Transmittal Letter

For The Fiscal Year Ended June 30, 2024 The Town of Hilton Head Island, South Carolina

December 20, 2024

The Honorable Mayor, Members of the Town Council, and Citizens of the Town of Hilton Head Island, South Carolina:

The Annual Comprehensive Financial Report of the Town of Hilton Head Island, South Carolina, (the Town) for the fiscal year ended June 30, 2024, is submitted in accordance with South Carolina Code Annotated, Section 5-7-240 that requires an annual audit of the books of account and financial records of the Town. Management assumes full responsibility for the completeness and reliability of all information presented in this report, based upon a comprehensive framework of internal control that it established for this purpose. Because the cost of internal controls should not outweigh their anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

In relation to the Town of Hilton Head Island's financial statements being presented fairly and in accordance with generally accepted accounting principles, Mauldin & Jenkins, LLC, has issued an unmodified ("clean") opinion for the year ended June 30, 2024. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Town of Hilton Head Island Profile

The Town of Hilton Head Island, incorporated in 1983, is a barrier island on the Atlantic coast of South Carolina. The Island is located about 30 miles from Savannah, Georgia, and about 90 miles from Charleston, South Carolina. Approximately 54 square miles in area, the Island is about 12 miles long and 5 miles wide. A four-lane bridge over the Intercoastal Waterway connects the Island with the mainland. The Town has jurisdiction over the entire Island except for Mariner's Cove, Blue Heron Point, and Windmill Harbor. The Town is empowered to levy a property tax on both real and personal property located within its boundaries.

The Town of Hilton Head Island operates under the council-manager form of government. Policy-making and legislative authority are vested in a governing council (Council) consisting of a mayor and six (6) other members. The Council appoints the government's manager, who in turn appoints the heads of the various departments. The mayor and each member of council shall be elected for a term of office of four (4) years.

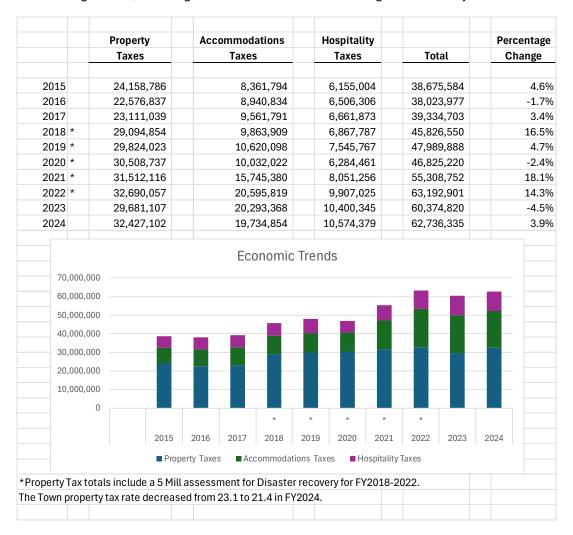

The annual budget serves as the foundation for the Town of Hilton Head Island's financial planning and control. The Town Council formally adopts the budget and legally allocates, or appropriates, available monies for the Town's various funds. Therefore, these funds have appropriated budgets, and budget to actual information is presented. At the first Council meeting in May, the Town Manager submits to the Town Council a proposed budget for the fiscal year commencing the following July 1. Town Council budget workshops are held for each budgeted fund to discuss proposed expenditures and the means of financing them. A public hearing is held prior to the budget's final adoption in order to obtain taxpayer comments. In June, the budget is legally enacted through passage of an ordinance. The ordinance sets the limit for expenditures during the fiscal year.

The expenditure appropriations in the adopted budget are by department. The maximum legal expenditure permitted for the fiscal year is the total budget as adopted. Departmental appropriations may be amended during the year in accordance with the budget amendment policies included in the current budget document.

Local Economy

Tourism is the largest industry in the Island's economy. There are approximately 3.1 million visitors annually. It hosts a major sports event in the Heritage golf tournament. The Island has established world-class accommodations. The peak summer population is approximately 150,000.

The Town successfully navigated the challenges posed by Hurricane Matthew and the COVID-19 pandemic, emerging stronger than ever. Hospitality tax collections—derived from sales of prepared food and beverages— reached record levels in both 2023 and 2024. Similarly, accommodations tax collections—based on room rentals— remain strong, despite a slight slowdown compared to 2023. Another indicator of economic vitality, property tax collections, also set new records, even with a reduction in the millage rate. Hilton Head continues to grow, and our neighboring communities are thriving as well, fostering a robust and interconnected regional economy.

Local Economy (Continued)

The local economy also noted record sales for both Hilton Head Island and Beaufort County in 2024 as another indicator of the growth and economic health of the region.

Long-Term Financial Planning

The Town's three-year financial plan is grounded in robust financial reserves, conservative revenue forecasts, and a strategic approach to limiting future expenditures. As the Town nears full development, challenges such as mainland growth and fluctuations in the national economy will require careful navigation to uphold its commitment to delivering the highest quality essential services to its citizens.

The Finance Department plays a crucial role in maintaining and recommending improvements to the financial plan to ensure the Town's continued fiscal stability. Achieving and sustaining this stability depends on the collaboration of multiple elements and partners working seamlessly together. The following outlines the key components of our financial plan.

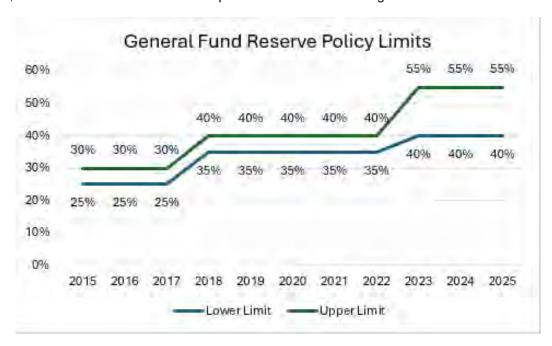

Adopted Financial Policies

Financial policies provide the foundation for the Town's overall fiscal planning and management. They establish guidelines for evaluating current budget performance and assessing proposals for future programs. These policies shape the fiscal decision-making process for both staff and Town Council.

Long-Term Financial Planning (Continued)

Adopted Financial Policies (Continued)

The Town currently maintains financial policies covering operations, capital planning, debt management, reserves, and financial reporting. These policies undergo regular review and improvement as part of the financial plan development process and are adopted annually by the Town Council. In alignment with the adoption of the fiscal year 2025 budget, the Town's General Fund reserve policies will remain unchanged.

Financial Resource Planning

The Town's strategic financial planning begins with determining the Town's fiscal capacity based upon long-term financial forecasts of recurring available revenues. Conservative financial forecasts coupled with financial trend analysis techniques and careful reserve analysis help preserve the fiscal well-being of the Town. Strategic financial capacity planning is a critical element to reach long-term financial stability goals and to determine special financial needs for critical objectives of the Town Council.

Operating Budget Planning

The Town's budget planning process integrates long-term operating expenditure plans with community expectations and the overarching goals of the Town Council. While the Town is required to adopt an annual budget to comply with state statutory requirements, for fiscal year 2025, it intends to take a broader, long-term view of the Town's economic outlook. This includes collaborating with regional partners to optimize the Town's future prospects. This initiative represents a significant step forward in the Town's planning process. Town Council and Town Management, in coordination with the Finance and Administrative Committee, conduct monthly reviews of the budget. Any necessary adjustments will be identified and presented as needed.

Capital Improvement Project Planning

The Town's Capital Improvement Program ("CIP") aligns with the comprehensive plan, "Our Plan." This plan emphasizes community involvement in shaping the long-term vision and priorities for the Town's future. Funding for the CIP is based on conservatively estimated revenues to support capital construction. When debt financing is utilized, project sizes are carefully designed to adhere to existing debt management policies.

The Capital Improvement Projects are guided by the Strategic Plan, which reflects community input and serves as a policy blueprint developed by the Town Council with contributions from Town Management and staff. This ensures alignment between community priorities and the Town's policy direction.

Long-Term Financial Planning (Continued)

Debt Management

The Town issues debt solely to finance capital infrastructure or high-cost, long-lived assets. Each issuance is rigorously evaluated against several factors, including:

- Debt service as a percentage of operating expenditures;
- The tax and revenue bases available for repayment;
- The overall debt burden on the community;
- Statutory limitations; and
- Conditions influencing tax-exempt interest rates.

A comprehensive long-term analysis is conducted to assess the financial capacity that aligns with the Town's ability to repay its obligations. The size of the capital improvement program is calibrated to the Town's debt capacity while considering conservatively estimated revenues. This approach stabilizes per capita debt and reduces annual debt service costs, promoting fiscal sustainability over the long term.

The Town's credit ratings on its General Obligation outstanding bonds were again this year affirmed at Aaa, AA+, and AA+, from the three major credit ratings agencies, Moody's Investor Service, Standard and Poor's Rating Group, and Fitch Ratings, respectively. These ratings reinforce confidence in our ability and efforts to maintain a fiscally sound operation through uncertain economic times.

Fiscal year 2024 was the sixth year in a row the Town's debt has declined. The last new money issue was the 2019 General Obligation bonds issued to renovate the Fire Station in Sea Pines. This careful debt management continues to position the Town for its future.

Major Initiatives

The Town has an aggressive Capital Improvement Plan in the works. The Town has several parks, roads, beach, pathways, facilities and other projects as part of the CIP. The Town details the projects and the progress on its website at www.hiltonheadislandssc.gov The Town is embarking on a ten-year implementation from the update to the comprehensive planning process to map out its future for the next phase of the Town's future.

	FY 2024 General Fund from Schedule A										
	Final Budget	Actual	Variance								
Revenue	\$ 43,614,021	\$ 49,313,173	\$ 5,699,152								
Transfers In (Out), net	11,279,087	11,543,658	(192,475)								
Expenditures Revenues	(56,832,016)	(54,822,970)	2,009,046								
Over(Under)Expenditures	\$ (1,938,908)	\$ 6,033,861	\$ 7,515,723								

Resiliency efforts

The Town continues to collaborate with the Federal Emergency Management Agency ("FEMA") and state officials to secure the maximum allowable reimbursements for past storm events. The Town's exceptional planning and preparation have been invaluable in ensuring the safety of the community during these incidents. This year, the Town is advancing its resiliency study to explore and implement best practices for preparatory measures, reinforcing its commitment to safeguarding the community against future challenges.

Awards and Acknowledgements

The Government Finance Officers' Association ("GFOA") awarded the Town of Hilton Head Island a Certificate of Achievement for Excellence in Financial Reporting for its Annual Comprehensive Financial Report ("ACFR") for the fiscal year ended June 30, 2023. This marks the thirty-fifth consecutive year the Town has received this prestigious honor.

Awards and Acknowledgements (Continued)

To qualify for the Certificate of Achievement, a government must publish an ACFR that is not only easily readable and efficiently organized but also complies with generally accepted accounting principles and applicable legal standards. The Certificate is valid for one year, and the Town believes its current ACFR continues to meet the program's rigorous standards. Accordingly, it has been submitted to the GFOA for consideration for another award.

Additionally, the Town received the GFOA Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2024. This represents the twentieth consecutive year the Town has earned this recognition. The award underscores the quality of the Town's budget document, which serves as its primary fiscal policy guide.

The preparation of this report would not have been possible without the efficient and dedicated efforts of the Finance Department's entire staff. I extend my gratitude to the Town's leadership team and its committed employees for their unwavering dedication to maintaining the high-quality services our citizens expect, all while demonstrating prudent stewardship of the Town's finances.

I would also like to express my sincere appreciation to the Town Manager, Marc Orlando, and the members of the Town Council for their continued fiscal responsibility, visionary leadership, and commitment to fostering a future of economic, cultural, and environmental vitality. A special acknowledgment goes to our senior accountants, Crystal Bollino and Laurie Malik, for their exceptional oversight, diligence, and contributions to making the fiscal year 2024 reporting process a success.

This report reflects the strong financial position of the Town of Hilton Head Island. We take this opportunity to thank you and the citizens of Hilton Head Island for your vital role in enabling the Town to sustain this high standard of fiscal responsibility. Your continued support is invaluable as we move forward together.

Respectfully submitted,

Adriana Burnett

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Town Council
Town of Hilton Head Island, South Carolina
Hilton Head Island, South Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **Town of Hilton Head Island, South Carolina** (the "Town"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A"), the budgetary comparison schedule for the General Fund, the Schedule of Proportionate Share of the Net Pension Liability – Police Officers' Retirement System, and the Schedule of Contributions – Police Officers' Retirement System, the Schedule of Changes in the Town's Total OPEB Liability and Related Ratios, Schedule of Contributions – OPEB Plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board ("GASB") who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The Combining and Individual Fund financial statements and schedules and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Combining and Individual Fund financial statements and schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2024 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Hilton Head Island, South Carolina's internal control over financial reporting and compliance.

Mauldin & Jerkins, LLC

Savannah, Georgia December 20, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024

As management of the Town of Hilton Head Island (the "Town"), we present this narrative overview and analysis of the Town's financial statements for the fiscal year ended June 30, 2024 ("2024" or "FY 2024"), in comparison with the fiscal year ended June 30, 2023 ("2023" or "FY 2023"). The purpose of this Management's Discussion and Analysis ("MD&A") is to provide an overall assessment of the Town's financial performance. We encourage readers to consider not only the information presented in this section, but also the details provided in the letter of transmittal, financial statements and the accompanying notes to gain a comprehensive understanding of the Town's overall improved financial position.

FINANCIAL HIGHLIGHTS

- The Town's total net position increased by \$50,503,480 and \$576,098 for its governmental and business-type activities, respectively, for a total increase in net position of approximately \$51,079,578 compared to the prior year net position.
- The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by approximately \$433,350,353 (net position), including \$419,595,645 in net position for governmental activities and \$13,754,708 in net position for business-type activities. Unrestricted net position was approximately \$37,763,314, including unrestricted net position of approximately \$31,303,037 and \$6,460,277 for governmental and business-type activities, respectively.
- The overall increase in the Town's capital assets for the period ended June 30, 2024 was approximately \$15,112,000 (or 5%), including an increase of \$16,109,987 for its governmental activities and a decrease of \$998,206 for its business-type activities, respectively. Capital asset additions for governmental activities of \$25,354,477 exceeded depreciation and amortization expense of \$6,967,609 and net disposals of \$97,556. There were no capital asset additions for business-type activities only depreciation expense of \$998,206.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of approximately \$216,016,758, an increase of approximately \$17,773,784 over the prior year fund balance.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was approximately \$15,138,084 (or 28%) of total General Fund expenditures for the year ended June 30, 2024.
- The Town's total long-term obligations, not including the net pension liability, decreased by approximately \$18,403,534 during the current fiscal year, including a decrease of \$17,163,534 and \$1,240,000 for governmental and business-type activities, respectively.
- The Town did not issue any new debt for governmental activities during the fiscal year and made principal and refunding payments totaling \$12,995,000. Similarly, no new debt was issued for business-type activities, with principal and refunding payments amounting to \$1,240,000. Additionally, the Town recognized approximately \$3,683,457 in the amortization of premiums.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts – *Introductory Section, Financial Section* (which includes the MD&A, the financial statements, required supplementary information, and supplementary information), and *Statistical Section*.

Financial Statements

This MD&A section serves as an introduction to the Town's financial statements, which comprise three main components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. These financial statements provide two distinct perspectives on the Town's finances through the government-wide and fund financial statements. Additionally, this report includes supplementary information designed to further enhance the reader's understanding of the Town's financial condition.

The *government-wide financial statements* provide readers with a comprehensive overview of the Town's finances in a manner similar to that of a private-sector business. In contrast, the *fund financial statements* offer a more detailed examination at the Town's financial activities.

Government-Wide Financial Statements

The **Statement of Net Position** provides information about the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the differences reported as net position. Over time, changes in net position can serve as a meaningful indicator of whether the Town's financial position is improving or deteriorating.

The **Statement of Activities** outlines how the Town's net position has changed during the most recent fiscal year. This statement records changes in net position as they occur, regardless of the timing of related cash flows. As a result, some revenues and expenses reported in this statement may lead to cash flows only in future fiscal periods.

The government-wide financial statements are divided into two categories:

- 1) Governmental Activities: These include general government, management services, community services, public safety, culture and recreation, Visitors and Convention Bureau, and administration. The primary funding sources for these activities are taxes (including business licenses), building permits, impact assessments, other service charges, and state and federal grants.
- 2) **Business-Type Activities:** These are related to the operations of the Town's stormwater program.

The government-wide financial statements can be found in the section indicated in the table of contents.

Fund Financial Statements

The fund financial statements provide a more detailed look at the Town's most significant activities. A *fund* is a collection of related accounts used to manage and monitor resources set aside for specific activities or objectives. The Town, like all other governmental entities in South Carolina, employs fund accounting to demonstrate and ensure compliance with finance-related legal requirements, such as the general statutes or the Town's budget ordinance.

OVERVIEW OF FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements (Continued)

The Town's funds are classified into two main categories:

- 1. Governmental Funds
- 2. Proprietary

Governmental Funds

Governmental funds are used to account for the functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. Governmental funds emphasize assets that can be readily converted into cash, tracking cash flow (inflows and outflows) and the remaining funds at year-end that will be available for spending in the following fiscal year. These funds are reported using the modified accrual basis of accounting, which focuses on short-term financial resources. Consequently, the governmental fund financial statements provide a detailed short-term perspective, helping readers determine whether sufficient financial resources are available to support the Town's programs.

The relationship between *governmental activities* (as reported in the Statement of Net Position and the Statement of Activities) and the *governmental funds* is explained in a reconciliation included in the fund financial statements.

The Town manages several individual governmental funds. Key funds, considered major, are presented separately in the governmental fund Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances. These include the General Fund, Tax Increment Financing Fund, Accommodations Tax Fund, Real Estate Transfer Fees Fund, Beach Preservation Fees Fund, Hospitality Fees Fund, Debt Service Fund, Capital Projects Fund, Natural Disasters Fund, and Federal Grants Fund. Information for other governmental funds is combined into aggregated presentations, with individual data for nonmajor funds provided in combining schedules elsewhere in the report. The governmental fund financial statements are located as indicated in the table of contents.

Proprietary Funds

The Town maintains one proprietary fund, specifically an *Enterprise fund*, which is used to account for operations that:

- (a) Are financed and operated in a manner similar to private business enterprises, where the intent is to recover costs (including depreciation) primarily through user charges; or
- (b) Require periodic determination of revenues, expenses, and/or net income for purposes of capital maintenance, public policy, management control, accountability, or other purposes.

The Town has one Enterprise Fund to account for its stormwater operations. The Proprietary Fund financial statements are listed in the table of contents.

OVERVIEW OF FINANCIAL STATEMENTS (CONTINUED)

Notes to the Financial Statements

The notes provide essential additional details that enhance understanding of the data presented in the government-wide and fund financial statements. The Notes to the Financial Statements are also referenced in the table of contents.

Other Information

In addition to the financial statements and accompanying notes, this report includes certain required supplementary information. The Town adopts an annual budget for its General Fund, as mandated by Article 10, Section 7 of the South Carolina Constitution, as well as for the Debt Service Fund, Capital Projects Fund, and Stormwater Fund. A required Budgetary Comparison Schedule for the General Fund has been provided to demonstrate compliance with the budget. Budgetary comparison schedules are not required to be presented for Debt Service, Capital Projects, or Enterprise Funds.

Additionally, the report includes required pension schedules that offer relevant details about the Town's participation in the South Carolina Police Officers' Retirement System ("PORS"). The required supplementary information can be found as referenced in the table of contents.

Supplementary information, such as combining information for the nonmajor governmental funds, and budgetary comparison schedules for the other major and nonmajor budgeted funds, is included immediately following the required supplementary information. These schedules are also referenced in the table of contents.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following table provides a summary of the Town's net position at June 30, 2024 compared to June 30, 2023:

	Governmen	tal Activities	Business-ty	ype Activities	Total			
	2024	2023	2024	2023	2024 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

The Town's current and other assets at June 30, 2024, increased by \$19,360,151 (9%) from the prior year, consisting of an increase of \$18,846,812 (9%) in its governmental activities and an increase of \$513,339 (8%) in its business-type activities. The increase in governmental activities was primarily due to record investment interest earnings, higher property taxes, higher business licenses and expected reimbursements from other governments.

The Town's capital assets at June 30, 2024 (net of accumulated depreciation), increased by approximately \$15,111,781 (5%), including an increase of approximately \$16,109,987 (6%) and a decrease of approximately \$998,206 (-9%) for governmental and business-type activities, respectively. Capital asset additions for governmental activities consisted of approximately \$11,907,827 in land purchases, \$9,548,683 in construction in progress additions, \$84,561 in buildings, \$793,450 in furniture, fixtures and equipment additions, \$1,394,692 in vehicles, \$1,274,323 in improvements other than buildings for park development and \$350,941 in Subscription-based Information Technology Arrangements ("SBITA") intangible assets.

The Town completed approximately \$3,201,631 in ongoing capital projects which were reclassified from construction in progress to infrastructure development and furniture, fixtures and equipment.

The long-term liabilities decreased by approximately \$18,403,534 (18%), including a decrease of \$17,163,534 (17%) and \$1,240.000 (28%) for governmental and business-type activities, respectively. As previously noted, the Town issued no new debt for governmental activities and made principal and refunding payments of \$12,995,000. The Town recognized \$3,683,457 in amortization of premiums. The Town issued no new debt for business-type activities and made \$1,240,000 in principal payments.

The net pension liability increased by approximately \$1,047,349 (6%), Entirely related to governmental activities, due to an increase in the South Carolina Police Officers' Retirement System ("PORS") total net pension liability. The State has faced challenges in funding the pension program, which have been addressed through increased contribution requirements and improved investment earning. As State funding for the pension program improves, the Town's net pension liability is expected to increase. However, this liability is not controlled by the Town.

Current and other liabilities increased by approximately \$1,051,309 (6%), comprising an increase of \$961,334 (6%) for governmental activities and an increase of \$89,975 (23%) for business-type activities. The change in business-type activities is primarily attributed to an increase in accounts payable and accrued expense.

Deferred inflows of resources decreased by \$36,624 (4%), entirely related to governmental activities, due to a \$293,698 decrease in deferred pension credits. This change reflects a shift in the Town's proportionate share of participation in the PORS. An offset of the pension credit is for the Other Post-Employment Benefits ("OPEB") not reported on prior years, increasing by \$300,436. Under GASB 75, local governments are required to report for post-employment benefits other than pensions in their financial statement notes.

The Town's total net position increased by approximately \$50,503,480 and \$576,098 for its governmental and business-type activities, respectively, for a total increase in net position of \$51,079,578 compared to the prior year net position.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Assets and deferred outflows exceeded liabilities and deferred inflows of resources (net position) by \$433,350,353 with \$419,595,645 attributed to governmental activities and \$13,754,708 to business-type activities. The largest portion of the Town's net position, \$233,834,561 (54%), which includes \$226,540,130 (54%) and \$7,294,431 (53%) for governmental and business-type activities, respectively, reflects its investment in capital assets (e.g., land, buildings, equipment, and infrastructure) net of any related debt used to acquire these assets. These capital assets are essential for providing services to residents and are not available for future spending. While reported net of related debt, it is important to note that resources to repay this debt must come from other sources, as the capital assets themselves cannot typically be liquidated to settle liabilities.

An additional portion of the Town's net position of approximately \$161,752,478 (37%), entirely related to governmental activities, represents resources subject to external restrictions on their use. These restricted resources are primarily allocated to special revenue programs funded by specific revenue streams such as tax increment financing, accommodations taxes, real estate transfer fees, beach preservation fees, and hospitality taxes. The remaining balance of the Town's net position, \$37,763,314 (9%), is unrestricted. This includes \$31,303,037 (8%) for governmental activities and \$6,460,277 (47%) for business-type activities.

The following table shows the changes in the Town's net position for FY 2024 compared to FY 2023:

	Governmental Activities			Business-ty	ctivities		Total			
	2024		2023	 2024		2023	-	2024		2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Revenues and other financing sources exceeded expenses, and other financing uses by approximately \$51,079,578 for the year ended June 30, 2024, this included surpluses of \$50,503,480 from governmental activities and \$576,098 from business-type activities.

Total revenues increased by approximately \$8,390,021 (7%) compared to the prior year. This change includes an increase of \$7,900,081 (7%) in governmental activities and an increase of \$489,940 (9%) in business-type activities. The increase in governmental activities revenues was primarily driven by an increase in investment income. In the same manner, the increase in business-type revenues was largely due to changes in investment income and stormwater fees. As a result, the Town is well-positioned to address future challenges.

Total expenses increased by \$3,525,727 (5%) compared to the prior year. This includes an increase of \$2,324,015 (3%) in governmental activities and an increase of \$1,201,712 (41%) in business-type activities.

For governmental activities, the increase in expenses was driven by:

- A decrease of \$394,555 in general government expenses.
- An increase of \$1,488,533 in management services.
- A decrease of \$711,426 in community services.
- An increase of \$884,303 in public safety.
- Offsetting increase of \$432,182 in interest and other charges, \$792,277 in culture and recreation, and decrease of \$166,374 in Visitor and Convention Bureau expenses.

For business-type activities, the increase in expenses was primarily due to an increase of \$1,201,712 related to stormwater repairs and maintenance.

These financial outcomes reflect the Town's continued focus on balancing revenue growth and cost management, ensuring sustainable operations while addressing infrastructure and service needs.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted previously, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The primary focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is particularly useful for assessing the Town's current financing requirements. In particular, the unassigned fund balance serves as a key indicator of the government's net resources available for discretionary spending at the end of the fiscal year.

As of the end of FY 2024, the Town's governmental funds reported combined ending fund balance of approximately \$216,016,758, reflecting an increase of \$17,773,784 compared to the prior year.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Governmental Funds (Continued)

Of the total fund balance:

- Approximately 38% (\$15,138,084) constitutes General Fund's unassigned fund balance, which is available for spending at the government's discretion.
- The remainder of fund balance is classified as nonspendable, committed, or restricted as detailed below:

Classification/Fund	Purpose	Amount
Nonspendable		
General Fund	Prepaid expenses	\$ 28,585
Capital Projects	Prepaid expenses	50,000
Restricted:		
Tax Increment Financing	Economic development	9,642,601
Accommodations Tax	Tourism promotion	10,985,198
Real Estate Transfer Tax	Environmental conservation	10,402,945
Beach Preservation	Beach renourishment	30,985,989
Hospitality Fee	Public health and safety	27,123,832
Debt Service	Debt service payments	13,716,563
Capital Projects	Construction of major capital facilities	7,625,346
Community Development	Gullah Geechee Historic Neighborhoods	5,561,896
Natural Disasters	Response to natural disasters	35,969,474
Palmetto Electric Franchise	Underground electrical service	6,739,537
Operating Grants	Operating grants	435,214
HOME Grant	HOME grant	12,127
Road Usage Fees	Road projects	2,740,911
Short-Term Rental Fees	Short-term rentals	265,314
Housing	Community development	2,148,477
Firemen's Fund	Firemen's fund	74,665
Committed:		
General Fund	Disaster recovery	24,370,000
Beach Preservation	Beach renourishment	12,000,000
Unassigned:		
General Fund		 15,138,084
Total fund balance		\$ 216,016,758

This breakdown provides insight into the Town's financial position and demonstrates its ability to meet both immediate and future obligations while maintaining fiscal stability.

The General Fund serves as the primary operating fund of the Town. At the end of FY 2024, the total fund balance was \$39,536,669, including committed fund balance of approximately \$24,370,000 for disaster recovery.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Governmental Funds (Continued)

To assess the General Fund's liquidity, it is helpful to compare the unassigned fund balance to total General Fund expenditures. At the close of the fiscal year, the unassigned fund balance was \$15,138,084 representing (28%) of total General Fund expenditures for the year ended June 30, 2024. The total fund balance, which includes committed, nonspendable, and unassigned amounts, was \$216,016,758, or 133%, of total expenditures for the same period.

Highlights of Changes in Fund Balance

General Fund

- General Fund revenues totaled approximately \$49,313,173, reflecting an increase of \$4,906,614 (11%) over the prior year. This change was primarily due to:
 - An increase of \$973,880 in investment income and an increase of \$1,058,834 in real and personal property taxes.
 - An increase of \$2,053,771 in business license revenue in large part due to revenue received from the Municipal Association of South Carolina ("MASC").
- General Fund expenditures total approximately \$54,822,970, an increase of \$6,714,648 (14%) over the prior year. The key contributors to this change include:
 - An increase of \$1,707,255 in community services due to higher staffing and operating costs to improve and maintain beaches, parks, and landscaping on the Island.
 - An increase of \$554,024 in public safety for additional expenses to higher salary, staffing benefits and other operating costs.
 - An increase of \$1,242,805 in management services for additional expenses related to salaries and operating costs.
 - o A re-allocation of \$2,000,000 in non-departmental expenses to account for accrued expenses for the Town's proposed Sheriff's services.

Tax Increment Financing ("TIF") District Fund

The Tax Increment Financing ("TIF") District Fund's fund balance experienced an increase of approximately \$3,790,472. This change was driven by revenues of approximately \$8,285,450, which exceeded transfers out totaling \$4,494,978.

- TIF Fund revenues increased by approximately \$1,610,303 (24%) primarily due to:
 - o An increase of approximately \$1,400,908 in real and personal property taxes.
 - o An increase of approximately \$209,395 in investment earnings.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Highlights of Changes in Fund Balance (Continued)

Accommodations Tax Fund

The Accommodations Tax Fund's fund balance decreased by \$1,958,495 as a result of expenditures and other financing sources totaling \$15,248,059 which exceeded revenues of approximately \$13,289,564.

- Revenues decreased by \$554,574 (4%) primarily due to an increase in investment income of \$127,599 during the current year.
- Expenditures increased by \$625,903 (8%).
- Other financing uses experienced an increase of \$3,461,513 (.1%).

This detailed analysis highlights the Town's ability to maintain financial stability while responding to funding requirements across key funds.

Real Estate Transfer Fee Fund

The Real Estate Transfer Fee Fund decreased by \$2,976,575 due to revenues of \$5,405,007 not fully covering expenditures and other financing uses of \$8,381,582. Revenues decreased by \$116,395 due to a decline in property sales on the Island compared to historically higher levels in previous years. Expenditures remained relatively flat year over year, while other financing uses decreased by \$481,699 (5%) as the Town made multiple land purchases during the current year.

Beach Preservation Fee Fund

The Beach Preservation Fee Fund increased \$6,817,546 as revenues of \$15,701,650 exceeded expenditures and other financing uses of \$8,884,104. Revenues increased by \$1,443,962 (10%) primarily due to an increase in investment earnings during the current year. Expenditures and other financing uses increased by \$3,212,598 as a result of changes in/outflows and transfers.

Hospitality Fee Fund

The Hospitality Fee Fund increased by \$2,638,110, with revenues of \$11,884,331 exceeding expenditures and other financing uses. Revenues increased by \$980,263 (9%) due to fluctuations in tourism activity and changes in investment earnings. Other financing uses increased by \$3,258,926 (54%) due to an increase in transfers.

Debt Service Fund

The Debt Service Fund increased by \$1,557,207 as revenues and other financing sources of \$17,377,790 exceeded expenditures of \$15,820,583. Revenues increased by \$642,287 (10%) compared to the prior year, while other financing sources decreased by \$3,547,126 (25%) due to paying off debt. Expenditures decreased \$3,542,347 (18%) as a result of scheduled adjustments in principal and interest payments.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Highlights of Changes in Fund Balance (Continued)

Capital Projects Fund

The Capital Projects Fund increased by \$4,272,700, as revenues and other financing sources of \$31,671,440 offset expenditures and transfers out of \$27,398,740. Revenues increased changes in community services capital outlay.by \$16,242,991 (105%), primarily driven by an increase in investment earnings of \$198,908 (68%), while grants increased by \$3,479,825 (1632%). Net other financing sources increased by \$11,984,097 (83%) due to changes in current and future capital needs. Expenditures increased by \$6,226,455 (30%) as a result of new land acquisitions, fleet program fire truck purchase and beach-related projects.

Natural Disasters Fund

The Natural Disasters Fund increased by \$1,595,494 as revenues of \$1,656,023 covered expenditures, and other financing uses totaling \$60,529. Revenues increased by \$65,014 (4%) primarily by investment income, offset by a decrease in grant revenue. Expenditures increased by \$25,083 (71%) due to higher debris removal and other recovery-related costs due to tropical storm Idalia.

Federal Grants Fund

The Federal Grants Fund reported no fund balance as revenues of \$618,722 offset expenditures and other financing uses of \$618.772. Revenues decreased by \$857,856 (58%) as the Town recognized revenue in line with eligible expenditures incurred during the year.

This analysis highlights the Town's ability to manage its funds efficiently while balancing revenues, expenditures, and financing needs across various funds, ensuring fiscal responsibility and alignment with long-term goals.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Highlights of Changes in Fund Balance (Continued)

Federal Grants Fund (Continued)

The table below presents a summary of revenues and other financing sources, expenditures and other financing uses, fund balances, and changes in fund balances for the Town's governmental funds for the fiscal years ended June 30, 2024 and 2023:

	Fiscal Year Ended June 30, 2024										
Fund		Revenue and her Financing Sources		expenditures and Other nancing Uses		und Balance		Changes in und Balance			
General	 	63,856,831	\$			39,536,669	\$	6,033,861			
Tax Increment Financing	•	8,285,450	•	4,494,978	\$	9,642,601	•	3,790,472

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (CONTINUED)

Highlights of Changes in Fund Balance (Continued)

Enterprise Fund

The previously discussed business-type activities pertain solely to the Stormwater Fund. Refer to the earlier discussion for detailed information regarding changes in the Stormwater Fund.

General Fund Budgetary Highlights

During the fiscal year, the Town adopted three amendments to the General Fund budget. Typically, budget amendments fall into one of three categories:

- 1. Adjustments to original budget estimates once more precise information becomes available:
- 2. Recognition of new funding amounts from external sources, such as Federal and State grants; and
- 3. Necessary increases in expenditures to maintain essential services.

In the current year, amendments to the General Fund budget primarily addressed the carryover of funds from FY 2023 for projects and purchases that were delayed due to various factors. At the conclusion of FY 2023, there was (\$308,508) remaining in unspent operating funds from the Parking Contract and transferred into the FY 2024. These funds were utilized as operating expenses. Additionally, Town Council authorized supplemental, mid-year appropriations under the Affiliated Agency Program for Coastal Community Development Corporation (\$600,000) and the Hilton Head Regional Habitat for Humanity (\$500,000). Unspent funding was transferred from FY 2023 in the amount of (\$350,000) to complete the revisions of the Town's Land Management Ordinance. Last, additional funding was provided for the Sponsorship Agreement with the Heritage Classic Foundation to support the 2024 RBC Heritage Golf Tournament of (\$92,531). The total increase from the original to the revised General Fund budget was \$1,851,039.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2024, the Town's capital assets for its governmental and business-type activities amounted to \$301,756,447 and \$10,440,370, respectively, net of accumulated depreciation. These capital assets include land, construction in progress, buildings, improvements, furniture, fixtures, equipment, vehicles, and infrastructure.

The capital assets (net of accumulated depreciation) for June 30, 2024 and 2023 were as follows:

	Governmen	tal Activities Business-type Activities					Total			
	 2024	2023			2024		2023	2024		2023
Land	\$ 189,075,408	\$	177,067,581	\$	-	\$	-	\$ 189,075,408	\$	177,067,581

									_	

The overall increase in the Town's capital assets for the period ended June 30, 2024, was approximately \$15,111,781 (5%), consisting of an increase of \$16,109,987 for governmental activities and a decrease of \$998,206 for business-type activities. For governmental activities, capital asset additions of \$25,354,477 exceeded depreciation expense of \$6,967,609 and net disposals of \$97,556. In contrast, business-type activities had no capital asset additions, with only depreciation expense of approximately \$998,206.

Further details on the Town's capital assets can be found in Notes 1 and 3 of the notes to the financial statements.

Debt

As of June 30, 2024, the Town's total outstanding long-term debt was \$75,200,000 for governmental activities and \$3,235,000 for business-type activities. Of this total, \$46,125,000 represents general obligation debt, which is secured by the full faith and credit of the Town.

The Town's total long-term obligations as of June 30, 2024 and 2023 were as follows:

	Governmental Activities				Business-type Activities					Total				
		2024		2023	•	2024		2023		2024		2023

					_				_		_			

The Town also carries a net pension liability, which is further detailed in Note 4 of the notes to the financial statements.

CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)

Debt (Continued)

The overall decrease in the Town's debt for the current fiscal year was \$14,235,000 (15%).

Key events impacting the Town's debt during the year include:

Principal payments totaling \$14,235,000.

For additional details regarding the Town's long-term obligations, please refer to Note 3 in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES FOR THE TOWN

The Town implemented several financial measures in response to recent tropical storms. For FY 2024, the millage rate decreased from 23.10 to 21.4, remaining flat through FY 2025, reflecting the Town's improved financial position. The foresight of Town officials in building reserves and preparing for events like Hurricane Matthew has significantly benefitted the Town. Town Council has demonstrated strong leadership by implementing the necessary operational and financial measures to keep the Town hurricane ready.

The consolidated budget for fiscal year 2025, approved by the Town Council, totals \$166,936,866. As required by Section 12-43-217 of the Code of Laws of South Carolina, 1976 (as amended), counties are mandated to appraise and equalize properties within their jurisdiction every five years through a reassessment process. With Beaufort County undertaking reassessment for implementation in tax year 2023, the Town must ensure revenue neutrality by rolling back the millage rate, as stipulated in Section 12-37-251(E) of the Code. Accordingly, Town Council reduced the millage rate further, from 23.10 to 21.40, for the fiscal year ended June 30, 2024. Additional details regarding the budget can be found on the Town's website: www.hiltonheadislandsc.gov.

The Community Development Department has been engaged in implementing both the Home Safe and Repair Program and the later Sewer Connection Program by engaging with the community and homeowners allocating \$618,772 from the American Rescue Plan Act ("ARPA") funds in FY 2024 towards home repairs and fully utilizing remaining funding in FY 2025.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES FOR THE TOWN (CONTINUED)

Real Estate Revenues

Revenues related to real estate, including construction permits and real estate transfer fees, were 10% higher than the prior year. Although FY 2024 Real Estate Transfer Fees declined compared to FY 2022 and FY 2023, FY 2024 still marked the third-highest transfer fee year in the Town's history. This performance remains indicative of a strong and resilient local real estate market.

	Real Estate Transfer Fee			Contruction Permits				Total Real Estate Revenues		
Fiscal			Percentage			Percentage			Percentage	
Year	Actual		Change		Actual	Change	Actual		Change	
2020	\$	3,552,965	5%	\$	1,619,638	7%	\$	5,172,603	6%	
2021		7,127,885	101%		2,125,382	31%		9,253,267	79%	
2022		6,957,245	-2%		2,001,046	-6%		8,958,291	-3%	
2023		4,975,631	-28%		1,570,126	-22%		6,545,757	-27%	
2024		4,883,205	-2%		2,315,139	47%		7,198,344	10%	

Tourism Revenues

Tourism-related revenues, including Accommodations Taxes, Beach Preservation Fees, and Hospitality Taxes, remained relatively flat compared to the prior year. The chart below provides further details.

	ATAX/Beach Preservation Fees			Hospitali	ty Tax	Total Tourism Revenues			
Fiscal Year		Actual	Percentage Change	 Actual	Percentage Change	 Actual	Dollar Change	Percentage Change	
2020	\$	17,115,252	-5%	\$ 6,284,461	-17%	\$ 23,399,713	\$ (2,246,305)	-9%	
2021		26,869,181	57%	8,051,256	28%	34,920,437	11,520,724	49%	
2022		34,648,881	29%	9,907,025	23%	44,555,906	9,635,469	28%	
2023		34,190,299	-1%	10,400,345	5%	44,590,644	34,738	0%	
2024		33,623,903	-2%	10,574,379	2%	44,198,282	(392,362)	-1%	

Town Council adopted a \$166,936,866 consolidated budget for FY 2025, an increase of 28% over the \$129,950,293 consolidated budget adopted for FY 2024. This new budget includes the addition of two funds: the Gullah Geechee Historic Neighborhoods Community Development Corporation and the Housing Fund, which account for \$7,405,501 (4%) of the total \$166,936,866 FY 2025 consolidated budget. Two consecutive years of strong non-property tax revenue are reflected in the FY 2025 budget, which also includes enhanced revenues from growth-related application fee adjustments.

Town Council structured the budget using the same tax rate for FY 2025 as in FY 2024. To further strengthen the Town's financial preparedness for future storms, Council maintained its reserve policy. The General Fund budget for FY 2025 is balanced. The millage rate, started at 23.1 mills for FY 2024, was reduced to 21.4 mills for during the FY 2024 due to reassessment by Beaufort County and will continue at the same rate for FY 2025. This reduction, or "rollback," ensures the rate remains revenue-neutral, as required by state law.

The Town's unwavering commitment to financial stability and fiscal responsibility is evident, particularly in the prudent handling of post-hurricane expenses.

MANAGEMENT'S DISCUSSION AND ANALYSIS

REQUESTS FOR INFORMATION

This financial report aims to provide a general overview of the Town's finances for anyone with an interest in the government's financial position. If there are any questions regarding the information presented, please direct them to:

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2024

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS	\$	216,016,758
Amounts reported for governmental activities in the Statement of Net Position are different because of the following:		
Revenues which will be collected in the future but are not available soon enough to pay for the current period's expenditures are considered unavailable revenue in the funds.		106,505
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the government funds:		
Cost of assets, including SBITAs Accumulated depreciation/amortization \$ 377,363,783 (74,545,599)		302,818,184
The Town's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State retirement plan are not recorded in the governmental funds but are recorded in the Statement of Net Position.		(14,911,564)
The Town's total OPEB liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the plan are not recorded in the governmental funds but are recorded in the Statement of Net Position.		(2,293,271)
Interest is recorded as an expenditure when due and payable in the governmental funds. Interest is recorded in the government-wide statements when it is incurred. This amount represents the amount of interest incurred but not yet due and payable at year-end.		(800,771)
Bond deferred charges on refunding are recorded as expenditures in the year they are incurred in the governmental funds, but are amortized over the lives of the bonds in the government-wide statements. This amount represents net bond deferred charges on refunding at year-end.		1,182,948
Long-term liabilities, including bonds payable, are not due or payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year-end consisted of the following:		
Long-term debt and premiums Compensated absences	-	(77,072,766) (5,450,378)
TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES	\$	419,595,645

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2024

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS		\$	17,773,784
Amounts reported for the governmental activities in the Statement of Activities are different because of the following:			
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.			4,288
Changes in the Town's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State retirement plans for the current year are not reported in the governmental funds but are reported in the Statement of Activities.			(31,464)
Changes in the Town's proportionate shares of the total OPEB liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the plan for the current year are not reported in the governmental funds but are reported in the Statement of Activities.			(224,986)
Changes in the Town's compensated absences liability are not reported in the governmental funds but are reported in the Statement of Activities.			372,598
Issuance of an SBITA is an other financing source in the governmental funds, however this issuance is reported as a long-term liability in the Statement of Net Position.			(350,941)
Repayment of principal are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the Statement of Net Position.			13,458,420
Bond deferred gains and losses are expenditures in the year they are incurred in governmental funds, but are amortized over the lives of the bonds in the Statement of Activities. This amount represents the amortization of deferred charges for the year.			(290,318)
Premiums on issuance of debt must be deferred and amortized over the life of the respective debt in the Statement of Activities. However, proceeds from premiums are reported as an other financing source in the year they are received in the governmental funds. This represents the amount which current year premiums were exceeded by amortization of premiums in the current year.			-
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and payable and thus requires the use of current financial resources. In the Statement of Activities, however interest expense is recognized as the interest accrues, regardless of when it is due and payable. This represents the change in			
accrued interest during the year.			107,406
Governmental funds report only proceeds received from the sale of capital assets without any consideration for the net book value of the assets that were sold. The Statement of Activities reports gains or losses based on the proceeds and the net book value of the assets sold.			(2,385,632)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets that are considered capital asset additions is allocated over their estimated useful lives as depreciation expense.			
Capital outlay Depreciation/amortization expense	\$ 25,354,477 (6,967,609)		40.000.000

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

The Town of Hilton Head Island, South Carolina (the "Town") was organized under a charter originally granted by the State of South Carolina in 1983. The Town operates under the Council-Manager form of government in accordance with Home Rule Act Number 283. Town Council ("Council") is composed of a Mayor and six Council members elected from single member wards. All legislative powers of the Town are vested in Council. Each member of Council, including the Mayor, has one vote in each matter. Under the Town's form of government, the Council hires a Manager who acts as the Chief Executive Officer.

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

As required by GAAP, the financial statements must present the Town's financial information with any of its component units. The primary criterion for determining inclusion or exclusion of a legally separate entity (component unit) is financial accountability, which is presumed to exist if the Town both appoints a voting majority of the entity's governing body, and either: 1) the Town is able to impose its will on the entity, or 2) there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the Town. If either or both of the foregoing conditions are not met, the entity could still be considered a component unit if it is fiscally dependent on the Town and there is a potential that the entity could either provide specific financial benefits to, or to impose specific financial burdens on the Town.

In order to be considered fiscally independent, an entity must have the authority to do all of the following: (a) determine its budget without the Town having the authority to approve or modify that budget; (b) levy taxes or set rates or charges without approval by the Town; and (c) issue bonded debt without approval by the Town. An entity has a financial benefit or burden relationship with the Town if, for example, any one of the following conditions exists: (a) the Town is legally entitled to or can otherwise access the entity's resources, (b) the Town is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the entity, or (c) the Town is obligated in some manner for the debt of the entity. Finally, an entity could be a component unit even if it met all the conditions described above for being fiscally independent if excluding it would cause the Town's financial statements to be misleading.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Reporting Entity (Continued)

Blended component units, although legally separate entities, are in substance, part of the government's operations and data from these units are combined with data of the primary government in the fund financial statements. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the Town. Based on the criteria above, the Town has one blended component unit and no discretely presented component units

The Town of Hilton Head Island Public Facilities Corporation (the "Corporation"), a blended component unit, is a not-for-profit 501(c)(3) organization created to facilitate the issuance of debt for acquisition of the Town's administration facilities. The Town appoints the Corporation's board members and the Corporation provides services entirely to the Town. Because the Corporation is so closely related to the Town, it is, in effect, the same as the primary government. The Corporation's financial information is reported in the Debt Service Fund and Capital Projects Fund of the Town. Separate financial statements for the Corporation are not issued.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the Town. For the most part, the effect of interfund activity (except for interfund services provided and used between functions) has been removed from these financial statements.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support. The Town's business-type activities consist of the stormwater operations.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Town.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the Town gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statements are prepared using a different measurement focus from the manner in which governmental fund financial statements are prepared (see further detail below). Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes, intergovernmental revenues, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be measurable and susceptible to accrual and so have been recognized as revenues of the current fiscal period. For this purpose, the Town generally considers its revenues to be available if they are collected within 30 days of the end of the current fiscal period with the exception of certain reimbursement expenditure grants for which a twelve-month availability period is generally used.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payments are due and payable.

Capital asset acquisitions are reported as capital outlay expenditures in governmental funds. Proceeds of long-term debt are reported as other financing sources.

Fund financial statements report detailed information about the Town. The focus of governmental fund financial statements, is on major funds rather than by fund type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as they are needed.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The Town uses the following fund categories:

Governmental fund types are those through which most governmental functions of the Town are financed. The Town's expendable financial resources and related assets and liabilities are accounted for through governmental funds. The Town's governmental fund types and funds are as follows:

The *General Fund*, a *major fund* and a budgeted fund, is the general operating fund of the Town and accounts for all revenues and expenditures of the Town except those required to be accounted for in other funds. All general tax revenues and other receipts that: (a) are not allocated by law or contractual agreement to other funds, or (b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

The **Debt Service Fund, a major fund** and a budgeted fund, is used to account for the accumulation of resources and payments of long-term bond principal and interest from government resources. The Debt Service Fund, a major fund and a budgeted fund, is used to account for and report the accumulation of financial resources that are restricted for the payment of all long-term debt principal, interest and related costs for the Town.

Capital Projects Fund, a major fund and a budgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for: (a) the acquisition, construction, or renovation of major capital facilities, (b) ongoing major improvement projects which usually span more than one year, and (c) major equipment or other capital asset acquisitions which are not financed by another fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Proprietary Fund Types are accounted for based on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Proprietary funds are made up of two classes: Enterprise Funds and Internal Service Funds. The Town has one Enterprise Fund and has no Internal Service Funds.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of enterprise funds are primarily charges for services and fees. Operating expenses for enterprise funds include the expense for providing goods and services, administrative expenses, maintenance, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating items. Enterprise fund types include the following fund:

The Stormwater Fund, a major enterprise fund and a budgeted fund, is used to account for and report the costs associated with the management, construction, maintenance, protections, control, regulation, use, and enhancement of stormwater systems and programs within the Town limits in concert with Beaufort County and other water resource management programs. Costs are recovered through user charges in a manner similar to private business enterprises.

Special revenue funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town has the following special revenue funds:

- i. The Tax Increment Financing ("TIF") District Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds from incremental taxes charged to individuals that are restricted for expenditures related to economic development within the TIF districts.
- ii. The Beach Preservation Fee Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds from the beach preservation fees that are restricted for expenditures related to nourishment and restoration of the Town's beaches.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

- iii. The Real Estate Transfer Fee Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds from the fee equal to one quarter of 1% (0.0025%) of the purchase price upon the transfer of any real property situated within the corporate limits of the Town that is restricted for expenditures related to environmental conservation.
- iv. The Accommodations Tax Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds from the state-imposed 2% tax levied on rentals of transient accommodations within the corporate limit that are restricted for expenditures related to tourism promotion.
- v. The Hospitality Fees Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds from the 2% tax levied on the sale of prepared meals and beverages sold in establishments or sales of prepared meals and beverages sold in establishments licensed for on-premises consumption of alcoholic beverages, beer or wine that are restricted for expenditures that enhance the health, safety, and general welfare of the Town.
- vi. **The Natural Disasters Fund, a major fund** and an unbudgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures related to the Town's response to a natural disaster or declared emergency.
- vii. The Federal Grants Fund, a major fund and an unbudgeted fund, is used to account for and report the proceeds related to the American Rescue Plan Act ("ARPA") federal funds received by the Town.
- viii. The Town also reports the Palmetto Electric Franchise Fees Fund, the Operating Grants Fund, the Short-Term Rental Fee Fund, the Home Grant Fund, the Road Usage Fee Fund, the Housing Fund, the Community Development Fund and the Firemen's Fund as unbudgeted nonmajor special revenue funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity

1. Cash, Cash Equivalents and Investments

The Town considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and investments in the South Carolina Pooled Investment Fund ("Pool") to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) that are not purchased from the Pool are reported as investments.

The Town's investment policy is designed to operate within existing statutes (which are identical for all funds, fund types and component units within the State of South Carolina). The statutes of the State of South Carolina authorize the Town to invest in the following:

- (a) Obligations of the United States and its agencies, the principal and interest of which is fully guaranteed by the United States.
- (b) Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (c) (i) General obligations of the State of South Carolina or any of its political units; or (ii) revenue obligations of the State of South Carolina or its political units, if at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (a) and (b) above held by a third-party as escrow agent or custodian, of a fair value not less than the amount of the certificates of deposit so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

- 1. Cash, Cash Equivalents and Investments (Continued)
 - (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made: (i) is limited to obligations described in items (a), (b), (c), and (f) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of \$1 a share and to that end, value its assets by the amortized cost method.

The Town's cash and investment objectives are safety, liquidity and yield. The Town reports its cash and investments at fair value which is normally determined by quoted market prices. The Town currently or in the past year has primarily used the following investments in its operating activities:

South Carolina Local Government Investment Pool ("SCLGIP") investments are invested with the South Carolina State Treasurer's Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The SCLGIP is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31 "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72 "Fair Value Measurement and Application", investments are carried at fair value determined annually based upon: (a) quoted market prices for identical or similar investments, or (b) observable inputs other than quoted market prices. The total fair value of the SCLGIP is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Funds may be deposited by Pool participants at any time and may be withdrawn upon 24 hours' notice. Financial statements for the Pool may be obtained by writing:

Office of State Treasurer
Local Government Investment Pool
P.O. Box 11778
Columbia, SC 29211-1960

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

1. Cash, Cash Equivalents and Investments (Continued)

 Government mutual funds are generally open-ended funds that invest in short-term debt securities (including obligations of the United States and related agencies) that generally have a weighted average maturity of less than one year and do not invest more than 5% in any one issuer, except for government securities and repurchase agreements.

2. Receivables and Payables

During the course of its operations, the Town has numerous transactions occurring between funds. These transactions include expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers in (out). To the extent that certain transactions between funds had not been paid or received as of year-end, balances of interfund receivables or payables have been recorded.

Property taxes receivable represent current real and personal property as well as delinquent real and personal property taxes for the past ten years, less an allowance for amounts estimated to be uncollectible. All net property taxes receivable at year-end, except those collected within 30 days, are recorded as unavailable revenue (a component of deferred inflows of resources) and thus not recognized as revenue until collected in the governmental funds.

Property taxes are assessed and collected by Beaufort County under a joint billing and collection agreement. Real property and all personal property taxes other than vehicle property taxes attach as an enforceable lien on property as of January 1st. Taxes are levied and billed in October on all property other than vehicles and are payable without penalty until January 15th of the following year. Penalties are assessed on unpaid taxes on the following dates: January 16th – 3%, February 1st – an additional 7%, and March 16th – an additional 5%. On March 16th, the property tax bills are transferred to the delinquent tax collection office of Beaufort County and the properties are subject to sale. Vehicle property taxes attach a lien and are levied throughout the year depending on when the vehicles' license tags expire. Other personal property taxes are levied in October and are payable by December 31.

Property tax and EMS receivables are shown net of an allowance for uncollectibles.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

3. Inventories and Prepaid Items

Inventories and prepaid items, if any, in the governmental funds are accounted for using the purchase method (expensed when paid).

4. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets used in the operations of governmental funds and not specifically related to activities reported in proprietary funds have been reported as assets in the governmental activities column of the government-wide financial statement. The Town capitalizes assets other than infrastructure and software acquisition that costs \$5,000 or more and have an estimated useful life of at least two (2) years. The capitalization threshold for infrastructure shall be \$100,000 and for software acquisition, including subscription-based information technology arrangements ("SBITA") the threshold shall be \$50,000.

Capital assets are recorded at historical cost or estimated historical cost if not purchased or constructed. Donated capital assets are recorded at estimated acquisition value (as estimated by the Town) at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets and right-to-use SBITAs are depreciated/amortized on the straight-line method using the following estimated useful lives:

Ectimated

Category	Useful Life in Years
<u> </u>	
Building	25 – 30
Infrastructure	25
Vehicles	8 – 15
Furniture, fixtures and equipment	5 – 20
Roads	25 - 30
Waterway	30
Dams	30 - 50
Software	10
SBITAs	3 – 10

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

3. Inventories and Prepaid Items

Inventories and prepaid items, if any, in the governmental funds are accounted for using the purchase method (expensed when paid).

4. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets used in the operations of governmental funds and not specifically related to activities reported in proprietary funds have been reported as assets in the governmental activities column of the government-wide financial statement. The Town capitalizes assets other than infrastructure and software acquisition that costs \$5,000 or more and have an estimated useful life of at least two (2) years. The capitalization threshold for infrastructure shall be \$100,000 and for software acquisition, including subscription-based information technology arrangements ("SBITA") the threshold shall be \$50,000.

Capital assets are recorded at historical cost or estimated historical cost if not purchased or constructed. Donated capital assets are recorded at estimated acquisition value (as estimated by the Town) at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets and right-to-use SBITAs are depreciated/amortized on the straight-line method using the following estimated useful lives:

	Estimated Useful Life
Category	in Years
Building	25 – 30
Infrastructure	25
Vehicles	8 – 15
Furniture, fixtures and equipment	5 – 20
Roads	25 – 30
Waterway	30
Dams	30 – 50
Software	10
SBITAs	3 – 10

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

5. Compensated Absences

The Town has a policy to accrue compensated absences for employees when the obligation relating to the employee's rights to receive compensation is attributable to the employee's services already rendered, when the rights vest and accumulate and when the payment is payable. Vacation pay meets the above criteria for accrual, whereas sick pay does not. Sick pay does not vest until an employee is eligible to retire. In accordance with GASB Statement No. 16, "Accounting for Compensated Absences", no liability is recorded for nonvesting accumulative rights to receive sick pay benefits. The entire compensated absence liability and expense is reported on the government-wide financial statements. Governmental funds will only recognize a liability for compensated absences if they are significant and have matured, for example, as a result of employee resignations or retirements.

Upon retirement, the value of sick leave accruals is contributed to a retirement health savings plan.

The General Fund is used to liquidate the liability for compensated absences.

6. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method (as it approximates the effective interest method) if material. Debt is reported net of applicable bond premiums and discounts. Issuance costs are expensed in the period incurred.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current financial resources. However, claims and judgments, debt, compensated absences, contractually required pension contributions, special termination benefits and other similar long-term liabilities that will eventually be paid from governmental funds are not reported as a liability in the fund financial statements until due and payable.

In the governmental fund financial statements, bond premiums, discounts and bond issuance costs are recognized immediately. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

8. Fund Balance

In accordance with GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions", the Town classifies its governmental fund balances as follows:

Nonspendable – includes amounts that inherently cannot be spent either because they are not in spendable form (i.e., prepaids, inventories, etc.) or because of legal or contractual requirements (i.e. principal on an endowment, etc.).

Restricted – includes amounts that are constrained by specific purposes which are externally imposed by: (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action made by the highest level of decision making authority, Town Council ("Council"), before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed amounts for the Town consist of amounts passed and approved by resolution by Council.

Assigned – includes amounts that are intended to be used for specific purposes that are neither considered restricted nor committed and that such assignments are made before the report issuance date. The Town reserves the right to assign fund balance by a simple majority vote of Council.

Unassigned – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts of restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

8. Fund Balance (Continued)

The Town generally uses restricted amounts first when both restricted and unrestricted (committed, assigned and unassigned) fund balance is available unless there are legal documents, contracts or agreements that prohibit doing such. Additionally, the Town generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. See Note 3.D. for more information on fund balance.

9. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the Statement of Net Position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments. See Note 3.E. for more information on net position.

10. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded to reflect the use of the applicable spending appropriations, is used by the General Fund during the year to control expenditures. Encumbrances do not constitute expenditures or liabilities. For budget purposes, encumbrances and unused expenditure appropriations lapse at year-end.

11. Pensions

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting (see Note 4.B. and the required supplementary information immediately following the notes to the financial statements for more information), regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting. The Town recognizes a net pension liability for each qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified pension plan, or the Town's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the Town's fiscal year-end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

11. Pensions (Continued)

Changes in the net pension liability during the period are recorded as pension expense, or as deferred outflows or inflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

12. Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of these balances as of the date of the financial statements. In addition, they affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and assumptions.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

13. Fair Value

The fair value measurement and disclosure framework provides for a three-tier fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Town can access at the measurement date.
- Level 2 Inputs to the valuation methodology, other than quoted prices included in Level 1, that are observable for an asset or liability either directly or indirectly and include:
 - Quoted prices for similar assets and liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted market prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology that are unobservable for an asset or liability and include:
 - Fair value is often based on developed models in which there are few, if any, observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable values or reflective of future fair values. The Town believes that the valuation methods used are appropriate and consistent with GAAP. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes from the prior year in the methodologies used to measure fair value.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Equity (Continued)

14. Comparative Data

Comparative data (i.e., presentation of prior year totals by fund type) has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Annual appropriated budgets are adopted for the General Fund, Debt Service Fund, Capital Projects Fund, and the Stormwater Fund. The Town uses the following procedures in establishing budgetary data reflected in these financial statements:

- The Town Manager submits to Council a proposed operating budget for the General Fund, Capital Projects Fund, Debt Service Fund and Stormwater Fund for the year which includes proposed expenditures and the means of financing them.
- 2. Public hearings are held for taxpayers' comments for the General Fund, Capital Projects Fund, Debt Service Fund and Stormwater Fund budgets.
- 3. The budgets are legally enacted and adopted by Council.
- 4. Budgetary transfers between departments and projects may be authorized by the Town Manager for up to \$100,000; however, large transfers and any revisions that alter the total expenditures of any fund must be approved by Council.

The lowest level at which appropriations are adopted is the department-level. Appropriations lapse at year-end.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES

A. Deposits and Investments

Deposits

<u>Custodial Credit Risk for Deposits:</u> Custodial credit risk for deposits is the risk that, in the event of a bank failure, the Town's deposits might not be recovered. The Town does not have a formal deposit policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2024, none of the Town's bank balances of approximately \$3,487,000 (with a carrying value of approximately \$2,757,000) were exposed to custodial credit risk.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

A. Deposits and Investments (Continued)

Investments

As of June 30, 2024, the Town had the following investments and maturities:

	Fair Value	Credit		Investment Maturity
Investment Type	Level (1)	Rating [^]	Fair Value	in Years
SC Local Government Investment Pool	N/A (2)	NR, NR	\$ 87,953,458	< 1 year
Open-Ended Mutual Fund Investing in				
Governmental Securities	Level 1	AAAm, Aaa-mf	263,820	< 1 year
Open-Ended Mutual Fund Investing in				
Governmental Securities	Level 1	NA, NA	5,084	< 1 year
United States Treasury and Agencies	Level 1	*	127,197,677	< 1 year
United States Treasury	Level 1	*	6,853,164	1 – 3 years
Total			\$ 222,273,203	

⁽¹⁾ See Note 1.C. 13 for the details of the Town's fair value hierarchy.

NA - Not Available

NR - Not Rated

Interest Rate Risk: Interest rate risk is limiting investment maturities to help manage exposure to fair value losses from increasing interest rates. The Town's policy is to minimize interest rate risk by: 1) structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations; thereby, avoiding the need to sell securities on the open market prior to maturity, and 2) investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

<u>Custodial Credit Risk for Investments:</u> Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have an investment policy for custodial credit risk but follows the investment statutes of the State of South Carolina. As of June 30, 2024, none of the Town's investments were exposed to custodial credit risk.

⁽²⁾ Investments that have a net asset value are not subject to the fair value hierarchy.

^{*} Credit ratings are not required for obligations of the U.S. government.

[^] If available, credit ratings are for Standard & Poor's and Moody's Investors Services.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

A. Deposits and Investments (Continued)

Investments (Continued)

<u>Credit Risk for Investments:</u> Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Town's investment policy minimizes credit risk by limiting investments to the types of securities in compliance with the provisions of South Carolina statutes as discussed previously.

<u>Concentration of Credit Risk for Investments:</u> The Town places no limit on the amount the Town may invest in any one issuer. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from concentration of credit risk disclosures.

Certain cash, cash equivalents and investments of the Town are legally restricted for specified purposes. The major types of restrictions at June 30, 2024 were: (a) those imposed by the revenue source (i.e., hospitality tax, accommodations taxes, impact assessment fees, etc.), and (b) unspent bond proceeds.

Reconciliation to the Financial Statements

The following table reconciles the amounts reported as deposits and investments in the notes to the financial statements to cash and cash equivalents reported in the financial statements:

Deposits and Cash on Hand	\$ 2,756,905
Investments	222,273,203
Total Cash, Cash Equivalents, and Investments per	
the Statement of Net Position	\$ 225,030,108

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

B. Receivables and Unavailable and Unearned Revenues

Property Taxes

The Town's fiscal year 2024 real and business personal property taxes (which were for tax year 2023) were levied on September 30, 2023, and were due beginning on this date based on the assessed valuation as of January 1, 2023. Property taxes are considered late on January 16, 2024. Motor vehicle property tax is levied and collected on a portion of taxable vehicles monthly. Assessed values are established by the Beaufort County Tax Assessor and the South Carolina Tax Commission. The Town's current operating and debt service millage rates were 15.90 mills, and 5.50 mills, respectively. Town property taxes are billed and collected by Beaufort County under a joint billing and collection agreement.

The Town's governmental activities receivables and allowances at June 30, 2024 consisted of the following:

	Government-wide Financial Statements - Governmental Activities								
		G	over	nmental Fun	d Fin	ancial Statemen	ts		
	Beach General Preservation Hospitality

B. Receivables and Unavailable and Unearned Revenues (Continued)

Due From Other Governments (Continued)

The amounts due from other governments to the Town's enterprise fund as of June 30, 2024 are as follows:

	 rmwater Fund
Beaufort County:	
Stormwater Fees	\$ 11,370
Total	\$ 11,370

Unavailable and Unearned Revenues

Governmental funds report as a component of deferred inflows of resources: (a) revenues that are not considered to be available to liquidate liabilities (unavailable revenue), and (b) revenues that have been received but are intended to finance future periods (deferred revenue). Governmental funds also defer revenue recognition and report liabilities in connection with resources that have been received but not yet earned (unearned revenue).

At June 30, 2024, the various components of unavailable and unearned revenues were as follows:

	Fund	of R	Resources available	Liabilities Unearned	Total
Advance - Miscellaneous	General	\$	-	\$ 20,877	\$ 20,877
Advance - Grants	Federal Grants		-	2,181,190	2,181,190

	\$	9,691,713	\$	9,691,713	

Amounts due from/to funds resulted from interfund goods and services provided or reimbursable expenditures/expenses incurred on or before June 30, 2024. All balances are expected to be repaid within one year.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

C. Interfund Receivables, Payables and Transfers (Continued)

Interfund Transfers

Interfund transfers for the year ended June 30, 2024 consisted of the following:

Fund	1	ransfers In	Tra	ansfers Out	Purpose
Major Governmental Funds:					
General Fund	\$	14,279,087	\$	3,000,000	Funding from various funds for tourism-related expenditures
Tax Increment Financing Fund		-		4,494,978	Fund Capital Improvement Program
Accommodations Tax Fund		-		6,629,316	Fund tourism-related expenditures
Real Estate Transfer Fees Fund		-		8,332,751	Fund purchase of Town Council approved property
Beach Preservation Fees Fund		-		8,848,605	Fund tourism-related expenditures and Debt Service payments
Hospitality Fees Fund		-		9,246,221	Fund tourism-related expenditures and Debt Service payments
Debt Service Fund		10,412,619		-	Funding from various funds for debt service payments
Capital Projects Fund		26,594,910		350,000	Funding from various funds for Capital Improvement Program
Other Nonmajor Governmental Funds:					
Short-Term Rentals Fund		-		1,750,000	Fund personnel and software expenditures in the General Fund
Housing Fund		2,350,000		-	Funding from various funds for housing-related expenditures
Road Usage Fee Fund		137,533		-	Fund Capital Improvement Program
Palmetto Electric Franchise Fees Fund		-		10,137,278	Fund Capital Improvement Program
Proprietary Funds:					
					Transfers In to fund tourism-related expenditures and transfers out to
Stormwater Fund		-		985,000	fund Capital Improvement Program
	\$	53,774,149	\$	53,774,149	· · ·

The Town uses transfers to: 1) move revenues from the fund that by statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move Town grant monies from grantor funds to grantee funds, and 3) transfer bond proceeds from the fund that by statute or budget requires to receive them to other funds authorized to execute the project.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

D. Fund Balances

Fund balances for all major and nonmajor funds as of June 30, 2024 were distributed as follows:

Classification/Fund	Amount		
Nonspendable			
General Fund	Prepaid items	\$	28,585
Capital Projects	Prepaid items		50,000
Restricted:			
Tax Increment Financing District	Economic development		9,642,601
Accommodations Tax	Tourism promotion		10,985,198
Real Estate Transfer Fee	Environmental conservation		10,402,945
Beach Preservation Fee	Beach renourishment		30,985,989
Hospitality Fee	Public health and safety		27,123,832
Debt Service	Debt service payments		13,716,563
Capital Projects	Construction of major capital facilities		7,625,346
Natural Disasters	Response to natural disasters		35,969,474
Palmetto Electric	Underground electrical service		6,739,537
Operating Grants	Operating grants		435,214
HOME Grant	HOME grant program		12,127
Road Usage Fee	Road projects		2,740,911
Short-Term Rental Fee	Short-term rentals		265,314
Housing Fund	Community development		2,148,477
Community Development Corporation	Gullah Geechee historic neighborhoods		5,561,896
Firemen's Fund	One Percent Firemen's Fund		74,665
Committed:			
General	Disaster recovery		24,370,000
Beach Preservation Fee	Beach renourishment		12,000,000
Unassigned:			
General			15,138,084
Total Fund Balance		\$	216,016,758

In relation to fund balance committed for Disaster Recovery, the Council has established:

• Committed for Operating Expenditures – The Town will establish and maintain an operating balance based on a range with a minimum of 40% up to a maximum of 55% of the Town's adopted fiscal year operating budget. The operating balance may be utilized for emergency purposes in post-disaster occurrences; to offset an early fiscal year tax revenue income stream deficiency; and to avoid emergency Town borrowing or use of tax anticipation notes. The Director of Finance is authorized to transfer the amount of undesignated fund balance above the 55% maximum into the following funds: 1) The Debt Service Fund to maintain an account reserved for the reduction of the Town's general obligation debt. These funds may be used for early retirement or other debt payments; 2) the Natural Disasters Fund to maintain an account for disaster preparation, disaster response, or disaster recovery; or 3) the Capital Improvements Fund – subject to Council appropriations for usage from the CIP fund.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

D. Fund Balances (Continued)

A report shall be given each year to Council, at the close of the fiscal year, identifying the status of the fund balance in relation to the operating reserve policy, and any potential excess funds that could be transferred or used. The Town had the minimum 40% committed in fund balance of approximately \$24,370,000 at June 30,2024.

- Committed for Advertising Expenditures The Town will set aside 2% of the 2% local hospitality tax and 5% of the 1% local accommodations tax revenues collected annually into an advertising account. These funds are committed for disaster management communications oriented programs. The fund will be used to provide post disaster advertising, a communications link to emergency agencies, and media programs to provide public notice. Funds may be distributed upon authorization by the Town Manager. The total amount of funds for this purpose will not exceed \$1,000,000, which is included in the Natural Disasters Fund. Annual interest earned on funds will also be deposited into the account.
- Committed for Beach Renourishment The Town will hold in an interest-bearing account a portion of the amounts on deposit in the Town of Hilton Head Island Beach Preservation Fee Account. The amount to be held in this account shall not exceed \$12 million. At June 30, 2024, the balance was approximately \$12,000,000.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

E. Net Position

The Town has reported unrestricted net position of approximately \$38,332,000, which includes approximately \$19,019,000 related to the Town's proportionate share of the net pension liability. The Town does not anticipate funding this liability and will continue to contribute to the pension plan at State required contribution rates.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

F. Accommodations Tax Fund

Accommodations Tax Fund is a Special Revenue Fund used to record Accommodations Tax receipts and grants approved by Council payable out of appropriations. Thirty percent (approximately \$3,830,000) and five percent (approximately \$638,000) of Accommodations Taxes after deducting a \$25,000 transfer to the General Fund are required to be transferred to the Hilton Head Island Chamber of Commerce Visitor and Convention Bureau and the General Fund, respectively. The remaining amounts are allocated to various projects approved by Council and these projects must be tourism-related. Council has adopted a policy whereby the appropriations for an individual grant will lapse if the project is not underway by December 31 of the year following appropriation. The grant can be extended, by the Town Manager, for one additional calendar year.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

F. Accommodations Tax Fund (Continued)

Council has approved amounts for calendar year 2024 as follows:

Grantee	App	propriations

Capital asset depreciation expense for business-type activities was charged to Stormwater.

H. Long-Term Obligations

The Town issues bonds to provide funds for the acquisition and construction of major capital facilities as well as the purchase of land. General Obligation Bonds ("GOB") are direct obligations and pledge the full faith and credit of the Town. Tax Increment Financing Bonds ("TIFB") are considered a special obligation of the Town payable solely from ad valorem taxes generated by improvements to real property within the redevelopment project area. The full faith, credit, and taxing powers of the Town are not pledged for the payment of the TIFB nor the interest thereon. Special Obligation Bonds ("SOB") are considered a special obligation of the Town payable from a specified revenue source, such as hospitality tax, beach preservation fees, stormwater fees, etc. The full faith, credit and taxing powers of the Town are not pledged for the payment of the SOB nor the interest thereon.

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

H. Long-Term Obligations (Continued)

Details on the Town's outstanding debt issues as of June 30, 2024 are as follows:

General Obligation Bonds

\$5,005,000 General Obligation Bonds Dated September 9, 2009

On September 9, 2009, the Town issued \$5,005,000 in general obligation bonds with an average interest rate of 2.72% to advance refund \$4,900,000 general obligation bonds dated November 16, 1999 with an average interest rate of 5.56%. The net proceeds of \$5,248,484 including a premium of \$34,061 (after payment of \$139,061 in issuance costs) and funds on hand were used to purchase United States government securities. These general obligation bonds were refunded to reduce total debt service payments over the life of the bonds and to obtain an economic gain. A schedule of the amounts due for this issue follows:

			Governmental Activities							
For the Year Ending June 30,	Interest Rate by Year (%)	Ir	nterest	F	Principal		Total			
2025	3.500	\$	8,400	\$	480,000	\$	488,400			
		\$	8,400	\$	480,000	\$	488,400			

Ad Valorem tax revenues of the Debt Service Fund are used to repay these bonds.

\$13,080,000 General Obligation Bonds Dated September 14, 2016

On September 14, 2016, the Town issued \$13,080,000 in general obligation bonds with a net interest rate of 0.999% to advance refund \$13,210,000 general obligation bonds dated March 15, 2005. The net proceeds of \$13,593,831 including \$513,831 in premiums (after payment of \$209,846 in issuance costs) were used to purchase United States government securities placed in an irrevocable trust for in-substance defeasance. These general obligation bonds were refunded to reduce total debt service by \$1,272,716 over the life of the bonds and to obtain a present value economic gain of \$1,219,122. A schedule for the amounts due for this refunded issue is as follows:

		Governmental Activities							
For the Year Ending June 30,	Interest Rate by Year (%)	Interest		F	Principal	Total			
2025	1.500	\$	6,300	\$	840,000	\$	846,300		
		\$	6,300	\$	840,000	\$	846,300		

NOTE 3. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

H. Long-Term Obligations (Continued)

General Obligation Bonds (Continued)

\$9,035,000 General Obligation Bonds Dated September 14, 2016

On September 14, 2016, the Town issued \$9,035,000 in general obligation bonds with a net interest rate of 1.98% to advance refund \$9,515,000 general obligation bonds dated February 3, 2010. The net proceeds of \$9,708,531 including \$673,531 in premiums (after payment of \$173,384 in issuance costs) were used to purchase United States government securities placed in an irrevocable trust for in-substance defeasance. These general obligation bonds were refunded to reduce total debt service over the life of the bonds by \$1,281,272 and to obtain a present value economic gain of \$1,225,838. A schedule for the amounts due for this refunded issue is as follows:

		Governmental Activities						
For the Year Ending June 30,	Interest Rate by Year (%)		Interest		Principal		Total	
2025	4.000	\$	142,838	\$	665,000	\$	807,838	
2026	4.000		116,238		465,000		581,238	
2027	2.000		97,638		465,000		562,638	
2028	2.000		88,338		470,000		558,338

2029	5.000		102,650	250,000		352,650	
2030 - 2034	3.000		369,900	1,390,000		1,759,900	
2035 - 2039	3.000		147,900	 1,615,000		1,762,900	
		\$	1,144,550	\$ 4,140,000	\$	5,284,550	

Ad Valorem tax revenues of the Debt Service Fund are used to repay these bonds.

\$5,830,000 General Obligation Bonds

On December 3, 2020, the Town issued \$5,830,000 in general obligation bonds with a net interest rate of 0.6142% to advance refund \$6,665,000 general obligation bonds Series dated August 3, 2011. The net proceeds of \$6,975,085 including \$1,145,000 in premiums (after payment of \$194,823 in issuance costs) were used to purchase United States government securities placed in an irrevocable trust for a current refunding. These general obligation bonds were refunded to reduce total debt service by \$721,624 over the life of the bonds and to obtain a present value economic gain of \$705,853. A schedule for the amounts due for this refunded issue is as follows:

		Governmental Activities					
For the Year Ending June 30,	Interest Rate by Year (%)	 nterest	ı	Principal	Total		
2025	5.000	\$ 177,850	\$	705,000	\$	882,850	
2026	5.000	142,600		740,000		882,600	
2027	5.000	105,600		780,000		885,600	
2028	4.000	66,600		815,000		881,600	
2029	4.000	34,000		850,000		884,000	
		\$ 526,650	\$	3,890,000	\$	4,416,650

General Obligation Bonds (Continued)

\$6,285,000 General Obligation Bonds

On December 3, 2020, the Town issued \$6,285,000 in general obligation taxable bonds (Series 2020B) with a net interest rate of 1.647% to advance refund \$5,585,000 general obligation bonds (Series 2013A) dated June 18, 2013. The net proceeds of \$6,327,890 (after payment of \$210,808 in issuance costs) were used to purchase United States government securities placed in an irrevocable trust for an advanced refunding. These general obligation bonds were refunded to reduce total debt service by \$472,376 over the life of the bonds and to obtain a present value economic gain of \$425,404.

The Series 2013A Bonds included \$4 million of bonds applicable to the debt limit and \$5 million in referendum bonds. The Town changed its accounting treatment of the repayment of the Series 2013A and Series 2020B bonds so the bonds applicable to the debt limit are paid first, followed by payment of the referendum bonds. As of the fiscal year ended June 30, 2024, the portion of the Series 2013A and Series 2020B bonds applicable to the debt limit have been fully paid, and only the referendum portion of the Series 2020B bonds remain outstanding.

A schedule of the amounts due for this refunded issue is as follows:

		Governmental Activities						
For the Year Ending June 30,	Interest Rate by Year (%)	Interest		Principal		Total		
2025	0.750	\$	82,870	\$	475,000	\$	557,870	
2026	0.950		79,308		480,000		559,308	
2027	1.100		74,748		485,000		559,748	
2028	1.200		69,413		490,000		559,413	
2029	1.400		63,533		500,000		563,533

SBITAs

The Town implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, as of July 1, 2022. As such, the Town has recognized a liability for all significant SBITAs. These arrangements have terms that range from three through five years and the Town utilized its incremental borrowing rate of 3.5% to compute the net present value of the SBITAs. A schedule of the amounts due for these arrangements are as follows:

For the Year Ending June 30, 2025 2026 2027 2028

	Governmental Activities									
lı	nterest		Principal		Total					
\$	29,841	\$	400,013	\$	429,854					
	16,561		352,297		368,858					
	5,750		263,351		269,101					
	314		20,860		21,174					
\$	52,466	\$	1,036,521	\$	1,088,987					

Legal Debt Limit

Article Ten (X), Section Fourteen (14) of the South Carolina Constitution of 1895 as amended provides that a City or Town shall incur General Obligation Debt over the 8% limit when approved by a majority vote of qualified electors of the political subdivision voting in a referendum authorized by law. There shall be no conditions or restrictions limiting the incurring of such indebtedness except:

- a. Those restrictions and limitations imposed in the authorization to incur such indebtedness;
- b. The provisions of Article Ten (X) Section Fourteen (14); and
- c. Such general obligation debt shall be issued within five years of the date of such referendum and shall mature within 40 years from the time such indebtedness shall be incurred.

Debt from Direct Placement/Borrowing

The Town's outstanding Series 2017 Tax Increment Financing Bonds, Series 2018 Stormwater Revenue Bonds, and Series 2021 Stormwater Revenue Bonds are direct placements/direct borrowings. Direct placements/borrowings generally contain provisions that in an event of default, outstanding amounts can become immediately due if the Town is unable to make payment, and they may contain collateral provisions.

NOTE 4. OTHER INFORMATION

A. Contingencies

Arbitrage – State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal government. To retain the bond's tax-exempt status, local governments must meet the regulations as adopted by the U.S. Treasury Department. The proceeds from the bond issue must not be invested, for more than a temporary period, in obligations producing a materially higher yield than the bond issue. To maintain tax exempt status, the yield earned at the materially higher rate over the bond cost must be remitted to the U.S. Treasury every five years. Exceptions to the regulations include the requirement that the local government expend all the bond proceeds within designated periods which could be up to three years. The Town has recorded a Bond Yield Restriction Liability of \$2,159 to limit yield to the Federal law maximum allowed.

Risk Management and Litigation – The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in the State of South Carolina insurance fund and also purchases commercial insurance as its primary defense against losses arising from the above. The fund provides beneficial insurance rates with regular insurance coverage. The fund is not considered a risk pool. The amount of settlements has not exceeded insurance coverage over the past three fiscal years.

The Town has also designated a portion of its fund balance to defray the extraordinary costs it anticipates it would incur during a natural disaster. These anticipated costs are for employee overtime, disaster aid and the like. All risk management activities are accounted for in the General Fund.

Expenditures and claims are recognized when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. No amount for claims has been accrued at June 30, 2024.

Lawsuits – The Town has been named in several lawsuits concerning zoning enforcement of Town ordinances. One of these suits includes claims seeking damages against individual Town employees, which are insured claims covered through the South Carolina Insurance Reserve Fund.

The Town has been named in several lawsuits concerning other matters asserting monetary damages. There are cases alleging personal injuries which are insured claims, but one claim seeks a refund of road maintenance fees paid to the Town, which is not an insured claim. These cases are in preliminary stages and the possible outcome or damages are unknown at this time. The Town carries liability insurance, and these lawsuits, with the exception of the lawsuit seeking a refund of road maintenance fees, are covered. Management does not believe that any of these will have a material effect on the financial statements.

NOTE 4. OTHER INFORMATION (CONTINUED)

A. Contingencies (Continued)

Beaufort County Sheriff's Fees – The Town has accrued \$2,000,000 per year for fiscal years ended June 30, 2021, 2022, 2023, and 2024 for Sheriff's services provided by Beaufort County. In prior fiscal years, the Town paid over \$3,000,000 per year to Beaufort County for Sheriff's services.

After completing a study of the services provided by the Sheriff's office, the Town determined that the Sheriff's services provided by Beaufort County (the "County") were consistent with the Sheriff's services provided to other areas of Beaufort County. Therefore, the Town's position was the Sheriff's services provided should be covered by the property taxes paid by Town property owners to the County, and no additional fees should be paid by the Town to Beaufort County.

Negotiations between the Town and Beaufort County failed in July 2020, when the Town proposed to pay \$2,000,000 per year for Sheriff's services and for the Town to take on some additional financial responsibilities from the County.

The Town has estimated that \$8,000,000 is the appropriate liability for Sheriff's services provided by Beaufort County for the fiscal years ended June 30, 2021, 2022, 2023, and 2024 and has properly accrued a liability equal to that amount. The Town is continuing to accrue for fiscal year ending June 30, 2025. This liability is included in Due to Other Governments on the financial statements.

B. Retirement Plans

Great-West Life and Annuity Retirement Plan (the "Plan")

The Town established a defined contribution 401(a) money purchase plan on February 15, 1984, effective for the fiscal year beginning July 1, 1984, for all full-time employees. That Plan was effective through December 31, 1996, at which time the funds were rolled over to a 401(k) plan effective January 1, 1997. The Plan is administered by, and the funds are held by, the Great-West Life and Annuity Company, a retirement plan administrator. All full-time and part-time employees are covered by the Plan except those covered by the South Carolina Police Officers' Retirement System ("PORS") Plan and are fully vested after five years of service. The Plan calls for employer contributions to include a 6% automatic contribution, 100% match of the employee's first 4% contribution and 50% match of the next 4% contributed. All Plan amendments must be approved by the Town manager or his designee.

For the years ended June 30, 2024, 2023, and 2022, employer contributions were based on a total payroll of approximately \$12,945,000, \$11,388,000, and \$9,673,000, respectively. The amount contributed by the employer for the year ended June 30, 2024 was approximately \$1,502,000, or 11.6%, of covered payroll. During the years ended June 30, 2023 and 2022, approximately \$1,305,000 and \$994,000 were contributed to the Plan by the employer, respectively. Employee contributions to the Plan were approximately \$1,171,000, or 9.0%, of covered payroll for the year ended June 30, 2024.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan

The Town participates in the State of South Carolina's retirement plans. The South Carolina Public Employee Benefit Authority ("PEBA"), created on July 1, 2012, is the state agency responsible for the administration and management of the various retirement systems and retirement programs of the State of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("Systems") five defined benefit plans. PEBA has an 11-member Board of Directors ("PEBA Board"), appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

The PEBA issues an Annual Comprehensive Financial Report ("ACFR") containing financial statements and required supplementary information for the System's Pension Trust Funds. The ACFR is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to:

PEBA 202 Arbor Lake Drive Columbia, SC 29223

The PEBA is considered a division of the primary government of the State of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Plan Description

The South Carolina Police Officers' Retirement System ("PORS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firefighters of the state and its political subdivisions. PORS also covers peace officers, coroners, probate judges, and magistrates.

Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under the System is presented below.

PORS – To be eligible for PORS membership, an employee must be required by the terms of his/her employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in the PORS. Magistrates are required to participate in the PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the System with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the System with an effective date of membership on or after July 1, 2012, is a Class Three member.

Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of benefit terms for the System is presented below.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Plan Benefits (Continued)

PORS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Plan Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability ("UAAL") over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.75% for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the 1% increase in the PORS employer contribution rates that was scheduled to go into effect beginning July 1, 2020. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the PEBA Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Plan Contributions (Continued)

Additionally, the PEBA Board is prohibited from decreasing the PORS contribution rates until the funded ratio is at least 85%. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of System assets to the actuarial accrued liability of the System (the funded ratio) that is equal to or greater than 85%, then the PEBA Board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85%. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the System shows a funded ratio of less than 85%, then effective on the following July 1, and annually thereafter as necessary, the PEBA Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the System shows a funded ratio that is equal to or greater than 85%.

As noted earlier, both employees and the Town are required to contribute to the Plans at rates established and as amended by the PEBA. The Town's contributions are actuarially determined but are communicated to and paid by the Town as a percentage of the employees' annual eligible compensation. Required employer and employee contribution rates for the year ended June 30, 2024 are as follows:

	PORS Rates
	2024
Employer Contribution Rate:^	
Retirement	20.84%
Incidental Death Benefit	0.20%
Accidental Death Contributions	0.20%
	21.24%
Employee Contribution Rate^	9.75%

[^] Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws

The actual and required contributions to the PORS were approximately \$2,500,000 for the year ended June 30, 2024 and include the non-employer contributions noted below.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Non-employer Contributions

In an effort to help offset a portion of the burden of the increased contribution requirement for employers, the State General Assembly ("State") funded 1% of the PORS contribution increases for the year ended June 30, 2024. The State's budget appropriated these funds directly to the PEBA for the Police Officers' Retirement System Trust Fund. The amount of funds appropriated by the State (non-employer contributing entity) for the year ended June 30, 2024 were approximately \$81,000 for the PORS. These contributions (on-behalf benefits) from the State were recognized as intergovernmental revenues and pension expenditures in the Town's governmental fund financial statements.

Actuarial Assumptions and Methods

Actuarial valuations of the Plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the reporting period ended June 30, 2019.

The June 30, 2023 total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by the consulting actuary, Gabriel, Roeder, Smith and Company, and are based on an actuarial valuation performed as of July 1, 2022. The TPL was rolled-forward from the valuation date to the Plans' fiscal year-end, June 30, 2023, using generally accepted actuarial principles. There was no legislation enacted during the 2023 legislative session that had a material change in the benefit provisions for any of the Systems. In fiscal year 2023, the PEBA Board adopted updated demographic assumptions. Also, the General Assembly permitted the investment return assumption at July 1, 2021 to decrease from 7.25% to 7.00%, as provided by Section 9-16-335 in South Carolina State Code.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Actuarial Assumptions and Methods (Continued)

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2023 (measurement date) for the PORS.

	PORS
Actuarial cost method	Entry Age Normal
Actuarial assumptions:	
Investment rate of return*	7.00%
Projected salary increases*	3.5% to 10.5% (varies by service)

^{*} Includes inflation at 2.25%.

Benefit adjustments

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality Table ("2020 PRSC"), were developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

Lesser of 1% or \$500 annually

Former Job Class	Males	Females		
Educators	2020 PRSC Males multiplied by 95%	2020 PRSC Females multiplied by 94%		
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%		
Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%		

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Long-Term Expected Rate of Return (Continued)

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2023 fiscal year. The long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.00% assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75% real rate of return and a 2.25% inflation component.

		Expected	Long-Term
	Target Asset	Arithmetic Real	Expected Portfolio
Asset Class	Allocation	Rate of Return	Real Rate of Return
Public Equity	46.0%	6.62%	3.04%
Bonds	26.0%	0.31%	0.08%
Private Equity	9.0%	10.91%	0.98%
Private Debt	7.0%	6.16%	0.43%
Real Assets	12.0%		
Real estate	9.0%	6.41%	0.58%
Infrastructure	3.0%	6.62%	0.20%
	100.0%		
	Total expected r	eal return	5.31%
	Inflation for actu	arial purposes	2.25%
	Total expected r	nominal return	7.56%

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The NPL is calculated separately for each System and represents that particular System's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of the June 30, 2023 measurement date, for the PORS, are presented in the following table:

System	Total Pension Liability	Plan Fiduciary Net Position	Employer's Net Pension Liability	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability
PORS	\$ 9,450,021,576	\$ 6,405,925,370	\$ 3,044,096,206	67.8%

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The TPL is calculated by the Systems' actuary, and each Plans' fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB No. 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the Plans' funding requirements.

At June 30, 2024, the Town reported a liability of approximately \$19,019,000 for its proportionate share of the NPL for the PORS. The NPL was measured as of June 30, 2023, and the TPL for the Plans used to calculate the NPL were measured based on the most recent actuarial valuation report of July 1, 2022, that was projected forward to the measurement date. The Town's proportion of the NPL was based on a projection of the Town's long-term share of contributions to the Plans relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At the June 30, 2023 measurement date, the Town's PORS proportion was 0.624790%, which was an increase of 0.025524% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the Town recognized pension expense of approximately \$2,529,000 PORS. At June 30, 2024, the Town reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
PORS				
Differences between expected and actual experience	\$	895,061	\$	234,466
Assumption changes		413,936		-
Net difference between projected and actual earnings on pension plan investments		-		32,641
Changes in proportion and differences between employer contributions and proportionate share				
of contributions		880,046		267,378
Employer contributions subsequent to the				
measurement date		2,453,076		
Total PORS	\$	4,642,119	\$	534,485

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Approximately \$2,453,000 that was reported as deferred outflows of resources related to the Town's contributions subsequent to the measurement date to the PORS, will be recognized as a reduction of the NPL in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to the PORS will increase (decrease) pension expense as follows:

Measurement Period	Fiscal Year	
Ending June 30,	Ending June 30,	 PORS
2024	2025	\$ 886,951
2025	2026	(285,276)
2026	2027	1,072,780
2027	2028	(19,897)
	Total	\$ 1,654,558

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in the PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 4. OTHER INFORMATION (CONTINUED)

B. Retirement Plans (Continued)

State Retirement Plan (Continued)

Sensitivity Analysis

The following table presents the sensitivity of the Town's proportionate share of the NPL of the Plans to changes in the discount rate, calculated using the discount rate of 7.00%, as well as what it would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate:

	Current			
	19	% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
Town's proportionate share of the				
net pension liability of the PORS	\$	26,829,454	\$ 19,019,198	\$ 12,621,624

Plan Fiduciary Net Position

Detailed information regarding the fiduciary net position of the Plans administered by PEBA is available in the separately issued ACFR containing financial statements and required supplementary information for PORS. The ACFR of the Pension Trust Funds is publicly available on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to:

PEBA 202 Arbor Lake Drive Columbia, South Carolina 29223

Payable to Plan

The Town reported a payable of approximately \$296,000 to the PEBA as of June 30, 2024, representing required employer and employee contributions for the month of June 2024 for the PORS. This amount is included in Accounts Payable on the financial statements and was paid in July 2024.

C. Health Plans

In January 2001, the Town instituted a medical expense reimbursement plan whereby the Town contributes a set amount each year per employee. The employees submit reimbursement requests for qualified expenses to Human Resources. Amounts not used during the calendar year are carried over to the next year, subject to a \$5,000 cap.

NOTE 4. OTHER INFORMATION (CONTINUED)

C. Health Plans (Continued)

In January 2005, the Town also instituted a preventative dental care reimbursement plan whereby employees covered by the State Dental Plan are eligible for reimbursement of out-of-pocket expenses associated with preventive dental care up to an established limit each year. The reimbursement is available to the employee and their dependents provided they are covered under the State Dental Plan, Unused funds are forfeited at the end of the year.

Effective January 1, 2023, the Town instituted the following enhancements to the medical expense reimbursement plan. The Town selected Aviben to administer the plan and increased the annual benefit from \$800 to \$1,150 per calendar year. This resulted in one combined account for medical and preventative dental and the elimination of the separate preventative dental care reimbursement plan. The employee medical expense reimbursement accounts were fully funded with the implementation of this plan, therefore, there is no liability under this plan as of June 30, 2024. The medical expense reimbursement cap of \$5,000 was eliminated effective December 31, 2023.

D. Contract Commitments

Commitments

At June 30, 2024, the Town had remaining construction commitments of approximately \$8,943,000 related to ongoing capital activities, including infrastructure improvements, software upgrades, park construction and improvements, and roadway and pathway construction and improvements.

E. Deferred Compensation Plan

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all government employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely the property and rights of the employee.

The plan is administered by and the funds are held by Great-West, a retirement plan administrator.

Investments are managed by the plan's trustee under a range of investment options. The choice of the investment option(s) is made by the participants.

NOTE 4. OTHER INFORMATION (CONTINUED)

F. Post-employment Benefits Other than Pensions

Retirement Health Savings Plan

Plan Description: In February 2002, the Town instituted a defined contribution plan, the Town of Hilton Head Island Retirement Health Savings Plan ("Plan"), whereby the Town contributes funds to each eligible employee's Health Reimbursement Account ("HRA"). The Town has established a Retirement Plan Advisory Committee consisting of members of the Town's Executive Steering Committee and Senior Staff, which have the authority to establish and amend the benefit terms and contributions rates of the Plan. The Plan is administered through a qualified trust managed by Educators Benefit Consultants, LLC.

Plan Benefits: The Town contributes 100% of forfeited sick leave (hours in excess of the maximum allowed to be accrued as of the end of the calendar year) on an annual basis while actively employed by the Town and 100% of any remaining MedFlex (Town sponsored HRA) balance no later than 60 days after retirement or after the date that the employee is deemed totally or permanently disabled (as defined by PORS or the Town's long-term disability insurance carrier). The Town also contributes 100% of the employee's accumulated sick leave balance upon: 1) retirement, 2) the date that the participant is deemed totally or permanently disabled (as defined by PORS or the Town's long-term disability insurance carrier), or 3) death if retirement eligible. The surviving spouse and/or surviving eligible dependents of the deceased participant are immediately eligible to maintain the account and utilize it to fund eligible medical benefits. If the participant's account balance has not been fully utilized upon the death of the eligible spouse, the account balance may continue to be utilized to pay benefits to eligible dependents. Upon death of all eligible dependents, the account balance is forfeited. If there is no living spouse or dependents at the time of death of the participant, the account balance is forfeited. Participants who are eligible to retire but who are: 1) involuntarily terminated and not offered the option to retire in lieu of termination, 2) involuntarily terminated after declining the option to retire in lieu of termination, or 3) retirement eligible but die while actively employed by the Town are not eligible to receive employer contributions and the balance in their account is forfeited. Forfeitures revert back to the employer for use to offset future employer contributions or other purposes permitted by law.

NOTE 4. OTHER INFORMATION (CONTINUED)

F. Post-employment Benefits Other than Pensions (Continued)

Retirement Health Savings Plan (Continued)

Plan Benefits (Continued): Participants are 100% vested upon the death, disability or retirement from the Town as follows: 1) upon death of the participant, benefits are payable to the surviving spouse and dependents as described previously; 2) a participant who becomes totally and permanently disabled (as defined by PORS or the Town's long-term disability insurance carrier) is eligible to receive plan benefits; and 3) a participant retires after meeting qualifications as follows: (i) to qualify for retirement under PORS, Class Two members must have 25 years of service credit or be at least age 55 with five years of earned service credit. Class Three members must have 27 years of service credit or be at least age 55 with eight years of earned service credit; (ii) to qualify for retirement under the Town's retirement plan, an employee must have 25 years of service with the Town or be at least age 55 with five years of service with the Town.

Plan Contributions: The Town contributed approximately \$339,000, including both the retirement and annual contributions, to the trust during the year ended June 30, 2024. The Town does not have a liability related to the defined contribution plan as of June 30, 2024. No contributions other than employer contributions are required or accepted.

Retiree Health Care Plan

Plan Description: In February 2002, the Town instituted a single employer defined benefit other post-employment benefit plan, the Town of Hilton Head Island Retiree Health Care Plan ("OPEB Plan"). Employees hired prior to April 7, 2009 are eligible to retire and continue medical coverage if they retire with benefits under the Town's Retirement Plan either: 1) upon reaching at least age 62 with ten years of service, 2) as a disability retirement (at least age 50 with ten years of service and permanent and total disability), or 3) with unreduced benefits commencing on or after age 55 until the rule of 80. Retiree coverage is provided for the lifetime of the participant. Upon death of an eligible retiree with a covered dependent, the surviving dependent may extend coverage for up to 36 months at the COBRA rate. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and a separate report was not issued for the OPEB Plan.

Contributions: The General Fund pays the total monthly cost of the post-retirement coverage. The single coverage rates in effect at June 30, 2024, were \$561 per month for health insurance and \$10 per month for life insurance, independent of which plan is elected (HMO or PPO) and independent of whether single or family coverage is elected. The insurance premiums are paid by the Town on a pay-as-you-go basis. The cost to the Town for the health insurance premiums for the year ended June 30, 2024, was \$339,110.

NOTE 4. OTHER INFORMATION (CONTINUED)

F. Post-employment Benefits Other than Pensions (Continued)

Retiree Health Care Plan (Continued)

Plan Membership: Membership in the OPEB Plan as of the most recent actuarial valuation date of June 30, 2023 is as follows:

Active members	264
Retired members	43
Total	307

Total OPEB Liability of the Town: The Town's total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of June 30, 2023, with the actuary using standard techniques to roll forward the liability to the measurement date.

Actuarial Assumptions: Actuarial valuations involve estimates of the value of reported amount and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to the past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

The assumptions used in the June 30, 2023 actuarial valuation are as follows:

Discount rate 4.13%

Healthcare cost trend rate 4.00% - 8.50%

Inflation rate 3.00% non PORS and 3.50% PORS employees

Participation rate 20.00%

Total OPEB Liability of the Town: Changes in the total OPEB liability of the Town for the year ended June 30, 2024 was as follows:

	Т	otal OPEB Liability
Beginning balance	\$	2,790,523
Service cost	<u> </u>	89,286
Interest		103,297
Changes in assumptions		161,104
Differences between expected and actual experience		738,521
Benefit payments		(162,332)
Net change		929,876
Ending balance	\$	3,720,399

NOTE 4. OTHER INFORMATION (CONTINUED)

F. Post-employment Benefits Other than Pensions (Continued)

Retiree Health Care Plan (Continued)

Total OPEB Liability of the Town (Continued): The required schedule of changes in the Town's total OPEB liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about the total OPEB liability.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate: The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower 3.13%) or 1-percentage-point higher (5.13%) than the current discount rate:

	1% Decreas			urrent Rate	1	% Increase
		(3.13%)		(4.13%)		(5.13%)
Total OPEB liability	\$	4.044.648	\$	3.720.399	\$	3,430,263

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates: The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

		Current Trend								
	19	6 Decrease		Rate	19	% Increase				
Total OPEB liability	\$	3,394,706	\$	3,720,399	\$	4.098.455				

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2024, and the current sharing pattern of costs between employer and inactive employees.

NOTE 4. OTHER INFORMATION (CONTINUED)

F. Post-employment Benefits Other than Pensions (Continued)

Retiree Health Care Plan (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB: For the year ended June 30, 2024, the Town recognized OPEB expense of \$405,182. At June 30, 2024, the Town reported deferred outflows of resources related to OPEB from the following source:

	0	Deferred utflows of esources	Deferred Inflows of Resources		
Differences between expected and actual experience Changes in assumptions Contributions subsequent to the measurement date Total PORS	\$ -	869,978 632,485 225,101 1,727,564	\$	300,436 - 300,436	

Contributions subsequent to the measurement date in the amount of \$225,101 will be recognized as a deferred outflow of resources in the year ending June 30, 2025. The remaining amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	
2025	\$ 215,171
2026	224,291
2027	222,011
2028	186,022
2029	168,012
Thereafter	 186,520
Total	\$ 1,202,027

NOTE 4. OTHER INFORMATION (CONTINUED)

G. Proprietary Fund Infrastructure Agreements

The Town has entered into a series of agreements with a number of Public Utility Districts ("PUDs") and Homeowner Associations ("HOAs"). The Town is granted easements to the stormwater infrastructure in certain areas of the Town, and the Town takes responsibility for future maintenance. The Town is currently undergoing a system-wide mapping project to identify all the features within these agreements. Some are known to be impaired. Because of the uncertainty in the condition of the features, the Town has determined a fair valuation cannot be established. The Town has chosen the most conservative reporting position and not recorded any assets for stormwater features within these easements. The Town is recording assets when it incurs costs that meet the capitalization criteria, which there were none in the fiscal year ended June 30, 2024.

H. Road Usage Fee

Effective October 1, 2021, the Town suspended collection of the Road Usage Fee of \$25.00 that was imposed on vehicles registered to an address within the boundaries of the Town. The fee was adopted by the Town in 2016. However, in June 2021, the South Carolina Supreme Court ruled in the Burns, et al. v. Greenville County Council, et al. case that a "service or user fee" – including "uniform service charges" is a charge required to be paid in return for a particular government service or program made available to the payer of that fee that benefits the payer in some manner different from the members of the general public not paying the fee.

Due to the ruling of the Burns, et al. v. Greenville County Council, et al. case, the Council believes it is appropriate to suspend the collection of its Road Usage Fee while it evaluates its options relative to ensuring compliance with the legal criteria outlined in the Burns opinion. The Town continues to follow the case through appeals and evaluates future options.

I. Subsequent Events

There were no material subsequent events for the year ended June 30, 2024 as of the date of the report.

NOTE 5. ERROR CORRECTION

During the fiscal year ended 2024, the Town became aware that it had not reported its OPEB plan in accordance with GASB Statement No. 75. As such, a prior period adjustment to governmental activities net position was required to correct this error. This error correction had the following effect on beginning governmental activities net position as of July 1, 2023:

Net position of governmental activities, as of July 1, 2023,	
as	
previously reported	\$ 371,160,450
To record deferred outflows of resources as of July 1, 2023	1,084,590
To record deferred inflows of resources as of July 1, 2023	(362,352)
To record the total OPEB liability as of July 1, 2023	(2,790,523)
Net position of governmental activities, as of July 1, 2023,	
as	
restated	\$ 369,092,165

Notes to Schedule:

The notes to the budgetary comparison schedule are an integral part of this schedule.

This schedule has been presented on the modified accrual basis of accounting, which is consistent with GAAP.

NOTES TO THE SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES – BUDGET AND ACTUAL GAAP BASIS – GENERAL FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1. BASIS OF ACCOUNTING

The budgetary comparison schedule has been presented on the modified accrual basis of accounting, which is consistent with GAAP.

NOTE 2. BUDGETARY INFORMATION

The Town's procedures in establishing the budgetary data reflected in the budgetary comparison schedule are as follows:

- A. The Town Manager submits to Council a proposed operating budget for the General Fund, Capital Projects Fund, Debt Service Fund, and Stormwater Fund for the year which includes proposed expenditures and the means of financing them.
- B. Public hearings are held for taxpayers' comments for the General Fund, Capital Projects Fund, Debt Service Fund, and Stormwater Fund budgets.
- C. The budgets are legally enacted through passage of an ordinance by July 1.
- D. Budgetary transfers between departments and projects may be authorized by the Town Manager for up to \$100,000; however, large transfers and any revisions that alter the total expenditures of any fund must be approved by Council.

The lowest level at which appropriations are adopted is the department-level. Appropriations lapse at year-end.

STATISTICAL SECTION (UNAUDITED)

This part of the Town of Hilton Head Island, South Carolina (the "Town") Annual Comprehensive Financial Report ("ACFR") represents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the Town's overall financial health.

Contents	<u>Pages</u>
Financial Trends	116 – 121
These schedules contain trend information to help the reader understand how the Town's	
financial performance and well-being have changed over time.	
Revenue Capacity	122 – 127
These schedules contain information to help the reader assess the factors affecting the Town's	
ability to generate its property and sales taxes.	
Debt Capacity	128 – 132
These schedules present information to help the reader assess the affordability of the Town's	
current levels of outstanding debt and the Town's abilities to issue additional debt in the future.	
Demographic and Economic Information	133 and 134
These schedules offer demographic and economic indicators to help the reader understand	
the environment within which the Town's financial activities take place.	
Operating Information	135 – 138
These schedules contain information about the Town's operations and resources to help the	
reader understand how the Town's financial information relates to the services the Town	
provides and activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Financial Statements audit reports for the relevant year.

Notes

^aProperty Tax Reassessments performed in 2018.

Starting in 2005, the Town executed a contract with Palmetto Electric for the underground burial of electrical cable and began receiving franchise fees to help offset the associated costs billed to the Town for burial of existing cable.

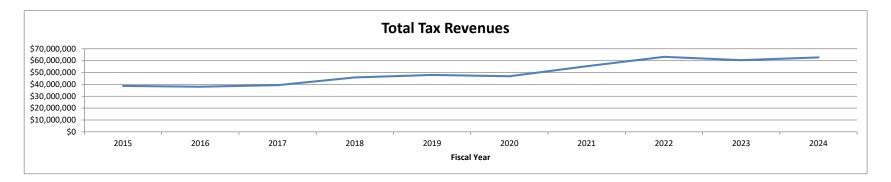

With the exception of this franchise agreement which terminates upon completion of the burial project for existing cable, all remaining licenses, permits, and fees are considered charges for service.

catio calculated by dividing total debt service expenditures (principal and interest) by total noncapital expenditures (the difference between total expenditures and capitalized capital outlay expenditures).

Source: Beaufort County Assessor's Office and Town Finance Department Extrapolations.

Notes:

Property in Beaufort County is reassessed once every five years on average. The County assesses property at 6% and 4% of actual value for real property, 10.5% for personal property, and 6% for motor vehicles.

Tax rates are per \$1,000 of assessed value.

Notes:

The Town's basic property tax rate may be increased only by a majority vote of Council after sufficient public notice of the referendum has been provided to the citizens. Rates for debt service are set based on each year's requirements. The South Carolina legislature has also created laws that limit the millage rate increase for general operating purposes to the Jan. - Dec. of the prior year average CPI for the region plus estimated population growth.

Fiscal year Town direct rates are the approved millage rates by Council.

^aOverlapping rates are those of local and county governments that apply to property owners within the Town of Hilton Head Island in addition to those imposed directly by the Town itself.

¹Water and sewage services are provided to the Town by Public Service Districts. The rates reported represent an average of the millage charges from various providers. Service is on a fee-for-usage basis. The providers and districts served are:

- Hilton Head Number 1 Public Service District
- Broad Creek Public Service District
- South Island Public Service District

The County public schools rates are for non-owner occupied residents. Beginning with Tax Year 2006, a 1% state-wide sales tax was used to pay the operating expenses that would otherwise have been paid by owner occupied residents as a part of their millage rate. Prior to tax year 2006, the owner occupied and non-owner occupied rates were the same.

Town of Hilton Head Island direct debt	 77,072,766	100.00%		77,072,766	
Total direct and overlapping debt	\$ 621,743,966		\$	328,845,621	

Sources:

Assessed value data used to estimate applicable percentages provided by the Beaufort County Assessor's Office. Debt outstanding provided by each governmental unit.

Notes:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Town of Hilton Head Island. This process recognizes that, when considering the Town's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.

¹The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the government's boundaries and dividing it by the County's total taxable assessed value.

Note: Article Ten (X), Section Fourteen (14), of the South Carolina Constitution of 1895 as amended provides that a City or Town shall incur General Obligation Debt over the eight percent (8%) limit only when approved by a majority vote of the qualified electors of the political subdivisions voting in a referendum authorized by law. There shall be no conditions or restrictions limiting the incurring of such indebtedness except:

- a. Those restrictions and limitations imposed in the authorization to incur such indebtedness;
- b. The provisions of Article Ten (X), Section Fourteen (14); and
- c. Such general obligation debt shall be issued within five years of the date of such referendum and shall mature within 40 years from the time such indebtedness shall be incurred.

Notes:

A full-time equivalent is a measurement equal to one person working a full-time schedule for one year. A full-time employee of the Town is normally scheduled to work 1,950 hours per year (including vacation and sick leave). The primary exception would be Fire and Rescue shift personnel normally scheduled to work 2,923 hours per year (including vacation and sick leave).

Total Stormwater Fees Billed		\$ 5,087,778		

The Stormwater fee is composed of three components:

- 1 Administrative fee of \$24 on each account.
- 2 Gross area charge on the total acreage of the parcel. The minimum fee is \$21 for the first two acres with a declining charge for additional acres.
- 3 Impervious area charge based on \$105 for every 4,906 of square feet.

The residential accounts' impervious area charge is based on established tiers and percentages.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Town Council
Town of Hilton Head Island, South Carolina
Hilton Head Island, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Hilton Head Island, South Carolina (the "Town") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2024-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Hilton Head Island, South Carolina's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Town's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Town's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Hilton Head Island, South Carolina's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mauldin & Jenkins, LLC

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Mayor and Members of the Town Council

Town of Hilton Head Island, South Carolina Hilton Head Island, South Carolina

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Town of Hilton Head Island, South Carolina's (the "Town") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Town's major federal program for the year ended June 30, 2024. The Town's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town's federal program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
 evidence regarding the Town's compliance with the compliance requirements referred to above and
 performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town's internal control over compliance relevant to the audit in order to design
 audit procedures that are appropriate in the circumstances and to test and report on internal control over
 compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on
 the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards ("SEFA") includes the federal award activity of the Town of Hilton Head, South Carolina (the "Town") under programs of the federal government for the year ended June 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the SEFA presents only a selected portion of the operations of the Town, it is not intended to and does not present the net position, changes in net position, or cash flows of the Town.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the SEFA are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. INDIRECT COST RATE

The Town has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4. NON-CASH ASSISTANCE

No federal awards were expended in the form of non-cash assistance during the fiscal year ended June 30, 2024.

NOTE 5. SUBRECIPIENTS

The Town did not pass funding through to subrecipients during the fiscal year ended June 30, 2024.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Type A and Type B programs?	\$750,000
Auditee qualified as a low-risk auditee?	XYesNo

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

2024-001 Error Correction – GASB 75 Compliance

Criteria: Governmental Accounting Standards Board ("GASB") Statement No. 75 requires entities with Other Post-Employment Benefit ("OPEB") plans to record the actuarially determined deferred outflows of resources, deferred inflows of resources, and total OPEB liability in their financial statements.

Condition/Cause: The Town failed to report their OPEB plan in the prior year financial statements in accordance with GASB No. 75.

Effect: A prior period adjustment was required to increase deferred outflows of resources, deferred inflows of resources and the total OPEB liability as of July 1, 2023. The net effect of this adjustment was to decrease governmental activities net position in the amount of \$2,068,285.

Recommendation: We recommend the Town review the OPEB plan annually to ensure proper reporting in the government-wide financial statements.

Views of Responsible Officials: We concur and will review the OPEB plan annually to ensure proper reporting.

SECTION III FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

SECTION IV PRIOR YEAR FINDINGS AND RESPONSES

None reported.
