leave balance upon (1) retirement, (2) the date which the participant is deemed totally or permanently disabled (as defined by PORS or the Town's long-term disability carrier), or (3) death if retirement-eligible. The surviving spouse and/or surviving eligible dependents of the deceased participant are immediately eligible to maintain the account and utilize it to fund eligible medical benefits. If the participant's account balance has not been fully utilized upon the death of the eligible spouse, the account balance may continue to be utilized to pay benefits to eligible dependents. Upon death of all eligible dependents the account balance is forfeited. If there are no living spouse or dependents at the time of death of the participant, the account balance if forfeited. Participants who are eligible to retire but who are (1) involuntarily terminated and not offered the option to retire in lieu of termination, (2) involuntarily terminated after declining the option to retire in lieu of termination, or (3) retirement eligible but die while actively employed by the Town are not eligible to receive employer contributions the balance in their account is forfeited. Forfeitures revert back to the employer for use to offset future employer contributions or other purposes permitted by law.

Participants are 100% vested upon the death, disability or retirement from the Town as follows: (1) upon death of the participant, benefits are payable to the surviving spouse and dependents as described previously; (2) a participant who becomes totally and permanently disabled (as defined by PORS or the Town's long-term disability insurance carrier) is eligible to receive plan benefits; and (3) a participant retires after meeting qualifications as follows: (i) to qualify for retirement under PORS, Class Two members must have 25 years of service credit or be at least 55 with 5 years of earned service credit. Class Three members must have 27 years of service credit or b at least 55 with 8 years or earned service credit; (ii) to qualify for retirement under the Town's retirement plan, an employee must have 25 years of service with the Town or be at least age 55 with 5 years of service with the Town.

### Plan Contributions

The Town contributed approximately \$400,000, including both the retirement and annual contributions, to the trust during the year ended June 30, 2022. The Town does not have a liability related to the defined contribution plan as of June 30, 2022. No contributions other than employer contributions are required nor accepted.

### NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED JUNE 30, 2022

### **IV. OTHER INFORMATION (CONTINUED)**

### G. Proprietary Fund Infrastructure Agreements

The Town has entered into a series of agreements with a number of Public Utility Districts (PUDs) and Homeowner Associations (HOAs). The Town is granted easements to the stormwater infrastructure in certain areas of the Town, and the Town takes responsibility for future maintenance. The Town is currently undergoing a system-wide mapping project to identify all the features within these agreements. Some are known to be impaired. Because of the uncertainty in the condition of the features, the Town has determined a fair valuation cannot be established. The Town has chosen the most conservative reporting position and not recorded any assets for stormwater features within these easements. The Town is recording assets when it incurs costs that meet the capitalization criteria which there were none in the fiscal year ending June 30, 2022.

### H. Road Usage Fee

Effective October 1, 2021, the Town suspended collection of the Road Usage Fee of \$25.00 that was imposed on vehicles registered to an address within the boundaries of the Town. The fee was adopted by the Town in 2016. However, in June 2021, the South Carolina Supreme Court ruled in the Burns, et al. v. Greenville County Council, et al. case that a "service or user fee" – including "uniform service charges" is a charge required to be paid in return for a particular government service or program made available to the payer of that fee that benefits the payer in some manner different from the members of the general public not paying the fee.

Due to the ruling of the Burns, et al. v. Greenville County Council, et al. case, the Town Council believes it is appropriate to suspend the collection of its Road Usage Fee while it evaluates its options relative to ensuring compliance with the legal criteria outlined in the Burns opinion.

### I. Subsequent Events

There were no material subsequent events for the year ended June 30, 2022 as of the date of the report.

### Notes to Schedule:

The notes to the budgetary comparison schedule are an integral part of this schedule.

This schedule has been presented on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America.

The Town's final budget reflected the use of appropriated fund balance of \$219,956. Actual performance was better than budget and no fund balance was used.

### NOTES TO THE BUDGETARY COMPARISON SCHEDULE

### FOR THE YEAR ENDED JUNE 30, 2022

### A. BASIS OF ACCOUNTING

The budgetary comparison schedule has been presented on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America.

### **B. BUDGETARY INFORMATION**

The Town's procedures in establishing the budgetary data reflected in the budgetary comparison schedule are as follows:

- 1. The Town Manager submits to Town Council a proposed operating budget for the General Fund, Capital Projects Fund, Debt Service Fund, and Stormwater Fund for the year which includes proposed expenditures and the means of financing them.
- 2. Public hearings are held for taxpayers' comments for the General Fund, Capital Projects Fund, Debt Service Fund, and Stormwater Fund budgets.
- 3. The budgets are legally enacted through passage of an ordinance by July 1.
- 4. Budgetary transfers between departments and projects may be authorized by the Town Manager for up to \$100,000; however, large transfers and any revisions that alter the total expenditures of any fund must be approved by Town Council.

The expenditures may not legally exceed appropriations at the fund level except for additional funds received as grants or donations. Appropriations lapse at year-end.

SCHEDULE C

**REQUIRED SUPPLEMENTARY INFORMATION - PENSION SCHEDULES** 

TOWN OF HILTON HEAD ISLAND, SOUTH CAROLINA

This page left intentionally blank.

### Supplemental Financial Information

This page left intentionally blank.

### **Supplementary Information**

### Schedules of Revenues, Expenditures, and Changes in Fund Balance – Budgets and Actual

### **Governmental Activities:**

### **General Fund**

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

### **Debt Service Fund**

The Debt Service Fund account is used for accumulating resources for the payment of interest and principal and general long-term obligation debt.

### **Capital Projects Fund**

The Capital Projects Funds account for all resources used for the acquisition or construction of assets and major capital improvements other than those financed by proprietary funds and trust funds.

### **Business-Type Activities:**

### **Stormwater Fees**

The Stormwater Fund is used to account for the costs associated with the management, construction, maintenance, protections, control, regulation, use, and enhancement of stormwater systems and programs within the Town limits of Hilton Head Island in concert with Beaufort County and other water resource management programs.

### Notes to Schedule:

This schedule has been presented on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America.

The Town's final budget reflected the use of appropriated fund balance of \$219,956. Actual performance was better than budget and no fund balance was used.

### Notes to Schedule:

The notes to the budgetary comparison schedule are an integral part of this schedule.

This schedule has been presented on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America.

The Town's original and final budget reflected the use of appropriated fund balance of \$9,174,816 and \$11,662,853, respectively. Actual performance was better than budget.

The Town's original and final budget reflected the use of appropriated net position of \$560,000. Actual performance was better than budget and no net position was used.

### **Supplementary Information**

### **Combining and Individual Fund Financial Schedules**

### **Non-Major Governmental Funds**

<u>Special Revenue Funds</u> – These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

- 1. <u>Palmetto Electric Franchise Fees</u> This fund is used to account for franchise fees paid by Palmetto Electric Cooperative, Inc. These funds will be utilized to offset costs associated with the undergrounding (placement underground) of all existing and future non-transmission lines owned by Palmetto Electric pursuant to the terms and conditions of the Franchise Agreement and related Underground Service Agreement between the Town and Palmetto Electric.
- 2. <u>Operating Grants</u> This fund was established to account for revenues and expenditures of the Town's operating grants.
- 3. <u>Home Grant</u> Homeownership Assistance Program provides a no-interest, ten-year deferred loan to prospective, income-qualified homebuyers to meet down payment and closing cost requirements.
- 4. <u>Road Usage Fee</u> This fund was established to account for revenues and expenditures of the Town's Road Usage Fee.
- 5. <u>Firemen's Fund</u> This fund was established to account for the accumulation of resources primarily from the firemen's share of insurance proceeds remitted by the State of South Carolina to the Town firemen and expended for their benefit.

Notes:

<sup>a</sup>Property Tax Reassessments performed in 2013 and 2018. <sup>b</sup>Starting in 2005, the Town executed a contract with Palmetto Electric for the underground burial of electrical cable and began receiving franchise fees to help offset the associated costs billed to the Town for burial of existing cable. With the exception of this franchise agreement which terminates upon completion of the burial project for existing cable, all remaining licenses, permits, and fees are considereted charges for service.

Notes:

service are set based on each year's requirements. The South Carolina legislature has also created laws that limit the millage rate increase for general operating purposes to the Jan. - Dec. of the The Town's basic property tax rate may be increased only by a majority vote of Town Council after sufficient public notice of the referendum has been provided to the citizens. Rates for debt prior year average CPI for the region plus estimated population growth.

Fiscal year 2022 Town direct rates are the approved millage rates by Town Council.

<sup>O</sup> Overlapping rates are those of local and county governments that apply to property owners within the Town of Hilton Head Island in addition to those imposed directly by the Town itself.

<sup>1</sup>Water and sewage services are provided to the Town by Public Service Districts. The rates reported represent an average of the millage charges from various providers. Service is on a fee-forusage basis. The providers and districts served are:

- Hilton Head Number 1 Public Service District
  - Broad Creek Public Service District
     South Island Public Service District

The County Public Schools rates are for not owner occupied residents. Beginning with Tax Year 2006 a 1% statewide sales tax was used to pay the operating expenses that would other wise have been paid by owner occupied residents as a part of their millage rate. Prior to Tax Year 2006 the owner occupied and not owner occupied rates were the same.

Assessed value data used to estimate applicable percentages provided by the Beaufort County Assessor's Office. Debt outstanding provided by each governmental unit. Sources:

Notes:

issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a overlapping governments that is borne by the residents and businesses of the Town of Hilton Head Island. This process recognizes that, when considering the government's ability to Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

Note: Article Ten (X), Section Fourteen (14), of the South Carolina Constitution of 1895 as amended provides that a City or Town shall incur Genera Obligation Debt over the eight percent (8%) limit when approved by a majority vote of the qualified electors of the political subdivision voting in a referendum authorized by law. There shall be no conditions or restrictions limiting the incurring of such indebtedness except:

- a. Those restrictions and limitations imposed in the authorization to incur such indebtedness; b. The provisions of Article Ten (X), Section Fourteen (14); and
- c. Such general obligation debt shall be issued within five (5) years of the date of such referendum and shall mature within forty (40)
  - years from the time such indebtedness shall be incurred.

The Stormwater fee is composed of three components:

1 - Administrative fee of \$24 on each account.

2 -Gross Area charge on the total acreage of the parcel. The minimum fee is \$21 for the first two acres with a declining charge for additional acres.

3 - Impervious area charge based on \$105 for every 4,906 of square feet.

The residential accounts' Impervious area charge is based on established tiers and percentages.

See accompanying notes to the schedule of expenditures of federal awards.

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

### YEAR ENDED JUNE 30, 2022

### A. GENERAL

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the activity of all federal award programs of the Town of Hilton Head Island, South Carolina (the "Town") for the year ended June 30, 2022. Expenditures for federal financial assistance awarded directly from the federal agencies, as well as those passed through other government agencies, are included on the Schedule.

### **B. BASIS OF ACCOUNTING**

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in the notes to the Town's financial statements.

### C. RELATIONSHIP TO THE FINANCIAL STATEMENTS

Federal award expenditures are reported in the Town's financial statements as expenditures in the special revenue funds for all federal programs.

### **D. MATCHING COSTS**

Matching costs, i.e., the non-federal share of certain program costs, are not included in the accompanying Schedule.

### E. INDIRECT COST RATE

The Town has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

### F. SUBRECIPIENTS

There were no federal awards disbursed to subrecipients during the year.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of Town Council Town of Hilton Head Island, South Carolina

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Hilton Head Island, South Carolina (the "Town"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 15, 2022.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE**

### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of Town Council Town of Hilton Head Island, South Carolina

### **Report on Compliance for Each Major Federal Program**

### **Opinion on Each Major Federal Program**

We have audited the Town of Hilton Head Island, South Carolina's (the "Town") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended June 30, 2022. The Town's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town's compliance with the compliance requirements referred to above.

### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists.

GREENEFINNEYCAULEY.CPA , INFO@GREENEFINNEY.COM

The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Town's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance control over compliance* is a deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance to empliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### SUMMARY OF PRIOR AUDIT FINDINGS

### YEAR ENDED JUNE 30, 2022

| Finding:   | 2021-001 Collateralization of Deposits  |
|------------|---|
| Condition: | State law requires that financial institutions provide collateral for bank deposits for<br>state and local governments to protect local entities against loss in the event of<br>insolvency, liquidation, or for any other cause. The Town relies on its financial<br>institutions to maintain sufficient collateral for its bank deposits. |
| Effect:    | Approximately \$8,767,000 of the Town's deposits were exposed to custodial credit risk at June 30, 2021, as they were uninsured and uncollateralized.   |
| Status:    | This finding has been corrected by the Town.  |
