## MEMORANDUM

To: Steve Riley, Town Manager
From: John Troyer, Finance Director
Date: December 2, 2019
RE: FY 2020 Financial Statements - Through October (4th period)

## General Overview

The initial months of each fiscal year are traditionally low on the revenue side while expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. Therefore, reporting a temporary deficit is the norm during the early months of the fiscal year, and is expected.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are 3\% higher than last fiscal year. Individually, the Real Estate Transfer Fee amount of $\$ 1,287,947$ is up $13 \%$ from last YTD while Permit Revenues are $16 \%$ lower than an unusually high amount last year.

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are on a combined basis $4 \%$ higher than last fiscal year. This early in the fiscal year the total should not be construed as an ongoing trend. The Town does not require Local ATAX/Beach Preservation Fees to be paid by the taxpayers until the $20^{\text {th }}$ of the month following the quarter's end. However, the Town accepts payments from businesses that choose to pay on a monthly basis prior to the actual due date. The quarterly payments are due in October, January, April and July.

## General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in April, May and June.

Through October, the Town's General Fund revenues and transfers in total \$6,295,600 or 15\% of budget, which compares to $\$ 6,623,107$ or $17 \%$ of budget for last year. This is a decrease of $\$ 327,507$ compared to the prior year. One reason for a decrease is the Municipal Court closed last year. This will be an unfavorable revenue variance from last year for the whole year. From a net expense perspective, the Town is better off than last year related to the Court closing. Approximately half of the decrease is due to a timing differences regarding inter-fund transfers. These will continue to level out as the year progresses. Permits are down, but it is normal to see a seasonal and sometimes erratic pattern of collections this early in the fiscal year. The remaining differences are related to a collection of other revenues that would have different timing than last year. There is no reason to change our expectations for our budget projections for the full year. At this early point in the year we hesitate to draw inferences regarding ongoing trends. However, we will continue to closely monitor the timing, amount and our projections for revenues.

With $33 \%$ of the year lapsed at the end of October, expenditures-to-date are $\$ 12,333,734$ or $29 \%$ of budget. This compares to $\$ 11,702,328$ or $28 \%$ of budgeted expenditures at this time last year. This difference is $\$ 631,406$ higher than last year. A significant portion of the increase is simply timing related between the two years - and is already moderating from earlier totals this year. Several detailed explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. Overall results are consistent with expectations for this time of year.

The net change in the General Fund is presented as a temporary deficit of $(\$ 6,038,134)$ which compares to last year's $(\$ 5,079,221)$. This result is anticipated due to the seasonality of the Town's receipts the majority of its revenues, during December thru February for property taxes and the April/May/June for business licenses. The net change for the current year is $(\$ 958,913)$ temporarily lower this year than last year for the reasons explained earlier. General Fund current versus prior year revenue and expenditure comparisons are presented in a Dashboard display on the Town's external website.

## Debt Service Fund

Debt service payments are due at various times during the fiscal year. As of the end of October, $\$ 4,390,615$, or $22 \%$ of the current year's obligations, have come due and been paid.

## Capital Projects Fund

Summary balances for the Capital Project Fund are as follows:

|  | FY 2020 <br> Actual |

| D - New source of revenue beginning during FY2017. |  |  |  |  |  |  |  |  |

## Stormwater Utility Fund

The Business Type Activity - Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close relationship between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's Comprehensive Annual Financial Report.

The Stormwater revenue collected by the County is remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year to date include \$660,096 for Capital Outlays, \$139,245 for Debt Service, and $\$ 166,366$ for operations.

## Fund Balances

As you will notice on page 6, the year-to-date net change in fund balances is a seasonal decrease of $(\$ 13,596,358)$ for governmental funds and a $(\$ 902,179)$ for the Stormwater Utility Fund. These compare to $(\$ 16,650,973)$ and $(\$ 490,912)$ YTD last month, and $(\$ 8,025,125)$ and $(\$ 598,297)$ for last YTD respectively. Again, these are seasonal changes, and are one example how strong reserve policies enable smooth Town operations while we wait for property taxes and other revenue collections.

## Dashboards

The General Fund dashboards found on the Town's website present a full year for fiscal years, 2018, 2019 and year-to-date for fiscal year 2020.
