RE: **FY 2022 Financial Statements – Through September 2021 (3rd Period)**

General Overview

The initial months of each fiscal year are traditionally low collections on the revenue side while expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. Therefore, reporting a temporary deficit is the norm during the first quarter which runs from July through September. Our actual results were as expected for this time of year.

COVID-19 is still a concern, and we will continue to monitor the impact to our financials. YTD Real estate-related and Tourism-driven revenues have continued their strength and increased compared to last year. FY22 is starting off with positive results. We will continue to monitor COVID-19 and its potential effect on our financials.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits continue their high levels of activity and are 10% higher than last fiscal year to date. Individually, the Real Estate Transfer Fee amount of \$1,838,046 is up 6% from last YTD while Permit Revenues are 30% higher than last year.

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are on a combined basis 37% higher than last fiscal year. Many returns are quarterly, so there can be a change in the mix of returns from quarterly to monthly – so it will be important to look at a full quarter totals. We expect some moderation as the year progresses. The local ATAX and Beach Fees are based on accommodations while the HTAX is a function of prepared meals and beverage sales.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in March through June.

Through September, the Town's General Fund revenues and transfers in total \$6,356,395 or 14% of budget, which compares to \$5,359,217 or 12% of budget for last year. This is an increase of \$997,178 compared to the prior year. Approximately \$362,000 of the increase is due to business license revenue and \$196,000 is due to local accommodations tax. The rest is made up of some increases and decreases in various revenue and transfer accounts. We expect that some of these increases will level out as the year progresses. However, we will continue to closely monitor the timing, amount, and our projections for revenues. Currently, we continue to be comfortable with our FY 2022 budget projections.

The General Fund expenditures-to-date are \$9,569,059 or 22% of budget. Current fiscal year to date expenditures is \$869,116 or 10% higher than last year. Several detailed explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. All areas are within expectations for this time of year.

The fiscal year-to-date deficit in the General Fund is presented at (\$3,212,664), which is \$128,062 better than last year's deficit of (\$3,340,726).

C - Amount represents fees charged to customers by Palmetto Electric.

D - New source of revenue beginning during FY2017.

Stormwater Utility Fund

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close relationship between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's *Comprehensive Annual Financial Report*.

The Stormwater revenue collected by the County is normally remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year to date include \$50,733 for Capital Outlays, \$50,229 for Debt Service, and \$405,619 for operations. The current YTD results reflect a transfer of \$2,089,000 to the CIP to fund the Stormwater capital projects within the regular CIP for greater transparency this year.

Fund Balances

As you will notice on page 6, the year-to-date net change in fund balances is a seasonal decrease of (\$3,146,650) for governmental funds and a decrease of (\$2,582,231) for the Stormwater Utility Fund. These compare to last year's amounts of (\$6,756,550) for governmental funds and (\$1,103,613) for the Stormwater Fund. These results are expected.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
