RE: **FY 2020 Financial Statements – Through April (10th period)**

COVID-19 Comments

Here is an update on our Town's finances through April 30th. In a normal year, our collections in April relate to January, February and March. Some businesses are maintaining that schedule. Many businesses are taking advantage of Town Council's initiative for temporary penalty suspensions until June 20th. The COVID-19 virus disruption of normal economic activity really started to show in the second half of March. The collection of revenues related to these taxes and fees reflecting the lower economic activity levels started to show in the April financial statements.

Business license revenue is (\$1,293,805) lower this year than last year through the end of April. This decrease is due to the Town extending the Business License renewal deadline from April 30, 2020 to June 20, 2020.

Thankfully, our YTD numbers through April give us a good foundation going in to this public health crisis. Also, Town Council's decision to raise fund balance reserve levels last year will help us to weather this economic storm. Also thankfully, a number of our revenues have come in through April 30th – giving the Town the best chance to rebound once this public health crisis passes. These are the times when the foresight of Town Council's to establish and maintain strong reserves really helps the Town manage through a crisis.

General Overview

Through April, 98% of General Fund budgeted property taxes have been remitted to the Town by the County. Business license receipts, the second largest source of income, is received mainly in the final quarter of the fiscal year. The Town has extended the Business License renewal deadline as mentioned above. General Fund expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. General Fund revenue YTD is down (1%) compared to last YTD with this month's collections.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are 7% higher than last fiscal year. Individually, the Real Estate Transfer Fee amount of \$2,936,700 is up 8% from last YTD while Permit Revenues are 6% higher than last year.

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are on a combined basis (4%) lower than last fiscal year. The Town does not require Local ATAX/Beach Preservation Fees to be paid by the taxpayers until the 20th of the month following the quarter’s end. However, the Town accepts payments from businesses that choose to pay on a monthly basis prior to the actual due date. The quarterly payments are due in October, January, April and July.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. After April, there are still collections, but at significantly lower levels. Our focus will now turn to the next largest General Fund revenue source --Business License revenues which the Town primarily receives in April, May and June. There is also a significant payment from the State which we traditionally receive in July related to June activity.

Through April, the Town’s General Fund revenues and transfers in total \$31,282,160 or 75% of budget, which compares to \$30,740,502 or 78% of budget for last year. This is an increase of \$541,658 compared to the prior year. Real and personal property taxes are \$987,296 higher than last year, business licenses are (\$1,293,805) lower than last year and permits are \$79,696 higher than last year. Fines and Fees are down (\$73,665) compared to last year due to the closure of the Municipal Court last year. This will be an unfavorable revenue variance from last year for the whole year. From a net expense perspective, the Town is better off than last year related to the Court closing.

With 83% of the year lapsed at the end of April, expenditures-to-date are \$31,193,396 or 73% of budget. This compares to \$30,393,841 or 73% of budgeted expenditures at this time last year. This difference is \$799,555 higher than last year. Several detailed explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. Overall results are consistent with expectations for this time of year.

The net change in the General Fund is presented as a surplus of \$88,764 which is down compared to last year's surplus of \$346,661. This result is anticipated due to the seasonality of when the Town's receipts the majority of its revenues, during December thru February for property taxes and the April/May/June for business licenses as well as the timing of planned spending from year to year. The net change for the current year is (\$257,897) lower this year than last year for the reasons explained earlier. General Fund current versus prior year revenue and expenditure comparisons are presented in a Dashboard display on the Town's external website.

Debt Service Fund

Debt service payments are due at various times during the fiscal year. As of the end of April, \$14,423,537 or 73% of the current year's obligations, have come due and been paid. A number of the Town's debt obligations have principal payments planned in the March to June timeframe to correspond to after the majority of property taxes are collected for the fiscal year.

Capital Projects Fund

As you can see, our capital projects continue to move forward. Since the funding was in place before the start of the year, as the projects advance, CIP fund balance declines.

Major Capital Projects/Expenditures that have occurred thus far this fiscal year are as follows:

Fire Rescue Apparatus	\$ 1,121,221
Modern Classic Motors Site	\$ 3,676,321
Sewer Initiative	\$ 568,112
Coligny Area Improvements	\$ 8,867,029
Shelter Cove Intersection Impr	\$ 402,162

Summary balances for the Capital Project Fund are as follows:

	<u>Actual</u>
Revenues	1,104,301
Transfers In	4,455,994
Capital Outlays	(16,716,397)
Transfers Out	-
Net Change in Fund Balance	<u>\$ (11,156,102)</u>

Other Revenues

The table below reflects the Town’s revenue received for other governmental funds for this fiscal year in comparison to the same time last year. Explanations for material variances, are also included.

A - Addressed previously in this cover letter

B - Most of the property tax revenue is received during the December thru February time period.

C - Amount represents fees charged to customers by Palmetto Electric.

D - New source of revenue beginning during FY2017.

Stormwater Utility Fund

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close relationship between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town’s *Comprehensive Annual Financial Report*.

The Stormwater revenue collected by the County is remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year to date include \$2,826,312 for Capital Outlays, \$278,490 for Debt Service, and \$1,688,697 for operations. These amounts are well within our expectations for this point in the fiscal year.

Fund Balances

As you will notice on page 7, the year-to-date net change in fund balances is a decrease of (\$9,301,978) for governmental funds and an increase of \$40,064 for the Stormwater Utility Fund. These compare to (\$8,856,102) and \$385,624 YTD last month, and (\$4,355,037) and \$2,898,585 for last YTD respectively. Some of these changes are due to COVID-19 virus disruption, and are one example of how strong reserve policies enable smooth Town operations while we wait for business license and other revenue collections. These balances are reflective of the planned spend-down of capital funds (\$11,156,102) as a number of projects proceed. Without the planned spenddown of capital projects funds – we are indicating a surplus of \$2 million in the rest of the Governmental funds year-to date.

Dashboards

The General Fund dashboards found on the Town's website present a full year for fiscal years, 2018, 2019 and year-to-date for fiscal year 2020.

See next page for variance explanations.

Variance Explanations:

CL - Variance addressed in Financial Statement Memorandum.

A - Fines and Fees have declined as the municipal court closed. As of 02/01/2019 all cases and related revenue are now County business.

B - The amount of Miscellaneous Revenue fluctuates from year to year and within each year.

C - The Town continues to optimize its investing with SC's Local Govt Investment Pool (LGIP) Program; however, the interest rate has decreased from 2.45% at 4/30/2019 to 1.40% at 4/30/2020.

D - Municipal Court closed as of 02/01/2019, personnel costs no longer being incurred.

E - FY 2020 does not count on these transfer amounts. This is the offset to the reallocation of the 0.82 mil from CIP to General Fund.

F - The Town extended the Business License renewal deadline from April 30, 2020 to June 20, 2020 due to the COVID-19 virus disruption.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
