

MEMORANDUM

From: John Troyer, Finance Director

RE: **FY 2023 Financial Statements – Through January 2023 (7th Period)**

General Overview

The initial months of each fiscal year are traditionally low collections on the revenue side while expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. Therefore, reporting a temporary deficit is the norm during the early months of the fiscal year. Our General Fund actual results continued to report a temporary deficit; however, this will change to a surplus next month as significant property taxes are expected to be collected in February. Overall, our governmental funds and Stormwater funds are reporting a temporary YTD surplus.

COVID-19 and the economy are still concerns, and we will continue to monitor the impact to our financials. YTD Tourism-driven revenues have increased compared to last year. FY23 starts off with positive results. We will continue to monitor the potential effects on our financials.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are (28%) lower than last fiscal year to date. The actions of the Federal Reserve raising interest rates is already impacting our finances. Individually, the Real Estate Transfer Fee amount of \$2,779,075 is down (31%) from last YTD and Permit Revenues are (17%) lower than last year. Remember Real Estate Transfer Fees and Permit revenues were exceptionally strong in FY2022.

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are slightly up a combined basis 2% higher than last fiscal year. The local ATAX and Beach Fees are based on accommodations while the HTAX is a function of prepared meals and beverage sales.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in March through June. The property and business license tax collections are indicators of the Town's economy and property values.

Through January collections continue as expected. The Town's General Fund revenues and transfers in total \$24,509,950 or 50% of budget, which compares to \$23,412,613 or 53% of budget for last year. This is an increase of \$1,097,337 compared to the prior year. The variances are made up of some increases and decreases and changes in timing of various revenue and transfer accounts. However, we will continue to closely monitor the timing, amount, and our projections for revenues. Currently, we continue to be comfortable with our FY2023 budget projections.

The General Fund expenditures-to-date are \$25,751,389 or 52% of budget, while the fiscal year timing is 58% lapsed. June expenditures are expected to be higher with the annual conversion to full accrual. Current fiscal year to date expenditures are \$2,709,655 or 12% higher than last year. Several detailed explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. All areas are within expectations for this time of year.

The fiscal year-to-date deficit in the General Fund is presented at (\$1,241,439), which is (\$1,612,318) worse than last year's surplus of \$370,879.

The General Fund has had one budget amendment for \$435,123 to provide carryover funds for priorities not expended from last year's budget.

Debt Service Fund

Debt service payments are due at various times during the fiscal year. As of the end of January, \$7,497,753 or 36% of the current year's obligations, have come due and been paid. No new money debt has been issued since 2019. The Town is scheduled to retire \$16,055,000 general government debt and \$1,225,000 Stormwater Utility debt this fiscal year.

Scheduled interest payments are \$3,289,081 general government debt and \$84,817 Stormwater Utility debt. Note the ratio of principal to interest payments are heavily weighted to principal. Also, all of the Town's debt is fixed rate, so as interest rates rise, our payments do not change. Conversely, our investments are much shorter duration so as our investments mature, we are investing at higher rates. This year we have already earned more interest than all last year. We are on track to earn the highest interest earnings in the Town's history.

Capital Projects Fund

The Capital Projects budget for FY23 is \$45,671,933. As of the end of January, expenditures total \$3,008,481 and commitments total an additional \$11,543,806. A summary of the Capital Project Fund amended budget and expenditures, by category, is detailed below:

A - Addressed previously in this cover letter

B - Most of the property tax revenue is received during the December thru February time period. This is a timing difference.

C - Amount represents fees charged to customers by Palmetto Electric.

D - Effective October 1, 2021, the Town suspended collection of the Road Usage Fee of \$25.00 that was adopted by the Town in 2016.

E- A disaster recovery tax of 5.0 mills was implemented in FY2018 and ended in FY2022. Current year collections are from prior year tax billings collected this year. It is a component of property taxes.

F-The Short-term rental fee ordinance went into effect on January 1, 2023. The ordinance applies to privately owned property used as vacation homes and short-term rentals for a rental period of less than 30 days.

Stormwater Utility Fund

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close relationship between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's *Annual Comprehensive Financial Report*.

The Stormwater revenue collected by the County is normally remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year to date include \$312,061 for Capital Outlays, \$42,408 for Debt Service, and \$1,107,783 for operations.

The Stormwater Utility fund has had one budget amendment for \$103,818 to provide carryover funds for priorities not expended from last year's budget.

Fund Balances

As you will notice on page 7, the year-to-date net change in fund balances is a surplus of \$12,425,940 for governmental funds and a surplus of \$1,446,915 for the Stormwater Utility Fund. These compared to last year's amounts of \$14,655,307 for governmental funds and (\$840,475) for the Stormwater Fund. These results are expected and is part of the normal seasonality of our operations. The land purchase approved by Town Council is expected to be paid in February, and will be reflected in the financial statements then.

Other Comments

We have added four schedules (aptly named Schedule 1, Schedule 2, Schedule 3, and Schedule 4). These schedules are additional information in a format similar to how it is presented in the annual report. We hope it is helpful information. These schedules are presented on YTD actual and annual budget, so the variances will reflect accordingly. We plan to include these in our monthly financial statement package. We welcome any comments or questions.

See next page for variance explanations.

Variance Explanations:

CL - Variance addressed in Financial Statement Memorandum.

A - Decrease in Business License revenues due to a timing difference in the distribution of State business license revenues between FY23 and FY22.

B - Increase in State Shared Funds revenue is due to a timing difference in the distribution of revenues between FY2023 and FY2022.

C - The Town continues to optimize its investing with SC's Local Govt Investment Pool (LGIP) Program, and has diversified the investment program to include investing in U.S Treasury Bills and Treasury Notes. As investments mature, the reinvestments are at higher rates than last year.

D - Increase in Public Projects and Facilities personnel costs in FY23 is due to a budgeted increase in staffing to improve and maintain the beaches, parks and landscaping on the Island.

E - Increase in Fire Rescue personnel costs in FY23 is due to a budgeted increase to maintain competitive salaries and benefits with other municipalities in the area and open positions in FY22 related to increased competition for emergency response personnel.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
