RE: FY 2022 Financial Statements – Through January 2022 (7th Period)

General Overview

The initial months of each fiscal year are traditionally low collections on the revenue side while expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. Therefore, reporting a temporary deficit is the norm during the early months of the fiscal year. Our actual results changed from a temporary deficit to a temporary surplus as significant property taxes are collected.

COVID-19 is still a concern, and we will continue to monitor the impact to our financials. YTD Tourism-driven revenues have continued their strength and increased compared to last year. FY22 continues with positive results. We will continue to monitor COVID-19 and its potential effect on our financials.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are flat compared to last fiscal year to date. Individually, the Real Estate Transfer Fee amount of \$4,036,228 is down only (1%) from last YTD while Permit Revenues are 4% higher than last year. Remember Real Estate Transfer Fees were exceptionally strong last year.

	<u>RETf</u>			<u>Permits</u>			<u>Total</u>

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are on a combined basis 34% higher than last fiscal year. We expect some moderation as the year progresses. The local ATAX and Beach Fees are based on accommodations while the HTAX is a function of prepared meals and beverage sales.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in March through June. This year, the County is back on its normal schedule for property tax billing, so General Fund should exceed prior year collections through February because of last year's delay.

The difference in the timing of the property tax billings really shows. Through January, the Town's General Fund revenues and transfers in total \$23,412,614 or 53% of budget, which compares to \$17,305,357 or 40% of budget for last year. This is an increase of \$6,107,257 compared to the prior year. \$4,842,702 of the increase comes from property taxes which is mainly a timing issue compared to last year. Approximately \$254,000 of the increase is due to business license revenue and \$941,000 is due to local accommodations tax. The rest of the variances are made up of some increases and decreases in various revenue and transfer accounts. We expect that some of these increases will level out as the year progresses. However, we will continue to closely monitor the timing, amount, and our projections for revenues. Currently, we continue to be comfortable with our FY 2022 budget projections.

The General Fund expenditures and transfers out-to-date are \$23,041,735 or 52% of budget. From a calendar perspective we are 58% through the year at January 31st. Current fiscal year to date expenditures are \$545,648 or 2% higher than last year. Several detailed explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. All areas are within expectations for this time of year.

The fiscal year-to-date surplus in the General Fund is presented at \$370,879, which is \$5,561,609 better than last year's deficit of (\$5,190,730) primarily because of the change in property tax billing schedule.

Debt Service Fund

Debt service payments are due at various times during the fiscal year. As of the end of January, \$6,925,989 or 36% of the current year's obligations, have come due and been paid. A number of the Town's debt obligations have principal payments planned in the March to June timeframe to correspond to the timing of when the majority of property taxes are collected for the fiscal year.

Capital Projects Fund

Major Capital Projects/Expenditures that have occurred thus far this fiscal year are as follows:

Shelter Cove Pathway & Parking	\$	967,137

	<u>\$ 27,992,052</u>	<u>\$ 21,371,489</u>	<u>\$ 6,620,563</u>	31%	

A - Addressed previously in this cover letter

B - Most of the property tax revenue is received during the December thru February time period.

C - Amount represents fees charged to customers by Palmetto Electric.

D - Effective October 1, 2021, the Town suspended collection of the Road Usage Fee of \$25.00 that was adopted by the Town in 2016.

Stormwater Utility Fund

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close relationship between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's *Comprehensive Annual Financial Report*.

The Stormwater revenue collected by the County is normally remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year to date include \$152,265 for Capital Outlays, \$50,229 for Debt Service, and \$1,008,668 for operations. The current YTD results reflect transfers of \$2,179,417, one of which is a transfer of \$2,089,000 to the CIP to fund the Stormwater capital projects within the regular CIP for greater transparency this year.

Fund Balances

As you will notice on page 6, the year-to-date net change in fund balances is an increase of \$14,655,307 for governmental funds and a decrease of (\$840,475) for the Stormwater Utility Fund. These compare to last year's amounts of (\$7,079,631) for governmental funds and (\$1,884,421) for the Stormwater Fund.

The significant increase in the governmental fund balance compared to last year is the result of the County being back on its normal schedule for property tax billing as discussed above, and a decrease of (\$6,831,496) in Capital Outlays compared to last year.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
